Bitter Controversy Between President Marks Close of Great War Con- scribers. gress-3 Momentous and Historic Sessions Were Held.

A bitter controversy between President Wilson and the Senate over the Jeague of nations and a filibuster by a few Republican Senators seeking to force an immediate extra session Called in April, 1917, to throw

America's weight into the conflict overseas, the Congress held three momentous and historic sessions. Partisanship lay dormant during the war but it broke forth in the last session to culminate in a final filibuster which successfully blocked passage of half of the fourteen regular appropriation bills, including the \$750,000,000 railroad administration revolving fund, and the huge army, navy and merchant marine budgets.

Although unsuccessful in their efforts to record the Senate in favor of amendment of the constitution of the league of nations as now drawn, the Republican Senators left in the record a resolution approved by 39 of
