NUMBER 16

THE RECORD OF DEATHS.

Mrs. J. H. Floyd Passed Away Last Night—Funeral This Afternoon at 5 O'Clock.

Mrs. J. H. Floyd, aged about 48 years, died last night at 9 o'clock at her home, Water street. Deceased suffered a stroke of paralysis while sitting on a chair on the porch at her home about 6 o'clock yesterday afternoon. She had been suffering for some time with high blood pressure, but her condition had improved before she suffered the stroke of paralysis. She is survived by her husband and four children.

The funeral will be conducted from Chestnut Street Methodist church at 5 o'clock this afternoon by Rev. Dr. R. C. Beaman, pastor of the church. Interment will be made in Meadowbrook cemetery.

Mrs. Floyd was a faithful member of Chestnut Street Methodist church. She was a good woman and will be sorely missed in the home and also by a host of friends.

Mr. Rudolph R. Carlyle Died This Morning—Funeral Tomorrow at 4 P. M.

Mr. Rudolph R. Carlyle died this morning at 4 o'clock at his home, Elm street. He was 30 years old and had been in ill health for several years, but had not been confined to his home until yesterday, when he was stricken.

Deceased is survived by his wife, his father and mother—Mr. and Mrs. W. W. Carlyle—four sisters—Misses Janie, Hazel, Sarah and Lillian Carlyle—and two brothers—Mr. F. Ertel and Master William Carlyle.

The funeral will be conducted from the home by Rev. Dr. Chas. H. Durham, pastor of the First Baptist church, tomorrow at 4 p. m. Interment will be made in the family burying plot in the East Lumberton cemetery.

Deceased was very popular and had a host of friends throughout this section.

TRIAL OF HOB HUNT ON MURDER CHARGE BEGINS

Admits Killing Yarboro Locklear But Claims Self-Defense—Trial of J. Q. Beard on Murder Charge Set For Monday of Next Week—Others Cases.

The trial of Hob Hunt, Indian, charged with the murder of Yarboro Locklear, another Indian, was begun this morning. The 12 men in whose hands rests the fate of the defendant were selected from a special venire of 50 men. The following men compose the jury: Messrs H. F. Flowers, Leonard Pate, John W. Israel, J. J. Throver, Jno. S. Jones, Redmond Ivey, R. E. Brisson, N. A. Kinlaw, W. C. Brown, Alfred Stone, J. C. Howell and W. M. Council.

The defendant pleads guilty of killing Locklear, but claims he shot him in self defense. He is represented by Messrs. McIntyre, Lawrence & Proctor, while the State is represented by Solicitor S. B. McLean and Mr. T. A. McNeill, Jr.

The trial of J. Q. Beard, charged with killing Hezzie Connor, has been set for Monday of next week and a special venire of 75 men has been ordered from which a jury will be selected.

The week's term of civil court set for next week has been continued and perhaps all next week will be taken up with the trial of criminal cases. However, those summoned for jurors next week must report Monday.

The following cases have been disposed of: Joe Atkinson, manslaughter; charge changed to trespass, defendant pled guilty, and judgment was suspended upon payment of cost. Atkinson was driving the automobile that ran over and killed the late Nathan P. Bullard about a year ago.

Jim Alfred, bigamy; prayer for judgment continued upon payment of cost. Hezzie Lesane, alias Powell, burglary, charge changed to trespass and defendant pled guilty. Judgment was suspended upon payment of cost.

L. W. Andrews, enticing servants; found guilty and fined \$10 and the cost. Junie Lowrey and Bennie Jones, failure to list; both cases not prosed.

Berry Faulk, alias Hunt, Indian, three charges of house breaking and one of second degree burglary. Defendant was found guilty in each case and sentenced by Judge Stacy to one year in the State prison for each of the three house-breaking charges and in the burglary case he was given an indefinite sentence of not less than 5 years or more than 15 years.

The evidence was that Berry had entered a number of homes in the McDonald section and stolen clothing, jewelry, rations, etc. Around 100 keys of different types, which Faulk carried, were in evidence at the trial.

Bert Hardin and Lee Brewington, Indians, charged with larceny of cotton; not guilty.

More Than 5,000 of 30th Division Arrive. The transports Madawaska and Huron reached port at Charleston, S. C., yesterday bringing more than 5,000 officers and men of the heroic 30th division—former Tennessee North and South Carolina national guardsmen. Although not allowed to come into contact with citizens until after the necessary sanitation measures at Camp Jackson the returning troops were welcomed from the docks while the mayor's committee met them down the bay.

ARGUMENTS OF OPPONENTS OF SCHOOL TAX ANSWERED

If Increased Tax is Not Voted Schools Will Not Operate 9 Months—Tax Will Not Be Increased Beyond 50 Cents—Increased Tax is Necessary To Continue as at Present.

To the Public: We are informed that the opponents of the school tax are saying that while the school board would like to get more money, still if the increased tax is not voted the school will continue to operate nine months in the future as in the past.

I wish to say with all the earnestness of which I am capable that this is not true. Any man who honestly wishes to inform himself and vote intelligently on this question can ascertain that for years past the school tax has been utterly insufficient to pay current operating expenses. The schools have thus far been able to operate (a) by borrowing money and (b) by gifts from the general town fund. The ability of the board to borrow money has been exhausted. No bank here will make any more loans to the school board, because they now hold notes that have been running for years with no prospect of payment. Any voter can ascertain for himself that this statement is true. Anyone who will investigate will also ascertain that the town commissioners can no longer divert any part of the general town fund for school purposes.

Resolved, that the Government should control and operate the railroads. The affirmative was upheld by Messrs. Katharine Goodman and Sara Barnhart, while Misses Rebecca Carpenter and Mary Kenna Walker argued for the negative. The decision was in favor of the negative, although the affirmative presented some fine points. The judges were Rev. Mr. Hill of Fayetteville, Rev. Mr. Craig of Lumberton and Mr. A. P. Spell of Red Springs.

Miss Annie Lou McMillan motored over to Maxton on Tuesday to meet her brother Frank McMillan, who came down from Charlotte for a few days visit. From here he goes to Lumberton, where he has accepted a position with the Grantham Drug Co. It is said that in a certain town a petition signed by almost half the feminine population was consigned to the wastebasket by the mayor and board of aldermen without even being read. The protest was unheeded—unanswered even. They say it's actually a fact! Bold, bad men, indeed! But after all, they need to watch their step, lest some day their reckless spirits may peradventure experience a backset.

Not Over 50 Cents. An argument is also used that if the increased tax is voted the school board will immediately raise the tax from 30 to 75 cents. This is not true. If the opponents of the tax had taken the trouble to attend the public meeting recently held they would understand why the maximum was fixed at 75 cents in the bill. The reason is this: at the time our bill was passed, it was uncertain whether the State wide public school bill would pass or not. We knew that if this bill did not pass it would take 75 cents to operate our schools even upon the basis of present teachers, equipment and departments. As it was, the State-wide bill did pass, and on account of the aid extended under that bill it will not be necessary for us to levy more than 50 cents here in Lumberton. We therefore give the public our assurance that if the increased tax is voted, the school board will make a levy of 50 cents and no more.

The argument is also being used that it is not necessary to increase the tax to continue operation upon the same basis as at present, but that the school board desires the increased tax in order to put in new departments, new equipment, etc. There is no doubt but that the establishment of other departments would be advisable, but your board does not contemplate increasing the departments. The increased tax is necessary to continue to operate the schools upon the basis of present departments, present equipment and present grades. It is imperative that one or two additional teachers be employed to take care of the present grades, because the lower grades are so crowded that the present force of teachers simply cannot do justice to the large number they have to teach, but the employment of these teachers is all the expansion that is contemplated if the increased tax is voted.

If any man is honest in his opposition to the increased tax, he must have some reason behind his opposition. If any such man will state his reason, if such reason be based upon a misconception of the facts or figures, it will be an easy matter to set him straight. It is easy to ascertain the truth if what the voter wants is the truth and nothing but the truth.

Respectfully,

TO CLEAN OUT CANAL. Government Will Clean Out Several Miles of Jacob Swamp Canal This Spring.

Mr. H. M. Lynde, a drainage engineer of Raleigh, spent part of last week in Robeson inspecting the drainage canals in Jacob Swamp. Since returning to Raleigh Mr. Lynde has advised Mr. A. E. Spivey that the government will clean out several miles of the Jacob swamp canals this spring. Several miles of the canal were cleaned out last year by the government as an experiment as to the best way of keeping the canals open.

Preparing for Real Estate Auction Sale. Mr. Ed. B. McMillan will sell 54 lots opposite his residence in the northeastern part of town on the 16th inst., at public auction, to the highest bidder. Mr. H. S. Sheppard, representing the Atlantic Coast Realty Co., which company has conducted quite a number of sales in this section, is here preparing for the sale, which will be featured by a brass band, cash prizes, etc.

RED SPRINGS NEWS

Bold, Bad Men Indeed, Riding For a Fall—Debate at College—Personal Mention.

Red Springs, April 1.—Mrs. R. D. McMillan is visiting her parents in Virginia while Dr. McMillan is in New York city. He expects to be absent for several weeks.

Little Harriett Ella McPhail, who had an operation for adenoids and tonsils in Fayetteville last week, is at home again, much improved.

Mr. W. A. Bullock was in Spartanburg, S. C., part of last week on business.

Mr. and Mrs. Melver of Tarboro spent a few days last week in town visiting their daughters at the college.

Mrs. Ann McGeachy of Fayetteville is visiting relatives in Red Springs.

Mr. Fitzhugh Ball of Virginia was a Red Springs visitor this week.

Miss Marian McRae of Fayetteville is visiting her aunt Mrs. J. L. Brown. Mr. R. B. Branch spent Sunday in town. His many friends were glad to see him again and to learn that he and family are enjoying their new home in Wilmington.

Mrs. W. A. Bullock, Misses Mary W. Bullock, Mary Alice Boyd and Katie Blue McLeod spent Tuesday afternoon in Fayetteville.

A very strong debate by members of the Epsilon Chi society of Flora Macdonald college on Monday night drew quite a crowd. The subject under discussion was, "Resolved, that the Government should control and operate the railroads." The affirmative was upheld by Messrs. Katharine Goodman and Sara Barnhart, while Misses Rebecca Carpenter and Mary Kenna Walker argued for the negative. The decision was in favor of the negative, although the affirmative presented some fine points. The judges were Rev. Mr. Hill of Fayetteville, Rev. Mr. Craig of Lumberton and Mr. A. P. Spell of Red Springs.

FAIRMONT WILL HAVE RE-DRYING PLANT. Charter Has Been Received and Company Will Be Organized Tomorrow.

Work Will Begin on 2-Story Brick Building in Ten Days.

BY HAL V. BROWN.

By Long Distance Phone to The Robesonian.

Fairmont, April 3.—Work will begin within the next ten days on a tobacco re-drying plant for Fairmont, which has for years been one of the leading tobacco markets in this belt.

Charter was received here yesterday for the Fairmont Re-drying Plant, Inc., authorized capital \$100,000. The amount given in the charter as subscribed is \$14,500, but since application was made the stock subscribed has increased to \$25,000. Among the principal stockholders are A. L. Jones, E. J. Davis & Sons, E. J. Chambers & Co., A. N. Mitchell, A. S. Thompson, H. G. Stubbs, O. A. Reeves, G. W. Thompson, and F. C. Jones.

Officers of the company will be elected tomorrow night, when an organization meeting will be held.

A 2-story brick building, about 200 by 150 feet, will be erected on Center street next to the tobacco warehouse of E. J. Chambers & Co.

Mr. O. A. Reeves, a well-known tobacco warehouse man, who will be connected with the re-drying plant, arrived Tuesday from Gretna, Va.

ROAD BOND ELECTION FOR LUMBERTON TOWNSHIP. Petition Signed by Necessary Number of Voters Will Be Presented to County Commissioners Next Monday Asking That Election Be Called—\$100,000 Bond Issue Proposed.

It is considered practically certain that enough signatures will be secured by the last of this week to present to the county commissioners at their meeting Monday of next week a petition to call an election for Lumberton township to vote on a road bond issue of \$100,000 to build approximately 80 miles of permanent roads in the township. One-fifth of the number of registered voters in the township is the number of signatures to the petition required, and it is thought that there will be no difficulty in securing this number—about 120.

There is an almost unanimous sentiment in the township for the bond issue, provided the right man is elected supervisor and some objectionable provisions of the new law under which the bonds would be issued can be overcome. It is understood that St. Pauls township is working on the same proposition.

Miss Annie McKoy of Wilmington arrived last night and will spend some time in town visiting at the home of Mr. C. M. Fuller.

PARKTON ITEMS

Church Supper and Other Church News—More Cotton to Gin—Election to Extend Town Limits May Be Called Off—A Heavy Freeze—Personal Mention.

BY C. D. WILLIAMSON.

Parkton, April 1.—We believe the first item of interest we take up for this week was the shad and oyster supper of last Thursday night at the Pery hall, held by the Ladies Aid society of the M. E. church. The occasion was quite enjoyable and a success, notwithstanding the rough weather to contend with just at the appointed hour. The only trouble was that they failed to prepare enough for the visitors, by 8:30 every thing was eaten up, and several more shad and oysters could have been disposed of. The people of the town were there by a big majority, and everybody seemed to have a good time. Eighty-two or three dollars were the proceeds, with some little expense to be subtracted.

Sunday was a good day with the Sunday schools of the town. All report good attendance and much interest. At the Baptist church at 11 o'clock children's day was observed. A great missionary program by the children and a splendid talk by the pastor, Rev. J. L. Jenkins. It was also an interesting day with the school, and 191 scholars present, which was a record-breaker for that school, and the collections were \$56.54. The Sunday school also presented their faithful and much-beloved superintendent, Mr. Collier Cobb, with a gold fountain pen with his name engraved, which was a real treat and much appreciated by Mr. Cobb.

At the Presbyterian church at 8 o'clock Dr. D. S. Currie addressed one of the largest men's meetings that was ever held in our town. The church was most packed full of men and boys to hear one of the greatest lectures ever delivered in our town. His discourse was confined to diseases and their treatments, etc. It was most helpful to all present. The pastors of all three churches of the town were also present. There were scores of people from all over the county to hear the lecture. The union prayermeeting for the next month will be held in the M. E. church and a great time is anticipated. One of the features will be a large union choir composed of the best voices of the three churches of the town.

Rev. J. L. Jenkins, pastor of the Baptist church, will be in Raeford for a few days attending a faculty meeting of the mobile schools, where he will equip himself as a teacher in the mobile schools July 21 to 25th. Mrs. Jenkins will be with her homefolks at Riverton until he returns, which will be Thursday of this week. Bro. Jenkins will preach a special sermon next Sunday morning to the young people of the town and community.

Mrs. R. C. Toon of Lumberton and Mrs. Amanda Toon of Brooklyn, N. Y., are visiting relatives in town this week.

The following young girls from Flora Macdonald college were visitors to our town today: Misses Edale Currie, Ruby Council, Marie and Catharine McMillan. Mr. Elbert Currie brought them over in his car and all returned this afternoon. They were also Fayetteville shoppers for a couple of hours.

Mrs. C. D. Williamson and small sons, Donovan and Wilbur, also Misses Virginia McCormick and Louise Garrison, went to Lumberton Friday afternoon to visit loved ones and friends. Mr. Daniel McMillan and the writer motored to Lumberton Sunday afternoon and Mrs. Williamson and sons returned Sunday afternoon, while Misses McCormick and Louise Garrison returned Monday.

Mr. A. J. Garris was also a Lumberton visitor today.

Mr. Carl Lancaster of the navy reached home this afternoon. He has received honorable discharge from the army and of course he is happy. We are glad to welcome the boys back.

Mr. J. C. Lancaster went up to Raeford today on business. The Parkton mercantile Co.'s cotton gin ran three whole days last week. And yet there is cotton to be ginned yet and more in some of the patches yet.

The appearance of the dogwood bloom reminds us that it is contemplating time.

Here's hoping for a good peach crop this year.

It is now hoped that the town election to extend the town limit will be called off as a majority of the citizens see no just reason for its extension yet awhile. No election means harmony, while election means strife, and we don't want that.

Esquire A. A. Wright was over at Charlotte last week on business and drove a brand new Ford car back with him. It has only six wheels and will enable him to haul his freight to and fro.

Mr. R. B. Hutson our clever agent at the A. C. L. depot has returned to his post of duty after enjoying a ten-day leave. Mr. C. A. Canady of Buie was the relief.

This morning brought to us up our way a heavy freeze, ice and plenty of it. The ground hard frozen.

ADD ROBESON CASUALTIES. Among overseas casualties reported: Died of disease: Pvt. Fred Gillis, Lumber Bridge.

Mrs. R. C. Kornegay and three children, Nannie Elizabeth, Margaret and E. C. Jr., left today for Mt. Olive, where they will spend two weeks visiting relatives.

GRAND JURY'S REPORT.

Road Commissioners Asked to Take Immediate Steps in Regard to Alleged Grossly Neglected Roads and Bridges—Satisfactory Conditions Found at County Home, Jail, Court House and Convict Camp—Some Recommendations Made.

To Hon. W. P. Stacy, Judge of the Superior Court:

"We have passed upon 19 bills of indictment, finding 18 true bills and one not a true bill. Two bills are returned to the solicitor for want of evidence.

"We have visited the county home by committee, and found 12 inmates—five white, three Indian and four negroes. Some of these are fairly well cared for, but some showed evidence of neglect. We conferred with Mr. I. J. Flowers, the superintendent of the institution, and he promised our committee that he would give more attention to the neglected ones of this unfortunate class. Most of the inmates seemed satisfied with the treatment they are receiving, and we believe that Mr. Flowers is doing the best he can under the circumstances.

"We visited the county chain gang by committee and found 14 prisoners—two whites, 4 Indians and 8 negroes. All these seemed to be well cared for, and all satisfied with the treatment they are receiving, except one Indian, who is insane. We recommend that he be examined by the superintendent of health and placed in a suitable institution for such unfortunates. The condition of the stock being used there is good.

"We visited the county jail by committee, and found the jail in good condition. Nine prisoners are confined there—three whites, two Indians and four negroes. They are well protected and cared for. We found Mr. Prevatt, the jailor, courteous and agreeable. We request that a few more cots be provided, as he has an insufficient number.

"We visited the court house and inspected the county offices. We found the court house in good condition except that new tiles are needed on the landing of the front stairs. The toilets are in fairly good condition. We recommend that the county home demonstration agent, Miss Andrews, be provided with a new desk or filing system.

"All the electric shades and window light in the court house need cleaning, and we recommend that this be given prompt attention.

"We found all the county officers courteous and efficient in the discharge of their duties, and the offices well kept.

"Complaint has been made to us that certain roads and bridges in the county are being grossly neglected, and are badly in need of attention. We recommend that the road commissioners take immediate steps to remedy this need.

"We desire to return our thanks to the court and solicitor for assistance and courteous treatment during our sittings.

J. G. McARTHUR,
Foreman.

URGE GOOD MEN FOR TAX ASSESSORS. Next Monday is the Time for County Commissioners to Appoint 2 Members of County Board of Appraisers—List-takers Also to Be Appointed.

At their regular monthly meeting Monday of next week the county commissioners, according to the provisions of the machinery act, will appoint township list-takers to take the list of personal property, beginning May 1st, and also to revalue any particular pieces of property on which structures have been erected or destroyed of \$100 or more in value the past year. In all other cases the valuations of real property will stand for 1919. The pay of list-takers is increased from \$3 to \$4 per day in the discretion of the board.

"The State-wide dog law (the provisions of which were published in a recent issue of The Robesonian) requires all dogs in each county to be listed for privilege tax, which goes into the school fund of the county. The act leaves it in the discretion of the board to allow additional compensation to list-takers for listing dogs.

Under the revaluation act the commissioners also should appoint at their meeting next Monday two members of the county board of appraisers and review, to value all real property at its actual value. These are to be appointed one from each political party and certified to the State Tax Commission for confirmation. The State Tax Commission is urging all board of commissioners over the State to appoint only men of the highest reputation for sound judgment and knowledge of real estate and who are in "full sympathy with the purpose of the new law to assess the property at its actual value."

Play by Dramatic Club of Carolina College. The Dramatic club of Carolina college, Maxton, will present "The Ghost of an Idea," or "The Wrong Box," at the Lumberton opera house Monday evening, April 7. The play will begin at 8:30. Admission will be 50 cents for adults and 25 cents for children under 14 years old.

The entertainment has been given at Maxton and Rowland and the people at those places were delighted with it.
