

PARKTON IS AGLOW WITH PATRIOTIC FERVOR

Company of Home Guards Organized and the Boys Are Drilling—Easter and Other Services—Baseball—Personal Mention

Correspondence of The Robesonian. Parkton, April 11—Private Carl Johnson, who has enjoyed a ten-day furlough, left yesterday for Goldsboro, the present headquarters of his company.

Perhaps never before in the history of our town was there so much interest manifested as was Saturday night, a mass meeting held in the Perry building by the citizens of our town and surrounding community.

The meeting was called to order by Dr. D. S. Currie, acting chairman, C. D. Williamson secretary. Chairman Currie made a brief and logical talk in regard to the war situation with Germany which is now existing and declaring that as loyal patriotic citizens we should rally to the support of President Wilson and go to the full limit in carrying on the war with Germany.

Speeches were made by other citizens of our town pledging their support to our President. Rev. W. M. Miller, pastor of the Presbyterian church, in his address said that he was now ready to offer his services in defense of his country and we have been advised he has forwarded his application to the navy.

The building Saturday night was taxed to its limit, about one hundred, including the boys, and it was thought best to organize a home guard for the protection of our town and community, with the following officers: D. A. Barlow, former lieutenant of Co. L, Lumber Bridge, captain; P. H. Fisher, 1st Lieut.; I. C. Hall, 2nd Lieut. The meeting was then turned over to Capt. Barlow, who announced that the company would meet Monday night, at which time some drilling would be done; and at the meeting Monday night the crowd was still larger than Saturday night.

The meeting was called to order at 8:30 and the minutes of Saturday night were read, corrected and approved. Capt. Barlow is a man of much military knowledge and experience and when he called for his company to fall in line it was surprising to see the number of anxious men and boys to obey orders. Manual of arms were first gone through, and as the company was eager to learn still more, it was marched down stairs and lined up on Main street. The line-up numbered 45 men and several boys of the boy scout size, who manifest much interest. The captain with his lieutenants, assisted by Sergeant B. A. McDonald of Co. L and Private Johnson, proceeded for a march drill, marching to the tap of a large bass drum for several blocks. Captain Barlow congratulated his young company, stating that he never saw a brand-new company drill so well and learn so readily. The company will meet Saturday night at 8 o'clock for drill and any other business that claims attention. The Parkton band promises to make times lively. The public is invited.

Our town has no Kitchinities or sympathizers, and were we to express ourselves we would say he is dead politically unless he goes to the mourners' bench.

Easter services at the M. E. church Sunday morning were exceedingly fine and much enjoyed by a rather small congregation, as it was held at the Sunday school hour. The recitations by the young folks were unexcelled and the choir was of the very best. Prof. H. W. Doubt, principal of the high school, made a splendid brief address, which was greatly enjoyed.—Rev. W. M. Miller filled his regular appointment at the Presbyterian church to a large congregation.—The Parkton choir promises to sing at Marvin M. E. church over in Cumberland county the fourth Sunday at 3 o'clock p. m.

Mr. and Mrs. A. B. Williamson, Mrs. C. D. Williamson and children and Mrs. Justin McNeill and small daughter, Helen Marie, were Fayetteville shoppers Monday.—Mr. B. A. Hodges of Maxton spent Easter with home folks.

On account of the rainy weather the Fayetteville baseball team did not play our locals as was announced but the game will come off tomorrow (Thursday) at 3 p. m. on our local diamond. Two high school teams that promise a good game.

The many friends of Mrs. J. A. Cashwell will be glad to hear that she is improving.—Miss Mary McIntyre, one of our former teachers, who is now teaching at Dunn, came down and spent Easter with friends in town.

No waste by cows or in handling

Mr. J. L. Acree, Dothan, Ala., says that he would use Buckeye Hulls at the same price as old style hulls because Buckeye Hulls are easier to handle, cleaner, and because cows do not waste them as they do old style hulls. He believes that at least a third of the old style hulls are wasted by the cows and in handling.

when wet, mix so thoroughly and uniformly with the other forage that the cows can't nose them aside. Being sacked, they keep clean in the barn. Being compact, concentrated, solid roughage, it is easy to measure them out accurately and mix them properly with the other feed. And yet with all these advantages, Buckeye Hulls sell for several dollars per ton less than old style hulls.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free
Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to nearest mill.

GADDYSVILLE GRIST

School Finals—A Good Teacher—Sign of Big Apple Crop—Planting Things to Eat—Big Trees—War and the President's Great Address—Airships Reported

Correspondence of The Robesonian. Gaddysville (Fairmont, R. 1), Apr. 9.—Gaddysville gave her finals last Wednesday night before a crowded house. The play was splendid, but would have been better if every actor had known his part more perfectly. V. H. Taylor, Esq., Fairmont's progressive law versifier, was to have made the literary address, but on account of sickness in his family it was impossible for him to be here.

R. E. Miller was the best teacher we ever saw," say the people. He knew how and what to teach. Gaddysville made tremendous strides in prosperity under his administration. He came from his native State to spend a winter in North Carolina. He brought the best credentials with him and established among the Tar Heels a reputation that will never die. He left Lumberton Friday night for his home in Teague, Ky., to spend a few days, thence to Berea, Kentucky's greatest school. Our sincerest wishes goes with him for his greatest success.

Apple trees are very late about blooming this year. Folks tell us that the late bloom is a sign of a big crop.

People are sowing cotton, some are setting out tobacco, planting corn, soy beans and every kind of a thing to eat. Even if Irish potatoes were sky high, more patches were planted than ever. Some hogs, a cow, a few chickens, plenty of garden sassa—and you make take it for granted that farmers are going to eat royally and never perish if they don't get any fish.

Oliver Wendell Holmes in his Autocrat tells of some great trees of enormous size some where over Massachusetts Mondocks. Well, that will not beat Robeson county. Not over a mile from here in a dense jungle of a swamp known as the Big bay stands a poplar tree about 28 feet in circumference 3 feet from the ground. The tree is tall in proportion. Part of it is hollow and the cavers used it for a hiding place in the Civil War days. It is said that six men could easily be accommodated in the hollow. Right near this tree was another not quite as large, but solid as a dollar—but it has gone off on the Beaufort's log cars.

Now it's war, not only abroad but at home. We don't blame the President, neither does anybody that looks at the thing from the right angle. Could we ever submit to the German cruelties and surrender our God given rights of the sea to them? Have they not been pleaded with to stop their atrocities? They didn't do it, and now who blames the U. S. to fight? Now, it's an hour of need with our government. If a conscription law is passed to raise the army, will we have any deserters in our land?

The recent speech of Woodrow Wilson will be recorded in history. Older heads should read and re-read it, the young should study it, and it contains some of the most logical points of reason and shows the constructive thinking power of a great man.

It is reported that an air ship passed here Saturday night about 10 o'clock. Some tell us there were two, but whether it's true or not we do not know.

Starvation Conditions Among German Troops
A dispatch from the 9th from London, announcing that the great spring offensive by the Allies is on, states that on a line 12 miles long the British have driven the enemy back 2 and 3 miles and that many thousands of prisoners have been taken. The dispatch further states that starvation conditions prevail among the fighting forces of the Germans, according to the prisoners, that their physical appearance and condition indicate lack of proper food. The dispatch continues:

"The fact that the German advanced troops have been without adequate food and have complained to their captors indicates to military observers here that conditions are worse in the German army than was supposed."

HAD TROUBLE FOUR OR FIVE YEARS
Many people suffer from bladder trouble when they can be quickly relieved. W. J. Furry, R. F. D. 2, Salem, Mo., writes: "I was bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." Sold everywhere.

YOU'RE BILIOUS! LET "CASCRET'S" LIVE LIVER AND BOWELS

Don't stay headachy, constipated, sick, with breath bad and stomach sour
Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

STATE BOARD OF HEALTH ADVISES JOIN FIRST AID CLASS
Know How to Prevent Accidents as Well as Render Aid

The State Board of Health is advising every body as far as possible to become a member of a First Aid class of the American Red Cross society. Knowledge obtained by this method is not only valuable in case of war, says the board, but is of great benefit in the home, in school or wherever sickness or accidents may happen.

Full information for organizing First Aid classes may be obtained from the First Aid division, American Red Cross Washington, D. C. After a class of not less than 4 nor more than 25 members, the minimum age limit being 16 years, have enrolled, and the consent of a qualified physician in active practice secured for a teacher, the president or secretary of the class should send the name of the physician to the above address for approval, and should give full information regarding the class that is being organized. Then the class roll and a catalogue of supplies, also a circular of information will be sent to the class president or secretary. The class together will bear the expenses which will be \$2.50 for an anatomical chart; \$4.00 for an instruction outfit and 30c each, plus postage, for text books.

A Red Cross First Aid course consists of not less than ten lectures and demonstrations of one and a half hour's duration each. In most places physicians are volunteering their services free as instructors of these classes, also as organizers. The text books are arranged so that one lecture will cover a chapter and there are various editions of text books for various classes of individuals, as Men's, Women's, Miner's, Police and Railroad and Industrial editions.

Mexico and Germany are Communicating by Wireless
Laredo, Tex., Dispatch, April 9.

Communication between Mexico and Germany is being carried on secretly through a wireless plant located in Laredo, which was recently sent to that country from Mexico, according to Americans who have arrived here from Mexico. It is said that the plant was set up and is manned by Germans and that it is of sufficient strength to communicate direct

Pretty Mothers
Experienced mothers say that it is much better for the expectant mother to keep her health and good looks during the period of expectancy than to try to regain them afterwards. Thousands of women say that "MOTHER'S FRIEND" is the greatest aid they know during pregnancy. The muscles expand easier. The breasts are kept in good condition. Used by three generations. Secure a bottle of

MOTHER'S FRIEND
from your druggist to-day. Complete directions are to be had with every bottle. Write for special book giving valuable information about the care of the baby. It is free.

TAKE IT IN TIME

Just as Scores of Lumberton People Have.

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Doan's Kidney Pills are for kidney backache and for other kidney ills. Lumberton citizens endorse them. Joseph Prevatt, retired farmer, 400 Third St., Lumberton, says: "I used to be bothered a great deal by sharp pains through my back and at times I was laid up for several days. Mornings I could hardly get out of bed, my back felt so lame and stiff. Hearing Doan's Kidney Pills highly recommended, I got a box at McMillan's Drug Store. They relieved me from the first. My back became stronger and my kidneys acted regularly. Since then I have always taken Doan's Kidney Pills, whenever I have noticed that my kidneys are not acting just right and a few doses is all I need."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Prevatt had. Foster-Milburn Co., Props., Buffalo, N. Y.

with Berlin. The wireless plants in Mexico, it is asserted, are not strong enough to communicate with Germany, but are sufficient so far as the receipt and delivery of messages to and from Salvador is concerned.

Richard Olney, Secretary of State under Cleveland, and a noted student of international affairs, died at his home near Boston Sunday night. He was 82 years old.

Running safely through the dangers of the German submarine blockade of Great Britain and without sighting a periscope either on the onward or homeward journey, the American mail and passenger liner St. Louis arrived at her home dock at New York Monday. The St. Louis was the first American passenger boat to be armed and travel through the danger zone around the British Isles since Germany's declaration of January 31, and she was well armed for the trip.

SPECIAL NOTICE
Foley Cathartic Tablets thoroughly cleanse the bowels, remove undigested waste matter, sweeten the stomach and tone up the liver. Do not gripe nor nauseate. Stout persons praise Foley Cathartic Tablets for the light, free and comfortable feeling they bring. Will not addict you to the "pill habit". Sold everywhere.

FLY TIME HERE—SWATTING IN ORDER

Cleanline's That Starves Best Preventive For Early Flies

"Not only fly time is here, but the flies themselves," says the State Board of Health, "and unless these first arrivals are met with swatters, traps and other means of extinction, there will be millions to swat next work or in a few more warm days. Now is decidedly the right time to swat flies," says the board, "when they can be counted on the fingers and not when they become countless hordes. Swatters get individual flies, those that come early and stay late, and those that slip in at the screened doors, but swatters are useless where there are no screens and where there are no efforts made to fight flies."

"By far the best means of fighting early flies and preventing them from coming and staying," emphasizes the board, is cleanliness, that absolute cleanliness that is starvation to the fly. What is sometimes passable and harmless in the way of filth and lack of cleanliness in cold weather becomes dangerous and intolerable in hot weather. In other words, filth of any kind is decidedly more filthy and dangerous in summer than in winter. One of the first thoughts of the careful housewife on the first warm day is, what is there about the house that may be food for flies. She knows that whatever becomes a feeding place for flies becomes also a breeding place, and that flies are attracted only where there is something to eat.

"Get your fly swatters and use them now," is the advice of the board. "If you haven't good ones left over from last year, buy new ones now and don't wait till your house

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poisoning are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

is full of flies to be reminded that you haven't any. The next step is to clean up and keep so perfectly clean that when flies come they will either starve or refuse to tarry."

Germans Hope for Peace With Russia
A Copenhagen dispatch of the 9th states that the Germans, particularly the Socialists, are working toward peace with Russia and have not lost hope of success. It is said that the German government has given its support to the endeavors by an assurance that no general offensive on the Russian front will be undertaken for the time being in order not to interfere with attempts at fraternization.

The Boils Of Lazarus

were eased by the dogs who licked the infected places, but they were not cured. Many modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

S. S. S. is the only proper remedy for this breaking out of the skin, because it acts upon the blood, cleansing and revitalizing it, and removing the cause of infection. It should be borne in mind that S. S. S. is purely vegetable, made from native roots, herbs and barks, and that it contains no habit-forming drugs or other injurious ingredients. Obtain a bottle of S. S. S. from your druggist and if you need the advice of a physician, write to the Medical Department, Swift Specific Co., 301 Swift Building, Atlanta, Ga.

Spring Colds Are the Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tone your system up with a regular course of the liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.
