PROVED SPIRIT OF DEMOCRACY

Voluntary Basis of Food Saving Showed Heart of America Beat True for Freedom.

To the voluntary service and sacrifice of the American people must be attributed the continued health, strength and morale of the Allied armies and the civil populace.

Upon this spirit of service and sacrifice will depend Europe's fate in the months to come. In the past year we have carried out an export program, the magnitude of which is almost beyond comprehension. But with the new demands that have come, with the liberation of nations freed from German oppression, our exports must be almost doubled. Instead of 11,820,000 tons, we must ship twenty million tons of food to Europe in the coming year—as much as can be pushed through our ports.

If the Allies had not been fed by America, it would have been impossible for them to maintain their defense against Germany.

Meeting this world need on a purely voluntary basis, the American people have conclusively proved that democracy is a success and that in time of need it will rise to its own defense.

If there were no other accomplishment to its credit the very fact that it has shown the strength of democracy has in itself more than justified the existence of the Food Administration in the eyes of the world.

Less than four months after the United States declared war the United States Food Administrator expressed his determination to meet America's food problem on a basis of voluntary action and reiterated his confidence that awakened democracy would prove irresistible.

"Many thinking Americans," said Mr. Hoover, "and the whole world have been watching anxiously the last four months in the fear that democratic America could not organize to meet autocratic Germany. Germany has been confident that it could not be done. Contrary proof is immediately at our door, and our people have already demonstrated their ability to mobilize, organize, endure and prepare voluntarily and efficiently in many directions and upon the mere word of inspiration aside from the remarkable assemblage of our Army and finances."

The history of the Food Administration has clearly shown that the trust of those who put their faith in democracy has not been misplaced.

GREATEST OPPORTUNITY WOMEN EVER HAD.

It was given to the women of this country to perform the greatest service in the winning of the war—vouchsafed to any women in the history of the wars of the world—to feed the warriors and the war sufferers. By the arts of peace, the practice of simple, homely virtues the womanhood of a whole nation served humanity in its profoundest struggle for peace and freedom.

FIRST CALL TO FOOD ARMY.

This co-operation and service I ask of all in full confidence that America will render more for flag and freedom than king ridden people surrender at compulsion.—Herbert Hoover, August 10, 1917.

IDAHO MAN SAYS HE WAS FORCED OUT OF THE COAL BUSINESS

Gave Up Work On Account of Trouble But Got No Relief Until He Took Tanlac.

"I know of several others besides myself who are taking Tanlac, and they all say, as I do, that it is doing them a world of good," said J. A. Melton, who is connected with the Central Coal and Fuel Company, and who resides at 527 South Sixteenth street, Boise City, Idaho.
"During the past five years," he continued, "I have suffered so much from rheumatism, disordered kidneys, and stomach trouble, that my life has been a burden to me. My whole body seemed affected by the rheumatism, my kidneys bothered me constantly, and my back and sides ached so that I was nearly distracted from pain. I had fearful headaches and was so nervous for months that I never knew what it was to get a good night's sleep. I got so bad last summer and fall that I was forced to give up my work and for three long months I was on the flat of my back in bed, suffering agony."

"After I had spent over \$150, for treatments that didn't give me relief, I read about Tanlac and tried it. I was surprised at the wonderful improvement it made in my feelings right from the start. My appetite began to pick up and all of my troubles began to leave me. I was able soon to eat anything I wanted and the rheumatism disappeared. My head never aches any more, my nerves are in splendid condition and I sleep like a log at night. I am back on the job working every day, in all sorts of weather and nothing ever troubles me at all. Tanlac has certainly made life worth the living for me."
Tanlac is now sold exclusively in Lumberton by the Pope Drug Co., Inc.; in St. Pauls by the Grantham Drug Co.; in Lumber Bridge by the Central Drug Co.; in Red Springs by the Red Springs Drug Co.; in Maxton by the Barnes Bros Drug Co., Inc.; in Pembroke by the J. LAND FOR SALE
Four hundred acres of very desirable cut-over land at a bargain. Situated in Bladen county on west side of Cape Fear river. Thirty-five miles from Wilmington. Four or five from railroad station. These lands are about seventy five feet above level of river, which gives ample fall for drainage.
While not widely known, this is one of the most healthful, attractive and in many respects desirable locations to be found in the South. These lands (Norfolk sandy loam) are easily cleared, and are adapted to the growing of clovers, vetch, and other legumes, besides any of the standard crops, fruit growing, trucking or stock raising, also a considerable quantity of second growth timber is now on the land. Values are bound to increase rapidly in this section. Now is your chance to get a good body of land at a low price.
