Bargain Sale

White & Gough, Inc.

Original and Greatest Bargain Givers.
(THE HOUSE THAT GIVES YOU SERVICE)

We advise every one who can do so, to take advantage of this our greatest Sale of the year, commencing FRIDAY, JULY THE 5TH. Every article of seasonable goods will be placed at your disposal at prices which will be a great saving to the lovers of economy. These are times when merchants with large stocks need not make unusual price inducements in order to sell their goods, wholesalers and Jobbers will gladly take the merchandise off our hands, and in many instances pay more than we ask our retail trade. We, however, are not unmindful of the existing conditions and prefer giving our Bargains to those who have helped make our business the pride of all lovers of real bargains. Scarcity of merchandise is now the great consideration. hard to get deliveries, hard to get shipments, slow transportation, etc. We are daily advised of the closing out of some important line, the Government taking over this and that factory. To illustrate, during the last few days we are advised by three large Overall factories to send no more orders, the Government having taken charge of the factories, now making suits for our boys in France. Luckily we had about fifteen hundred pairs on hand. We are going to make July like December when it comes to business this year, the unapproachable values will be snapped up, it will pay you to buy almost any article, as you will find it cheaper now than you will be able to get it after this sale. We try and give no misleading advice, those who put off will realize the truthfulness of this ad. when they go to buy later. Only a meagre idea of our wonderful offerings can be given here. COME AND SEE.

OAK GROVE LEAFLETS.

Corn and Cotton Crop Fine—Social And Personal.

Correspondence of The Robesonian.

Buie, R. 1, June 29.—Most all the farmers around here are laying by their corn. The corn and cotton crop is fine.

We are about to get general green under control at last. Some of the farmers are curing tobacco this week. The tobacco crop looks fine also.

Glad to report Miss Etta Tyner, who has been on the sick list for some time, is somewhat improved. Glad to say that Mrs. Lacy Tyner, who has been a little sick, is now able to be at her daily work again.

Miss Lillian Pridgeon entertained quite a number of friends at her home Friday evening 8:30 to 12. All enjoyed the hours fine. Messrs. J. M. Tyner, Ernest and Willie Prevatt furnished music for the occasion and also the victrola. Some fine delightful games were played, after which the guests were ushered to the dining hall by Mrs. M. T. Tyner where ice cream and cake were served. We were entertained only as Miss Pridgeon can entertain by her charming conversation.

Glad to say that I received a letter from my cousin Pvt. Ellis Tyner, who is serving with the expeditionary forces somewhere in France. He says he is well and getting along fine. Has been to the front his fifth time and came out all right. We do truly hope that he be the Lord's will that he may live through all the battles of life and return again to his many friends who are so patiently waiting.

Harken to the piteous cry

To Amerca far away,
Help, oh help us ere we die,
Give our children bread today.

In the tiny outstretched hands,
Mothers, they appeal to you,
Little ones in foreign lands
Plead for life—what will you do?

As you fold with arms of love,
Your sweet darling to your heart,
Lift your eyes to God above,
Promise Him to do your part.

Our flag, the flag of liberty,
The flag that flies for you and me,
Upheld by rights from day to day,
The Stars and Stripes are here to stay.

OLIVER TYNER.

Dr. Hellier Will Engage in Y. M. C. A. Work Overseas.

Dr. F. O. Hellier, the able pastor of the Laurel Hill and Smyrna Presbyterian churches, who has served these congregations most faithfully for several months, has been inducted into the overseas work of the Y. M. C. A. and has been called to report in the city of New York on July 9, from which point he will sail for France. Dr. Hellier, so far as known, is the second man from Scotland county to enter the Y. M. C. A. work. Mr. Geo. T. Goodwyn having left last week for New York to sail for France in this service. As pastor of the Laurel Hill and Smyrna churches Dr. Hellier has come to a high place in the regard and affections of the good people of this county and it is with sincere regret that they learn of his decision to go away. However, the call of the Y. M. C. A. war enterprises is a high one and good men are badly needed there. The prayers and benedictions of the folk back at home will follow Dr. Hellier across the seas.—Laurinburg Exchange.

Under the provision of this new classification, students at the university taking the full military course will be eligible to appointment as commissioned officers in the army. Students taking the full course will receive compensation during their senior year.

CAN WE WHIP GERMANY?

(Continued from page 2)

had received from a lieutenant in France in which he likened the war to a football team and how the lieutenant expressed his delight at how the home folks were cheering the home team by purchasing Liberty bonds, War Savings and Thrift stamps. Some cannot go, but these can cheer the home team. War Savings and Thrift stamps are worth more than land. They are safe, for them you get a fair rate of interest and can liquidate them. In closing his address Dr. McDaniel quoted the following, which he had said to several thousand soldiers just before they sailed for France:

Here's to the sons of the sun-kissed South,
When they meet on the fields of France.
May the spirit of Lee be with you all
As the men of the South advance.

Here's to the sons of the wind-swept North,
When they meet on the fields of France.
May the spirit of Grant be with you all
As our men of the North advance.

Here's to the blue and the grey, as one,
When we meet on the fields of France.
May the spirit of God be with us all
As our men of the flag advance.
