UNION REVIVAL AT FAIRMONT

Evangelist Luther Bridgers is Preaching Powerful Sermons and Services Are Well Attended. Special to The Robesonian.

Fairmont, June 7.—The union revival which was to have begun at Fairmont May 26th, began June 2nd. The delay of one week was due to the fact that the evangelist, Rev. Luther B. Bridgers, was engaged in assisting with the Red Cross drive just preceding the time for our meeting to begin.

The preaching is truly great, and its power is already being felt. The evangelist says that others may preach what they may, but that he has never yet grown tired of the old story of Jesus and His love.

Bro. Bridgers is a living witness to the sufficiency of God's grace to keep a man in the sorest trials. To him came the misfortune of his wife and three little boys being burned to death at the home of her father a few years ago, when he was far away from them, engaged in the service of his master; and yet he says that while at times it seems hard for his wisdom to understand why God in His love saw fit to thus allow his wife and little boys to be taken from him without even the privilege of being present to fight for them, he does not question His right, or even His love for him in doing so.

We wish through The Robesonian to invite the people of Lumberton and of our whole surrounding community and county to come and enjoy this meeting with us. Services are held twice daily, 10 a. m. and 9 p. m.

Mr. D. W. McNeill's Annual Fish Fry.

Red Springs, June 10.—On Friday evening Mr. D. W. McNeill, that prince of clever Scotchmen, gave his annual fish fry to the members of the brotherhood class of the Presbyterian church and their families and invited guests, which included the various pastors and officers of the other churches of the town, with their families, Dr. Bridgman of Flora Macdonald college, Rev. J. W. Goodman and family of Antioch. The fish fry was given at Lakewood park (Johnson's pond) one mile from town. The fish had been caught in advance and Mr. McNeill had secured the services of hotel Red Springs' chief cook in their preparation. The guests, numbering more than sixty, were unequal to the occasion. After all had eaten to their entire satisfaction there were more than the proverbial five baskets full gathered up. Before bidding their host adieu the guests tendered to him a unanimous vote of thanks, the ladies exercising fully their right of suffrage.

Army Deserter Arrested. Ducky Hunt, Indian, was arrested Thursday night by Sheriff R. E. Lewis on the charge of deserting the U. S. army. He is in jail and will be sent back to Camp Jackson at an early date. Hunt left Camp Jackson several weeks ago and has been working on a farm belonging to the C. I. Joyner Co., on the Big Swamp, for some time. He had his uniform in his trunk. Hunt says he left the camp with three other Indians, a of whom left without leave. Two other Indians who left with Hunt have been arrested, leaving only one at large.

A RED CROSS NURSE'S APPEAL TO NURSES

Volunteers Needed for Service in Army Hospital.

The following letter containing a nurse's appeal to other nurses to volunteer for service in the army hospitals was written to the American Red Cross by a Red Cross nurse whose record shows that she has been assigned to the army nurse corps. The name of the camp and the number and name of the nurse are omitted for military reasons.

"U. S. Army Base Hospital, Camp—, May 25, 1918

"And so the summons came, and I have answered. I am said to be one of the 148 nurses at Camp— an atom. For as I write, there is pictured before my sixty thousand crusaders, sixty thousand fighting men, unreasoning, undaunted, ready and supreme.

"They have gathered, silently and grimly. They do not hesitate and they do not complain. And here we stand, 148 nurses, and sixty thousand of the youth of America, between the dark and the dawn, facing the supreme sacrifice, and ready to give.

"The number on my Red Cross pin is—, that is all. In October, 1916, in the midst of playtime, happy in safe ambitions, and singing along life's pathway, I enrolled in the American Red Cross. Truly it was a gay loyalty to an idea which sprouts in cadets' training.

"I still have a circular letter, dated March 18, 1918. It is an appeal, almost a prayer, to 65,000 registered nurses of our Nation. It asks for volunteers; and why are there so few? A total of 30,000 ready for active service, are asked to volunteer by January 1st, 1919.

"It seems to me that the great military struggle has become a test for our profession; a test of its faith in sacrifice, a test of woman's right

Marines Beat Huns in Every Kind Of Fighting. (From Associated Press Summary June 8.)

The marines everywhere have declined to take a backward step, going forward against the enemy even when he had superiority in numbers. Close pressed, the marines have given the Germans a taste of cold steel even in the face of machine gun fire; surrounded, they have fought their way through the gray-coated lines with their bayonets. From all accounts there has been no part of the game of modern warfare in which the men from overseas have not excelled the enemy.

Its worth a special visit to our store tomorrow to get one of these new

Wirthmor \$1.00 Waists

If you were to come here tomorrow to buy nothing more than one of these Wirthmor dollar Waists the trip would be well worth while.

As with all Wirthmor Waists they are most unusual in value, and they are the same genteel pretty Styles that will also go on sale tomorrow in all the larger cities throughout the Country.

Although the cost of everything that goes into their making has advanced radically, there's been no advance in the price of these far-famed dollar Waists.

It's only because of the many large economies of the Wirthmor Plan, under which these Waists are made and sold that such splendid values are possible.

Wirthmor Waists can be sold in just one good store in every city, and they are sold here only.

GIVE YOUR MOTOR THE HY-SIGN. THEN WATCH IT PICK UP AND HUSTLE. SURE DEATH TO CARBON!

Friend Autolite: We don't have to tell you anything about carbon, the great standard motor curse which you "cuss out," but seldom entirely cut out of your motor. At that carbon is great stuff—in its place. Thus it may be life to the electric light—while it is death to gasoline motor efficiency.
