MOVEMENT TO OVERTHROW U. S. GOVERNMENT.

Powerful Organization Seeks to Erect Government of Anarchists.

Criticising a meeting in Washington Monday at which the Russian Soviet government was praised, Senator Thomas of Colorado, Democrat, declared in the Senate Monday that a powerful organization, which he did not name, was constantly at work to overthrow the American government. The Senator said a member of the House was "conspicuous" at the meeting, but that Senate rules prohibited him from naming him.

Representative Masqn of Illinois addressed the gathering, urging return of American troops from Russia, and Representative Gordon of Ohio and Dillon of South Dakota also were present.

"I want to warn the plain people of this country," said the Senator, "that a powerful organization is always active to overthrow the government and erect a government of anarchists, thieves and scoundrels."

"Now in the nation's capital, this monster raises its head, utters its treason and counsels overthrow of the government."

Albert Rhys Williams, a war correspondent, and Miss Louise Bryant, both of whom recently returned from Russia, were the principal speakers at Monday's gatherings.

Lansing Heads Committee on Responsibility for War.

Robert Lansing, American Secretary of State, was unanimously elected president of the committee on responsibility for the war, which held its first meeting Monday at the foreign office in Paris.

In proposing Secretary Lansing's name, Capt. Andrew Tardieu, the French member of the committee, said that before negotiating a peace or justice it was necessary to impose penalties upon the authors of the aggressions which had brought death to millions.

The work of the committee, he explained, would be first to study the facts which would establish the guilt of those responsible for premeditated violation of treaties and international law and second, to fix penalties which would be defined and applied. He closed by proposing Secretary Lansing for president, which was approved by the committee.
