RUSSIAN SITUATION ACUTE

Reported That Korniloff's March on Petrograd Has Been Checked—Unrest in Moscow—Washington's Hopes Not Raised by Reports

While optimism seems to prevail in the provision government in Russia that a successful issue of the county revolution started by General Korniloff soon will be turned in favor of Premier Kerensky, the situation still remains most acute. All the dispatches from Petrograd at present are emanating from the provisional government or supporters of Kerensky.

Reports from Petrograd are to the effect that Korniloff's march on Petrograd has been checked, and that even his retreat has been cut off by forces faithful to the provisional government; also that there have been further defections from the ranks of Korniloff, and that a great majority of the commanders at the front are still adhering to the government. A statement issued by the vice premier said the country, undoubtedly was with Kerensky, "who is defending the revolution against General Korniloff, the defender of the reactionaries."

Meanwhile the spirit of unrest seems to have invaded Moscow, where martial law has been declared and government forces are maintaining order.

One of the bright spots in the situation is the offer of the central committee of the constitutional democratic party to aid in the reconstituting of the cabinet so as to avoid civil war.

Last Saturday General Korniloff, commander of the Russian armies, sent Deputy Lvoff to Premier Kerensky with the demand that all power be surrendered into Korniloff's hands. He said that the demand did not emanate from Korniloff only but was supported by a "group of political workers," meaning an organization of Duma members, Moscow industrial interests and other conservatives which had played the role of opposition at the national conference at Moscow. Kerensky replied that the provisional government would not consent to such demands and would take every possible step to crush Korniloff's criminal conspiracy. A Washington dispatch states that reports reaching there yesterday indicating that Premier Kerensky's provisional government was gaining strength in its struggle to prevent Gen. Korniloff from seizing the government failed to raise the hopes of Russia's friends to any great extent.

Mr. A. W. McLean Returns From Meeting of Bar Association

Mr. A. W. McLean returned home Monday from Saratoga Springs, N. Y., where he attended a meeting of the American Bar association. The meeting was one of much importance and grew into a great patriotic gathering. The association pledged its support to the government during the war. Mr. McLean says he heard many notable addresses during the meeting. He heard Senator Elihu Root of New York, special ambassador to Russia, who recently returned from that country, and many other men of note from Canada and various parts of the United States. He also heard Del Val, the Frenchman who defended Edith Cavell, the English nurse who was accused and shot as a spy by the Germans. He told of conditions in Belgium, having recently returned from that country. He also heard an Italian general who took part in the battle of the Marne, and who recently reached this country.

Senate Committee Approves War Credits Bill Passed by House

Washington Dispatch, Sept. 12.

Unanimous approval of the huge war credits bill passed last week by the House was voted today by the Senate finance committee after it had added several minor amendments. Tomorrow the measure will be presented to the Senate to lie over under the rules until Friday. It is expected to pass by Saturday. Issuance of \$7,538,945,460 worth of convertible 4 per cent bonds, subject to income taxes and excess of war profits taxes, and of \$2,000,000,000 each of certificates of indebtedness and war savings certificates are authorized by the bill. Of the bonds authorized, \$4,000,000,000 are for further loans to the Allies, \$3,000,000,000 to supplant the 3 1/2 per cent Liberty bonds recently authorized for such loans and the remaining \$538,945,460 for conversion of miscellaneous outstanding bonds, including Danish West Indies, Alaskan Railroad, Panama Canal and naval construction bases.

Mill Pond Fishing

Many Lumberton people went to the Edmund mill pond, near Mt. Eliam, yesterday on account of the fishing at the pond. The water was drawn off and tickets were sold for fishing. It is said that around 2,000 people were at the pond and more than 400 went into the pond fishing, paying \$1.50 each to go in. While a number of fish was caught there were so many people there that it was not an easy matter to get a "mess", even if you had plenty of money along.

NEW TOWN HALL DISCUSSED

Committee Will Report on Matter of Erecting New Town Hall at Elm and Second—Last Warning About Putting in Water Connections—Other Matters Before Town Board at Called Meeting

At a called meeting of the board of town commissioners Monday night the matter of erecting a new town hall on the old cemetery lot, Elm and Second streets, was discussed and Messrs. W. P. McAllister and A. S. King, members of the board, and Ira B. Townsend, town clerk and treasurer, were appointed a committee to investigate cost, and advisability of erecting same.

Mr. C. V. Brown, a member of the board of graded school trustees, appeared before the board and asked the financial aid of the board in adding a sight singing and drawing department to the graded school. No action was taken by the board and the matter was tabled.

Supt. R. E. Sentelle of the graded and high school was present and asked that some member of the board attend the opening of the school.

Dr. W. O. Edmund made a complaint to the board about vehicles being parked in front of his residence on East Fourth street. Dr. Edmund's idea was that the cause of people parking vehicles there was the fact that grass has been planted by Dr. N. A. Thompson and is growing on the side of the street opposite his residence. The matter was referred to the street committee.

The town clerk and treasurer was instructed to give the last warning to people where the new water extension has recently been put in to make connection with same.

SUMMARY OF THE WAR NEWS

Amazed at Charges Against Swedish Government—Anti-German Mobs in Buenos Aires—Military Activity Below That of Past Week—Small Number of Vessels Sunk

Of great interest on the political side of the war aside from Russia is the action of the Argentine government in sending passports to the German minister for his connection through the Swedish legation. Argentina has requested a disavowal by Germany of the minister's action, and it is said, will withdraw her minister from Berlin if acquiescence is not forthcoming.

Meanwhile the British minister at Stockholm has visited the Swedish foreign office and expressed amazement over the American State Department's charges against the Swedish government and the fact that Sweden has not given Great Britain any explanation of why coded German messages were permitted to pass through the legation at Buenos Aires.

Late reports from Buenos Aires say that the German legation and German newspaper buildings have been attacked by mobs carrying out an anti-German demonstration.

On the battle front the military activity generally is far below that of past weeks. On the line of France and Belgium only artillery duels and comparatively small operations by the infantry are being carried out. Some further advances have been made by the French in Champagne near St. Souplet, where General Petain won three lines of trenches.

Monte San Gabriele, in the Austro-Italian theatre, has been the scene of another vicious attack by the Austrians in an endeavor to dislodge the Italians from recently captured positions. Their efforts met with no success.

In the battle of Riga, according to the German war office, 8,900 Russians were made prisoner and 325 guns and large quantities of war stores were captured. The fighting on this front has now dwindled to skirmishes between reconnoitering detachments.

Great Britain's losses in large merchant vessels sunk by mines or submarines last week were the smallest since Germany began her intensive submarine campaign. Only twelve large vessels were destroyed.

Argentina Has Handed Passports to Luxemburg

Beunos Aires Dispatch, Sept. 12.

The Argentine government at noon today sent to the German legation passports to be delivered to Count Luxemburg, the German minister in Buenos Aires. The whereabouts of Count Luxemburg still is unknown to the Argentine government.

The foreign office today sent a communication to the German foreign ministry demanding an explanation of Count Luxemburg's action in sending the secret code messages to Berlin through the Swedish legation.

BARNES-NORRIS

Miss Myrtle Norris Becomes Bride of Mr. Edward Barnes

Reported for The Robesonian.

Miss Myrtle Norris of Chadbourn and Mr. Edward Barnes of East Lumberton were quietly married last evening at 7:30 at the home of Mr. Barnes' sister and brother-in-law, Mr. and Mrs. G. W. CALDWELL COTTON WEIGHER-GRADER

A. P. Caldwell Appointed for Lumberton Market—10 Cents a Bale—Plan Seems to Give Satisfaction

At a called meeting of the board of county commissioners held at the court house Thursday afternoon Mr. A. P. Caldwell of Lumberton was appointed cotton weigher-grader for Lumberton. Mr. Caldwell succeeds Mr. John Smith, who had held this position since the law was passed by the Legislature in 1914 giving any market in Robeson where the people asked for it a public bonded weigher-grader. Mr. Smith's services gave entire satisfaction so far as the Robesonian has learned, but he had to give up the work on account of failing health.

A public weigher-grader is required to give bond in the sum of \$500 and Mr. Caldwell has already made bond, which was accepted, and is ready to enter upon his duties. For this service the weigher-grader receives 10 cents the bale—5 cents of which is paid by the buyer and 5 cents by the seller. Several other cotton markets in the county have the public weigher-grader and the plan seems to be giving satisfaction to both cotton growers and cotton buyers.

Mr. Jno. B. Smith, former weigher-grader, is buying for the Lumberton cotton market. Other buyers on the local market are: K. M. Biggs for W. B. Cooper of Wilmington; Mr. Jno. T. Biggs for Alexander Sprunt of Wilmington; Mr. A. P. McAllister for the National cotton mills; of which he is secretary-treasurer; Mr. Geo. L. Thompson for J. L. Latham & Co. of Greensboro.

HOPEWELL HAPPENINGS

Picking Cotton—Lively Time at Hopewell Sunday—Personal Mention

Correspondence of The Robesonian.

Hopewell (Raynham, R. 1), Sept. 11.—Farmers of this community are through pulling fodder after two or three weeks' steady pulling. Of course the changeable weather we have had has delayed them some. Picking cotton is the order of the "children" of this community these days, and they seem to be gathering it from the patches fast, for some have already picked out one or two bales.

We do hope that the price of cotton will keep advancing so the farmers of this community won't have to hold their cotton during the winter, for the farmers would like to get rid of their cotton as soon as possible, so as to begin to look around for preparation for their next crop.

We had a lively time at Hopewell last Sunday. We had two sermons delivered to us. Our first one was at 11 by our pastor, Rev. P. M. Lockey. A very large crowd was present to hear him. Our second one was at 4 p. m. by Rev. James Maynor of Clio, S. C., who preached a very notable sermon. A large crowd attended. After he got through preaching the Hopewell choir arranged and sang several beautiful pieces in honor of him and some more friends, which will be mentioned later. We hope to have Rev. Mr. Maynor with us again soon.

Many of this community attended the ministers' meeting at White Hill last Saturday.

We were glad to have Mr. and Mrs. H. Jones, Mr. and Mrs. Gus Revels and Mr. Billie and sister Miss Cammie Lockley, of Saddletree, with us at Hopewell last Sunday. They all made the trip on Mr. H. Jones' Studebaker. Mr. and Mrs. H. Jones and Mr. Billie and sister, Miss Cammie, were guests at Mr. A. B. Lowry's home last Sunday p. m.; Mr. and Mrs. Gus Revels were guests at Rev. C. S. Lowry's home. We all were glad to have them in our community.

Mr. A. B. Lowry bought last week a 7-passenger Overland auto, which is very appropriate for his family. Rev. D. F. Lowry bought several weeks ago, a 5-passenger Maxwell car.

From the feeling of the weather today, winter is getting close by, for it was almost cold enough to frost last night.

Because their demand for increase in wages of 6 1/2 cents an hour was not granted, 300 to 500 negro helpers of the Atlantic Coast Line railroad at South Rocky Mount walked out Monday. It is said their organization is the "Federation of Labor," believed to be a new one.
