**THE FOURTH LIBERTY LOAN.**

The fighting loan, they call it. American soldiers, Robeson county soldiers, are fighting the Hun in France and we are going to fight the Hun here with our dollars.

There should be no trouble in selling Robeson's allotment of \$603,000. The people of Robeson have been blessed abundantly this year, far above what they ever expected. In Lumberton alone more than a million dollars were paid out to Robeson county farmers for tobacco during the sixty days ending about the first of September. In the entire county around five million dollars were paid Robeson county farmers for tobacco during that period.

The people of the county can over-subscribe Robeson's allotment and never feel it—except to be more prosperous in years to come.

Robeson county boys are fighting in France. At the Government's bidding they have left home and are devoting themselves to the single purpose of crushing the German army in order that we at home may be safe from worse than death. It is the least we at home can do to devote our dollars to supporting the boys who are fighting for us.

The bonds are a good investment. The person who buys bonds is not giving the Government anything; he is merely lending his money and will receive a fair rate of interest. And the man who is able to buy bonds and yet persistently refuses to do so is the most contemptible creature on the face of the earth. He is a far worse slacker and coward than the soldier who whines and deserts. The deserter has at least the excuse of physical fear and desire to save his worthless hide; but the bond slacker has not the soul of a house; he betrays his country for a few dollars and has not the shred of decency that would make his go out and hang himself.

Let us hope there are no bond slackers in Robeson. We can put the county's allotment over, and will; and devil take the bond slacker, if there should happen to be any in the county.

**WILD REPORTS.**  
Wild reports, wide of the truth, have been scattered abroad about the influenza epidemic in Lumberton. It is said that a lady who was on the way to Lumberton to see her sick son was told that people were dying here by the hundred, and she got off the train at Pembroke and went back home. Monday morning some men who were to report here from Pembroke for work failed to come because they understood Lumberton was quarantined against all outside points. The Robesonian's Parkton correspondent writes that people are dying with alarming suddenness at Camp Bragg. The Fayetteville Observer of Tuesday, the day that was written, stated that there were no cases at Camp Bragg. Mayor Proctor, in a communication published elsewhere in this paper, says that the situation here is well in hand, that the cases are mild. There have been no deaths here. The town is not quarantined against points in the county and people run no risk of contracting the disease in coming to Lumberton. In fact, owing to the wise precautionary measures taken here, in closing schools, churches and moving picture show, prohibiting public meetings and the serving of drinks at fountains there is less danger in coming to Lumberton than in going to other places where such precautions have not been taken and where one mingles with crowds. Nobody is downhearted here on account of the "flu." No use to be. Keep cool and clean, and for heaven's sake perpetrate no offensive cough or sneeze, and presently the "flu" will have flown and everybody will be comfortable again.

**THE WAR NOT WON YET!**  
Bulgaria's defection no doubt is the beginning of the end; it opens up the road to Turkey and Austria; it is equivalent to the capture of an army of 500,000 men. And the United States is landing men on the west front at the rate of 10,000 a day. But the end is not yet. It is written in the stars that Germany is to be defeated, but when the end will come none may say. Recent glorious events have led some to expect the war to end in six weeks; other some say the end is sure to come by Christmas; while others, more conservative, point out that the German army is not yet defeated, that the Germans still occupy territory not their own, that the

**THE NEW CALOMEL  
FINE FOR COLDS  
AND GRIPPE**

Calotabs, the New Nauseless Calomel, Breaks Up a Severe Cold Overnight.

Physicians and druggists have at last found a quick and dependable remedy for colds, influenza and grippe. One Calotab on the tongue at bed time with a swallow of water—that's all. Next morning your cold has vanished and your liver and entire system are purified and refreshed without the slightest unpleasantness or interference with appetite, diet or work.

Doctors have always contended that calomel is the best medicine for colds, bronchitis and la grippe and the first medicine to be given in pneumonia and acute fevers. The new calomel, Calotabs, is purified and refined from all of the sickening and dangerous effects and with the medicinal virtues vastly improved.

Calotabs are sold only in original sealed packages, price 35c. Your druggist recommends and guarantees them and will refund your money if you are not delighted.—adv.

war must be carried to German territory and the German army absolutely crushed before there can be any peace. Peace may be far off or it may be near, but one thing is certain: there will be no peace until Germany is ready to surrender unconditionally as Bulgaria has surrendered. And another certain thing is that you can help to bring the end of the war—war by buying Liberty bonds to the limit of your ability to buy.

**LIMIT CLUB MEMBERS.**  
The Robesonian is delighted to learn that there are some people in Robeson who have purchased all the War Savings stamps any one person is al-

**MANY PROMINENT MEN  
COME OUT FOR TANLAC**

Mayors, Judges, High Officials,  
Bankers, Lawyers, Doctors and  
Editors Indorse It.

FEEL IT THEIR  
DUTY TO TALK

They Come Forward and Unhesitatingly Tell Suffering Humanity What Celebrated Medicine Has Done for Them.

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid indorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

**Doctor Prescribes It.**  
Dr. J. T. Edwards, of Fayetteville, Ga., one of the best-known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the South.

"In my thirty years of actual practice as a licensed physician in the State of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

**Noted Texan Talks.**  
Hon. Archie R. Anderson, ex-sheriff of Harris County, Texas, is unquestionably not only one of the best-known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."  
H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:  
"I suffered from rheumatism and other ailments for many years, but Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."  
"I'm telling all my friends about

lowed to purchase—\$1,000 worth. It stated a week ago that if there were any Limit Club members in the county that fact had not been made public, and it has not been, so far as we know, until now. We have been informed since then, however, that St. Pauls has a dozen or more Limit Club members and that Mr. A. R. McEachers of that town has purchased the limit for nearly every member, if not for every member, of his family. A Mr. Regan (initials not learned) of Howellsville township, also has purchased the limit. This is good news. Why not send in the names of these Limit Club members? The Robesonian would be glad to learn just how many there are in the county.

**NOTED EX-MAYOR  
RECOMMENDS IT**

Former Mayor Frank V. Evans,  
of Birmingham, Ala., Makes  
Strong Statement.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly indorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath."  
"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Winder, Ga., is not only one of the best known physicians and druggists in the State of Georgia, but is also a man of extensive property and wide influence, ranking as one of the leading citizens of that entire section. He has been in the drug business in Winder for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have indorsed Tanlac are:  
Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council; Hon. George Samuel Riley, Chief of Police in Macon, Ga.; Hon. C. G. Lavender, register of Williamson County, Tennessee; Dr. W. H. Brown, 4822 Charlotte Ave., Nashville, Tenn., founder and president of the Tennessee Protestant Home for Girls; John F. Carroll, cotton mill superintendent, of Chattanooga and Atlanta.

Tanlac is now sold exclusively in Lumberton by the Pope Drug Co., Inc.; in St. Pauls by the Grantman Drug Co.; in Lumber Bridge by the Central Drug Co.; in Red Springs by the Red Springs Drug Co.; in Maxton by the Barnes Bros. Drug Co., Inc.; in Pembroke by the McCormick Co.; in Lowe by L. E. Tyner & Son; in Purvis by C. T. Pate & Co.; in Elrod by J. E. Bridges; in Raynham by C. M. Townsend; in McDonalds by the McDonald Drug Co., Inc.; in Rowland by the Rowland Drug Co., Inc.; in Fairmont by the Pittman Drug Co.; in Marietta by D. F. Gregg; and in Barnesville by W. C. Walters.

**LAND SALE!**

The S. B. Moore Place, 3 miles from Lumberton on Creek Road, now owned by W. J. Prevatt  
Acres Cut into 10, 20 and 40 Acre Farms Will go at Auction on the Premises on **3 2 0**  
**Wednesday, October 9th, at 10:30 A. M. SHINE OR RAIN**

Some of this land is cleared and in good state of cultivation. Two tenant houses. Plenty of small timber. This is ideal Robeson county land. All well drained and easy to clear. Now is the time to get a farm at your own price and very easy terms. Only one fourth cash, one, two and three years on balance. Brass band concert. Ladies invited to hear the auctioneer and get a souvenir. If it rains be sure to come. You get a better bargain when the crowd is small. Don't forget the day and the hour.
