

HOW BEST TO SAVE?

The question of the day is not whether or not to save, but HOW BEST TO SAVE. The best way to make the start is to open a Savings Account. The proper time to begin is right now when work is plentiful and wages high. The sure method to make progress is through systematic, regular deposits. The right place is in this Institution where new accounts are welcome and depositors are given every possible banking assistance.

JEWISH RELIEF DAY

August 19 Named by Governor as Day for Contributions to Relief of Jewish War Sufferers in Various Parts of the World.

The proclamation requested of the Governor by the recent meeting of North Carolina Jews in Raleigh, who asked that a day be set aside in North Carolina as Jewish Relief day, when contributions would be given to mitigate to some extent the horrors of war now being suffered by Jews in various parts of the world, has been issued by Governor Bickett and is characteristically eloquent and impressive, as follows:

"Last year the whole world was thrilled when the news flashed over the wires that Jerusalem had been delivered from the hands of the Turk. The feeling was universal that the Holy City should be restored to the people who had built it and with whose history it is forever associated. This is a fine sentiment, but finer and vastly more important than the restoration of the Holy City is the salvation of millions of Jews from hunger and disease and death. In Turkey, in Palestine, in Lithuania, in Russia, in Poland, and in Galicia starvation stares the children of Abraham in the face. Daily Jewish husbands see their wives grow thin and pale and fade away into the Great Silence. Daily Jewish babies tug frantically at breasts that are withered and dry, and above the din of battles is heard once more the voice of Rachel weeping for her children and refusing to be comforted because they are not.

"I call upon the good people of North Carolina to hearken to this cry, to rally to the help of the helpless and once again to show themselves worthy of the high service they are privileged to render. The hounded, hungering Jew can well afford to die. We cannot afford, by indifference and inaction, to have his blood on our hands.

"Therefore, I, Thomas Walter Bickett, Governor of North Carolina, do hereby set apart, Monday, the 19th day of August, 1918, as Jewish Relief day. I ask all newspapers to give wide publicity to this day, and especially ask that on Sunday, the 18th day of August, notice be given in all the churches in the State that the following Monday will be observed as Jewish Relief day, and the people will be given an opportunity to help this stricken race.

"On Monday, the 19th day of August, I beg all our people to give to this most worthy cause generously and gladly. Let Jew and Gentile touch elbows, and work together for the relief of these millions in distress, and may He, who made and loves us all, bestow upon every giver and every gift His heavenly benediction.

"Done at our city of Raleigh, this 3rd day of August, in the year of our Lord one thousand nine hundred

and eighteen, and in the one hundred and forty-third year of our American Independence.

"T. W. BICKETT, Governor.
"SANTFORD MARTIN, Private Secretary."

As has been stated in The Robesonian, representative Jewish citizens of the State met in Raleigh Wednesday of last week and organized for the purpose of raising \$100,000 to alleviate the sufferings of their coreligionists in the war-stricken countries. Mr. A. Weinstein of Lumberton was among the prominent Jews from various sections of the State who attended that meeting. In a news item in regard to the meeting the Raleigh News and Observer gives the following:

"Before calling upon the Governor in a body the Jewish citizens perfected their State organization, which will be known as the North Carolina Jewish Aid Society, by electing Lionel Weil, of Goldsboro, president; E. Sternberger, of Greensboro, vice-president; A. A. Joseph, of Goldsboro, secretary-treasurer, and Bernard Cone, of Greensboro; Dr. S. Mendlesohn, Wilmington; Dr. N. Rosenstein, Durham; William Perlstein, Raleigh; Ellis Goldstein, Dunn; Sig Wallace, Statesville, members of the executive committee. The meeting was held in the Yarrowborough hotel in the morning and organization completed after the purposes of the gathering were explained by Mr. Weil. Much of the time was consumed in discussing the plans and scope of the work to be undertaken in raising the \$100,000 in this State.

"The visit to Governor Bickett was made at 3:30 in the afternoon. The representatives laid their plans before the Governor who in turn spoke words of encouragement and expressed a desire to aid the suffering Jews in the war-stricken countries. He assured his visitors that their plans were deserving of the support and co-operation of the people of North Carolina who, he said, had always in the past responded nobly to appeals for war funds.

"The meeting was attended by about 50 Jewish citizens representing practically every section of the State."

RED CROSS TOBACCO SALES.

A Total of \$639.81 Realized From This Source Up to First of This Week—Farmers Generously Respond and Buyers Bid Liberally.

Reported for The Robesonian.

The Red Cross tobacco sales for the past week amounted to \$409.94, making a total of \$639.81 turned into the treasury of the Lumberton Red Cross chapter in the last two weeks by the committee in charge of this work.

The young ladies are very enthusiastic. Each morning several of them are on hand at the different warehouses to solicit a handful of tobacco from each farmer. The tobacco is kept and sold only on Tuesdays and Thursdays. The buyers bid generously on the piles marked with the Red Cross.

On last Thursday one young lady met with an unusually hearty response from a farmer who gave her from his small buggy load ten pounds of splendid tobacco, which brought 54 cents a pound. It is to be regretted that we are unable to give the name of this gentleman.

The farmer show keen interest in the work, some of them often remaining until the sales are over to hear the results.

Marshville Firm Blacklisted.

For violating food regulations the United Cash Store, of Marshville, will not be permitted to purchase from licensed dealers any licensed food commodity for the next six months, by order of the food administration. The order became effective August 5th.

According to the announcement of the food administration, the store violated the administration's sugar conservation regulations at a bargain sale and also sold flour in excessive quantities and without substitutes.

The manager of the store at first agreed to a proposition made by State Food Administrator Page that he contribute \$750 to the Red Cross, but later decided to fight the matter and consequently got blacklisted.

PARKTON PARAGRAPHS.

McNatt Reunion—A Record Auto Trip—Personal Mention.

Correspondence of The Robesonian.

Parkton, Aug. 3.—The descendants of John James and Daniel McNatt held their reunion last Thursday at Galatia, at the old home of Mr. and Mrs. John Gillis, the present home of Mr. Malcolm Gillis.

This occasion was the most charming event of the year to the clan. They came together, young and old, to enjoy one other and the bountiful dinner which was spread on a long table near the pond in the grove, an ideal picnicking place. The spring water was refreshing and delightful, watermelons plentiful. The weather was just what was desired for the day, no rain, yet the sun stayed hidden so that the boys in the swim didn't come out. On the center of the table was a service flag containing 8 stars. Five of those stars represent are in France. Among those who attended from here were Mr. J. B. McCormick and family, Mr. J. D. Gillis and family, Mr. D. H. McCormick and family, Mr. J. M. Johnson and family, Mr. J. C. McNatt and family, Dr. D. S. Currie and family.

During the last year the death angel has called home two of his servants from this people. These were Mr. Neil McNeill, who died in March, and Mrs. Sallie Johnson, who died April 3.

It was decided that the reunion would be held again next year at Galatia.

Little Misses Mary, Virginia and Clara McLean of Maxton are spending a few days with Miss Sarah Currie.

Mrs. J. W. Currie has returned home after spending a week with her son Dr. D. S. Currie and family.

Mr. N. G. Culbreth and family spent from Tuesday till Friday with his father, Mr. Fleet Culbreth, who lives on R. 2. The visitors, four in number, who live in Madritth, Ala. came all the way through the country in their nice car, traveling a distance of 599 7-9 miles, making the trip in three days, and without any accident or trouble until crossing the railroad near the depot at Parkton ran over a tack, which caused a puncture and making an average of 26 miles to the gallon of gasoline. He says the cost of the trip would not exceed \$7.00 per head. This is somewhat of a record.

Mr. Culbreth says he never varied from his route nor was he late at any point except was half hour late reaching Columbia, S. C. They report a pleasant and interesting trip. Mr. Culbreth is a successful travel store man, has been in Alabama for more than 15 years.

Mr. Milton D. Thomasson is spending several weeks in Charlotte visiting old friends and relatives. Mr. and Mrs. J. A. Cashwell and

small daughter, Margarite, spent a couple of days visiting friends and relatives in Sampson county Thursday and Friday. They made the trip with Mr. D. E. Canady in his car. Mr. D. L. Godwin also accompanied them. All report a great trip.

The friends of Mr. J. G. Wright on route 2, will learn with sorrow and great sympathy of his recent serious illness. We all trust he may find a speedy recovery. Also sorry to report the serious illness of Mrs. D. P. McMillan of lower Cumberland county.

Miss Maude McKinnon returned home to Charlotte Thursday.

Mr. Charlie Murphy of Virginia is on a visit to relatives in town.

Licensed Warehouses For Cotton.

That licensed warehouses for cotton are attracting increased attention is indicated by more than 300 inquiries recently received by the Bureau of Markets. To secure licenses, warehouses must comply with certain requirements as to construction and operation which are intended to put the business of warehousing on a firm basis. Uniform receipts are a feature of the licensing and these enlarge the field for discounting cotton paper. Another feature is the reduction of insurance rates which may result under Federal license. Rates now vary from 25 cents to \$2.50 on \$100 worth of cotton in storage. Reasonable storage rates, made possible through economies on insurance and management would, it is said, encourage growers to store cotton and so decrease the amount of "country damage" caused by keeping cotton on the farm without adequate protection.
