FIRE BELL WILL CALL TO PRAYER

Town Fathers Order That Fire Bell Be Tapped 5 Times Each Evening At 7—Town Commons From Linkhaw Park to Iron Bridge to Be Beautified.

At a special meeting of the mayor and board of town commissioners Friday evening it was ordered that the fire bell be tapped five times each evening at 7 o'clock instead of ringing all the church bells in town as requested by Gov. Bickett calling the people to prayer for a moment. The Governor asked that the bells be rung each evening at 7 o'clock for the duration of the war, reminding the people generally to offer a word of prayer for success of the American and Allied armies.

Mr. Hubert Rogers was elected assistant chief of the fire department. At the request of a number of ladies on the board ordered that the "town commons" be beautified from the north end of the Linkhaw park to the iron bridge at the foot of Fifth street.

BOOSTER TRIP

Large Territory of County Covered Thursday by Party of Business Men Boosting Lumberton Tobacco Market—Dry Weather Is Injuring Some Crops.

To boost Lumberton and the Lumberton tobacco market was the mission upon which a number of Lumberton business men went out Thursday. The booster party traveled in automobiles upon which booster streamers were displayed. Eight automobiles loads went on the trip.

The party went over the Creek road from Lumberton to Orrum, from Orrum to Proctorville, thence to Barnesville, from there to Marietta, from Marietta to Fairmont, thence to Rowland, from Rowland to McDonalds and back to Lumberton. The entire route covered more than 100 miles and much of the tobacco-growing territory in Robeson was taken in by the boosters. Short stops were made at all the above-named Robeson county towns and the party received a hearty welcome at each point.

Thousands of circulars advertising the Lumberton tobacco market were distributed to farmers along the route and no doubt much good will come to Lumberton and the Lumberton tobacco market as a result of the trip. The party would stop occasionally to talk with a farmer and the boosters attracted no little attention. At one point a little girl came out and asked this reporter "if this is not a big day." She was advised that it was—it was the Fourth of July.

This is the second year that Lumberton business men have gone out on a booster trip just before the opening of the tobacco selling season. The trip was planned at a well-attended meeting of Lumberton business men Monday evening of last week. The managers of the Lumberton tobacco sales warehouses declared that they were much pleased to note that the business men of the town were enough interested in the home market to make such a move.

Crops along the route traveled by the booster party were looking well. The continued dry weather is injuring the crops, especially the corn crop, which does not look so promising. Cotton is looking well and the tobacco crop has improved considerably during the last month. The section about Rowland was visited by a good rain Sunday, June 30, and crops thereabouts were looking better than in the sections where no rain has fallen in several weeks.

It would be hard to determine just what the booster trip will be worth to Lumberton and it should be made an annual affair.

It was planned to visit other sections of the county Friday but the trip had to be abandoned on account of business engagements that made it impossible for many to go. Labor shortage is affecting business men in town as well as farmers, and many who could get away ordinarily found it impossible to leave.

Finland Expected to Declare War On Entente.

Stockholm reports that Finland is expected to declare war on the Entente Allies. This is said to be probably the result of German pressure incident to the landing of Allied forces at Kola, on the Murman coast. It has been reported that German and Finnish troops are pushing northward toward the port of Kola to seize vast stores, transported before Russia's collapse as a factor in the war.

Five German Submarines Destroyed.

Destruction in European waters of five German submarines by British transports and by British and American destroyers conveying them was described by passengers who arrived at an Atlantic port Thursday on an English liner. The transports, one of which was carrying 7,000 American soldiers to Europe, accounted for three of the U-boats and the destroyers sank the other two, according to voyagers. Officers of the liner confirmed their stories.

Plead Guilty of Retailing.

Prayer for judgment was continued upon payment of the cost, the defendant to appear before the recorder once each month for a year and show that he has not dealt in spirituous liquors.

CHIEF McLEOD RESIGNS.

Did Not Want Job at Salary of \$100—Has Made an Efficient Officer—Mr. D. P. Walters Appointed Temporarily.

Chief of Police Alf H. McLeod resigned Saturday and Mayor James D. Proctor appointed Mr. D. P. Walters to serve until the next meeting of the town commissioners, when a chief will be elected.

Chief McLeod resigned because he did not want the job at the salary the board agreed to pay—\$100 the month. Mr. McLeod has been serving as chief for more than two years, having defeated former Chief of Police H. H. Redfern for re-election in the town primary two years ago last May. After serving one year he was re-elected by the board of commissioners and was re-elected at a meeting of the board Tuesday of last week. He has made an efficient officer, always on the job, and the public generally will regret his decision to give it up.

As an appreciation of the faithful work of the convicts who built the road Gov. Bickett reduced the sentence of each 60 days.

Great Fourth of July Splash of American Ships.

The great Fourth of July splash of American ships which Charles M. Schwab, director general of the emergency fleet corporation said would echo in the ears of the German emperor, took place as planned by the shipbuilders of the United States. From one minute after 12 o'clock on the night of July 3, when the first ship was launched at Superior, Wis., until late on the 4th, cargo carriers and other types of vessels were sent overboard in every part of the country to help build the ocean bridge for the allied fighting forces in Europe.

The actual number of ships launched was 82. The launching of 11 others was held up by a freshet in the Columbia river while two others stub on the ways.

CALL ON SATURDAY.

To the Editor of The Robesonian: I am anxious to be of as much service to the people as possible in connection with my duties as chairman of Local Board No. 1, and I have never yet denied any man a hearing on a matter connected with the war. But the increasing crowds that call daily to see me make it necessary that I fix some day each week to hear them. I am, and have been for a long time, serving without one cent of compensation, and I must, therefore, give some attention to my law practice. I must ask those who want to see me about war matters to call only on Saturday, unless it is very important.

Very truly yours,
T. L. JOHNSON,
Chairman Local Board No. 1.

BROAD RIDGE BREEZES.

Mt. Elim Quarterly—Patriotic Speech By Mr. W. Lennon.

Correspondence of The Robesonian.

Broad Ridge (Lumberton, R. 4), July 4.—Oh! That we today had the patriotic spirit stirring in our hearts that our forefathers had 142 years ago! Oh, that we could be as brave and true and have the energy in us to make the world free and independent as our forefathers did this grand land of ours!

The Mount Elim quarterly meeting was held with Broad Ridge Sunday school Sunday, June 30th, and we hope every one from any of the Sunday schools of this institute enjoyed themselves and I know we all enjoyed Mr. W. Lennon of Lumberton being with us and heard his excellent speech, which filled every true American's heart present with a heroic spirit. Mr. Lennon's subject seemed to be taken from the way German children were reared up to use arms and not Bibles. Rev. Alford Stephens of Boardman section opened the meeting with Scripture reading and prayer and also made an excellent speech on Christian education. All of the different Sunday schools present made an address of welcome. Mr. V. H. Britt, for Broad Ridge, Mr. Bright Stone, for Mount Elim, Mr. J. H. Ambros for Long Branch. Those who were not represented at our meeting were Hog Swamp and Centerville. Every Sunday school present had a children's choir. Every child from every school did their part well. Our pastor, Rev. W. A. Coleman, was there and he also made some very excellent remarks. The next meeting will be at Smyrna.

Savory to report Mr. D. F. Watts still on the sick list. Mr. Watts is the only man in our section who experienced a part of the civil war in which he fought to help make a free and independent land for us to live in.

ROZIER NEWS ITEMS.

Celebrated the Fourth by Patriotic Work—Date of Protracted Meeting Changed—Personal and Other Items.

Correspondence of The Robesonian.

Rozier (Lumberton R. 2), July 4.—The Fourth seems to be passing off very quietly in this section and most everybody is at work, for they seem to think that the work is more important than pleasure since our nation is in such a struggle with war. And we are glad to see our people so patriotic and willing to sacrifice the pleasure that they are used to having in order to make our nation and the world safe for democracy. But the pleasure that we are sacrificing is nothing compared with what our brave soldiers are sacrificing in going to the front and fighting battles so that we may have peace, for some of our brave soldiers have already sacrificed their lives and more of our soldiers are going to sacrifice their lives before this great conflict ends.

Some War Savings committee, we have not learned who, appointed a day last week to come out to Rozier and sell War Savings stamps. But alas, he or they did not come, and several of our good soldiers and men went out there in order to buy some stamps and waited nearly all the afternoon for the man or man to come. But he or they failed to show up.

Several of this section attended the union meeting at Bennett Friday and Saturday of last week and reported an extra good time. And then on last Sunday several of our people attended the quarterly meeting which was held at Bethany and Ten Mile and reported a good time at both places.

The date for the beginning of our protracted meeting has been changed from the second to the third Sunday in August as the preacher that is going to help our pastor cannot be here until the third Sunday so our pastor informs us.

Mr. and Mrs. Dan Lowe and family spent the week-end with Mrs. Lowe's parents, Mr. and Mrs. Warren Prevatt, of the Back Swamp section.
