WITH ROBESON SOLDIERS

Boys Like France and Are Having a Good Time.

A number of local people have received letters during the last few days from relatives who went overseas with the eighty-first division. Judging from the letters many, if not all, the boys went through England and are now "somewhere in France." All the

letters indicate that the Robeson soldiers like France much better than they expected.

After telling of how nice the people of France, especially the ladies, treat American soldiers, in a letter to a relative Corporal Rossie E. Britt, formerly of Lumberton, says: "To tell the truth, I am having a nice time and I believe you would enjoy being with me. Am well and happy. Have not been sick a day since I entered the service." He also stated in

NEW CALOMEL IS WHOLLY DELIGHTFUL

Calotabs, the new harmless and nausealess calomel, may now be obtained at almost any good drug store. As a liver-cleanser and system-purifier the new Calotabs are even more effective than the old style calomel, yet there is not the slightest danger, nausea nor unpleasantness. One Calotab at bedtime, with a swallow of water, that's all. Next morning you awake feeling fine, with a hearty appetite for breakfast. Eat what you please, fruits or anything. There is not the slightest danger nor interference with your work. Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist will refund your money if you are not delighted—he recommends them.—(Adv't.)

In a Beautiful Spot in France—"Disgustingly Healthy."

Mrs. W. R. Powell, Jr., of Lumberton has received the following letter from her son Mr. Ernest Prevatt, who is in France:

Dear Mother: I am sorry that I haven't written before now, but I have so busy for the last few weeks that I haven't had time to do much of anything except work. At last we are settled again and I hope to be able to write regularly, or at least as often as I ever did in normal times.

Everything is going fine with us now, and not half the beauties of France have ever been told. I think that we are in one of the most beautiful spots that I have ever seen.

I hope that everybody at home is well. I am—I am disgustingly healthy.

You will have probably heard from my wife before you will receive this, and if you haven't, why of course Odin told you that I was married. Please don't be disappointed too much. I think I really did well in remaining single until I was 26, don't you?

I don't see why you, didn't come with Odus to Miami the 4th. I am beginning to want to see the home-folks once more.

I haven't written to Emory yet, but I intend to today. I don't know where he is or what part of France he is in, but if he is anywhere near us I am going to try to get to see him before we go back to the States. Anyway, after the war, you can just be prepared to feed Emory and myself, with our wives, for a few days, so you needn't be mad at us or our wives, for you know we will come anyway. You can't hardly say that you are not at home when we get there, and if you do we will go in and wait

It is not extravagant to smoke the high grade Cigars we handle because you will smoke less of them and get more enjoyment from those you do smoke.

And While We Are Speaking of Cigars, we assure you that no other store in this town carries as good an assortment of all grades, both imported and domestic, as we carry.

Try us for a week and you will not go elsewhere for your smokes.
