**ARMENIAN-SYRIAN RELIEF.**

Robeson county is asked to raise \$5,300 of the \$200,000 apportioned to North Carolina for Armenian-Syrian relief. This campaign for funds for the relief of the destitute and impoverished people of the Near East is the greatest charity fund ever asked in America for other than our own people. Four million men, women and children—Armenian, Syrians and Greeks—are actually dying for need of food and clothing. Four hundred thousand orphans are looking to America for bread and shelter. Your

save human lives. Prof. W. H. Cole of Lumberton is county chairman. He has asked every teacher in the county to assist him in raising the amount assigned to Robeson. Make checks payable to Senator H. E. Stacy, Lumberton.

Republicans are loud and insistent at all times in claiming a superior brand of patriotism and efficiency; but look at this: its party leaders in the Senate have placed themselves in opposition to the league of nations, and in the House of Congress its leaders have selected for floor leader Repre-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

sentative Mondell of Wyoming, who voted against the McLemore resolution and opposed the selective draft law. And in the closing days of the 65th Congress Republican leaders blocked all efforts to put through important legislation and conducted an unpatriotic and asinine filibuster in the hope of forcing President Wilson to call an extra session of Congress wherein they might do work that they might have done weeks before, if they had not been so enamored of their own oratory. Even on the eve of getting back into power, before they have fairly seized the reins, the Republicans have begun the record that is going to make the country increasingly regretful from day to day that in foolish impatience it gave them another lease of power.

As stated in The Robesonian some weeks ago, and as explained in a news item elsewhere in this issue, an election will be held in the Lumberton school district on the first Monday in April to determine whether or not a special tax of two and a half times the present tax shall be levied. When The Robesonian reporter started out the other day to get up a news item about this election it was hard to find anybody who knew anything about it. The election will be held three weeks from today, but no one seems to have given the matter consideration up to this time.

There will be a scramble presently, no doubt, among counties to get in first on constructing roads under the new State law which provides that if a county will bear one-fourth the expense the State and the Federal government will bear the other three-fourths and roads will be constructed under the direction of the State Highway commission. What attitude is Robeson's road commissioners going to take on this proposition? Here's a chance to begin to get out of the mud. The Robesonian would be glad to see Robeson county among the first to get whatever benefit it may be possible to derive from the new

In Robeson county the sum of \$15,809.02 was subscribed for the boys in service during the United War Work campaign. Of this sum, \$1,154.25 yet remains unpaid. This money was subscribed as a direct gift to the boys to provide home comforts and service, recreation, education, wholesome amusement. There are still about two million men in service, and during this period they need the influence of the welfare agencies more than ever, to keep the period of demoralization from becoming a period of demoralization. It is to be hoped that those who have not yet paid their pledges will lose no time in doing so.

A Wilmington dispatch says that Mr. L. Clayton Grant of that city, fresh from service in the House of the Legislature, is looking for other worlds to conquer and that it is generally accepted as correct that Mr. Grant will oppose Representative Godwin for the Democratic nomination for Congress next year. The Robesonian hears that Mr. Thomas Cooper of Wilmington also has aspirations in the same direction. Mr. Godwin no doubt will have some stiff opposition next trip.

Mr. J. W. Carter, who died the other day at his home in Maxton, was for many years a prominent figure in the business and political life of Robeson. He was a man of more than ordinary force and ability. May his rest be sweet.

Every little while somebody trots out another candidate for Governor. Indications are that everybody's choice is going to run.

Miss Mary D. Conoley, a Red Cross nurse, returned today to Richmond, Va., where she is stationed, after spending a few days here visiting friends.

Mr. Clarence Davis of R. 1, Lumberton, was among the visitors in town Saturday.

**NOTICE!**

I have on my premises a Chevrolet automobile which was left about 3 miles from my home on the Elizabeth road September 26, 1918. It stayed in the road two months and was stripped by passing people. Owner may obtain same by calling for it and paying for this advertisement and for the care of the car.

Notice is hereby given that if the owner does not claim the car within ten days of the date of this advertisement I will dispose of same.

**MILLINERY**

Over Two Hundred per cent Increase.

This seems incredulous, but a comparison of sales from OUR MILLINERY DEPARTMENT for January and February of this year and the same months last year show it.

There is a reason, and the reason is found in the increasing numbers of new customers, who have learned that they can find in this department the same styles, the same quality, the various colors and the superior workmanship they would expect to see in a New York Fifth Avenue store, and at about one-half the price.

A complete line of superior made quality hats in all the new colors and styles, including a select line of "knicker-bocker" Pattern Hats now on display.

Visit this department of our store and let us show you we have the hat to please you.

NO TWO ALIKE—EVERYONE DIFFERENT.
