## Don't Say It Can't Be Done

merely because you've never seen it done or don't know how it's done. There is great satisfaction in personally acquired information. It pays to make your own investigation. Sometimes a man is accused of boasting because what is simple to him seems impossible to others. Wise men know that well directed effort can make low price and superior quality inseparable companions. The reason one concern doesn't get all the business is because the wise ones don't all assemble in the same place. Even the man who likes to boast that he paid more than things are worth will find more pleasure in proclaiming that he got the best his money would buy.

have wrapped your toes in bandages to look like bandies, who have used salves that turned your toes raw and sore, and used plasters that would shift, from their place and never "set" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed--just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Lumberton and recommended as the World's best corn remedy by Pope Drug Co., and J. D. McMillan & Son.

## If You Suffer From Catarrh

don't make the fatal mistake of regarding it as a trifling matter. Authorities agree that Catarrh is an infection of the blood. Consequently, sprays, salves and lotions can afford only temporary relief, because they do not reach the source of the disease--the blood. When you depend on these temporary remedies alone your case is likely to grow steadily worse until it becomes chronic and possibly affects the lungs.

But even if the infection does not go this far, the continuous dripping of mucous in the throat, the constant

sputting and hawking and evil odor of the breath will not only cause misery to you, but will make your presence obnoxious to others. S. S. S., which has been the standard blood medicine for fifty years, will relieve your catarrh, because it will purify your blood and relieve it of the accumulated poisons. S. S. S. contains no mineral or habit-forming drugs. S. S. S. is on sale at all druggists and the advice of our medical department is at your disposal, free of charge.
