

Chamberlain's Tablets.
Chamberlain's Tablets are intended especially for stomach troubles, biliousness and constipation, and have met with much success in the treatment of those diseases. People who have suffered for years with stomach trouble and have been unable to ob-

tain any permanent relief, have been completely cured by the use of these tablets. Chamberlain's Tablets are also of great value for biliousness. Chronic constipation may be permanently cured by taking Chamberlain's Tablets and observing the plain printed directions with each bottle.

RESERVE FORCE.

The greatest need of the South today is ready money. We have just seen it proven in the world war that the side with the greatest reserves wins out. Likewise in the battle of life the person with the greatest reserve wins out, and the person with no reserve falls out a failure. We need to build up our reserves. Save money for the future. We need to build for the hard times ahead. Lay aside money to be used in case of emergency only. Money for good purposes and not to be wasted. Money that will be ready for the opportunity that will surely come once, but perhaps not again.

HOW TO BUILD UP A RESERVE.

Pay for your Liberty Bonds and your War Savings Stamps as according to your written pledges, and when paid for, "SALT THEM." DON'T SELL THEM. Save them for the time when you will surely need them.

Then, too, besides your Bonds and stamps you need a savings account, an account to which to add your savings and where your money will earn interest and also be ready for you at once when needed. Ready money for the bargain that will come with lower prices. When your money will be ready for you and can buy \$1.00 worth of property with \$1.00 in money. Save your money until it becomes worth one hundred cents on the dollar.

We make this special inducement to you today in order for you to begin now while money is easy to make. On all SAVINGS DEPOSITS made with us during the month of December, we will pay interest at the rate of 4 per cent compound quarterly, interest to BEGIN with December 1st, 1918.

GADDYSVILLE GRIST.

Moving Season—Real Estate Changes—Bad Roads—Pastors Change—School Begins—Other News and Comment.

Correspondence of The Robesonian.
Gaddysville (Fairmont, R. 1), Dec. 9.—As usual the monotonous days of late fall and early winter are broken by the constant streams of wagons, people moving here and there. Some move because they are not satisfied with surroundings, but a majority because of a very shiftless habit. A person can never be successful until he lets good enough alone. We are glad to say, however, that though many people of our community are moving, they are not leaving the section.

A good many real estate transactions have been made in this section this fall. The latest farm purchaser was R. M. Shooter, who bought his brother's farm. Good farm land is one of the very best investments and people know it, so all over the State the people are not hesitating in accumulating a good handful of mother earth. The roads are beyond comparison with bad; they are awful, just a sea of sand well, its next to the Sahara desert and vases about ten or twelve miles apart. Truly some of the motorists do say bad things of them occasionally.

Health conditions in this section are almost normal. One new case of influenza reported, that being Mr. Robert Miller. Really it's almost Christmas and things dry, yes, bone dry, to stay dry. No wine on account of sugar conditions and a little "licker" not to be got. Yes some are getting "right" much thirsty and parched in this arid climate and we, as thousands of others, rejoice at the old-time "licker's" removal.

Sabbath desecration is getting to be appalling. A certain gang of smart alecks" run around and snoot every Sunday night. For what reason? Only to prove that the brain apartments of their heads are for lease. It's a pity but they were on these unendurable roads at work.

Crops are all harvested and everything presents a very different atmosphere in the daily outdoor work. Long ago, when our granddaddies got done the field work, these winter evenings were spent around the hearth, smoking and telling many an old-time yarn, while the grandma spun the cotton. Here much of our classical literature was developed into the living classic of today. Here the tie and love of home life was strengthened. Now these sturdy old pioneers have given way to the rushing, busy younger race, and during the winter months it's just about as busy as any time of the year, with work of developing the resources of the country. This winter many ditches will be dug and the remnants of the forest cleared away all a reed the world.

Rev. Mr. Powell, pastor of the Baptist church of the Rowland field, has resigned to go to Bladenboro, where he accepted a call. Mr. Powell has served the field efficiently and faithfully now for two years, and his going will be viewed with sorrow and yet good wishes for his welfare. The field made splendid progress under his direction. Also Mr. Groves, pastor of Centenary Methodist church, will leave. The successors to both of these pastors have not been learned.

School has opened at Gaddysville with almost normal attendance and Miss Cora Bullock of Baltimore section teaching. The patrons are looking for a most successful session, as Miss Bullock comes with the credentials of being a most energetic and initiative school teacher of experience. Pig-killing is the order of the day and topic of discussion. There are some fine ones in this section, which will lessen the demand on the Chicago houses next summer.

Why Putter With Corns? Use "Gets-It"

Common-Sense, Simple, Never Fails.

You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn is a "Goner"!

"Gets-It" on any corn or callus dries at once. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. "Great stuff, wish I'd done that before." There's only one corn-peeler—"Gets-It." Toes wrapped up big with tape and bandages, toes squirming from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be insulted by imitations. See that you get "Gets-It." "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Sole in Lumberton and recommended as the world's best corn remedy by Pope Drug Co.

FOOD.

Let Germany ask of the cold, gray seas
The wheat that might have been green again
In generous fields for the good of men.
Let her ask for fruit of the murdered trees—
Has she already forgotten these?
In the midst of her crying who has heard
Any regret for deed or word?
Is there repentance in Germany?

Let Germany ask of the mothers who
Have heard their children crying for bread
While insolent brutes were warmed and fed.
There is wheat enough in the cold, gray sea
To feed a city in Germany.
Let her send her submarines today
To find the food that she threw away.
This is a thing she can do!

Let Germany say to the world one word
Of her broken faith and her bitter shame.
Let Germany call herself by name,
And after her victim's wounds are bound,
After her last sad slave is found,
When her looting and lying all are done
And the truth at last has its place in the sun,
Then let her cry for bread be heard!
—Louise Driscoll in N. Y. Times.

How to Prevent Croup.
In a child that is subject to attacks of croup, the first indication of the disease is hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off and all danger and anxiety avoided.

If You Saw Wood Each Day You Won't Need Cascarets

Great medicine,—the Sawbuck.
Two hours a day sawing wood will keep anyone's Bowels regular.
No need of pills, Cathartics, Castor Oil nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and,—Ten-Mile walk will "do," if you haven't got a wood pile. But, if you will take your exercise in an Easy Chair, there's only one way to do that, and make a Success of it. Because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS." Cascarets are the only means to exercise the Bowel Muscles, without work. Druggists—10 Cents a Box.
