MEETS NEXT IN LUMBERTON

Big Road Meet Will Be Held in Lumberton Next Fall—Monroe Road Meet Eclipsed Any Other Road Meet Ever Held in the State—W.C.A., Hard-Surface Highway Seems Assured—Robeson Was Well Represented.

Appointment of working committees with determination to let no grass grow under their feet but to labor in season and out of season until the task is done, adoption of intelligent resolutions framed with a definite purpose, and the selection of Lumberton as the next meeting place of the Wilmington-Charlotte-Asheville Highway association are outstanding features of the big road meet held at Monroe Thursday of last week, a meeting which in points of the number in attendance, enthusiasm and determination surpassed any other road meeting ever held in the State. The Lumberton big road meet will be held some time next fall and by that time perhaps the construction of a hard-surface highway from the mountains to the sea through Robeson county will have begun, or at least should be on the point of beginning.

For through that Monroe meeting ran the unmistakable purpose to comply at once, without further ceremony, to any and all requirements necessary to secure the Federal aid road money to bear half the cost of construction of the proposed hard-surface highway. The committees appointed will go to the State Highway commission with the assurance that the 16 counties directly concerned will do their part and it only remains for the State Highway commission to put in motion the machinery to comply with the formalities of the law that will set free the stream of dollars from the United States Treasury.

The committees upon whose effective work so much depends are advisory and resolutions. Each is composed of one member from each of the counties through which the highway will be built. Mr. L. L. McGirt of Maxton, a member of the county road board, advisory committee, and Senator H. E. Stacy of Lumberton, resolutions committee. These committees are permanent and are expected to take necessary steps towards setting in motion at the earliest possible moment the machinery necessary for beginning the work.

When reports were called for at the business session Thursday afternoon, W. A. McGirt of Wilmington, chairman of the New Hanover board of county commissioners and president of the North Carolina Good Roads association, presiding, county after county reported that it was prepared to do its part and would construct a hard-surface road. Gaston and Mecklenburg reported that they would construct 44 miles of hard-surface road, 24 in Mecklenburg and 20 in Gaston, whether any other counties built that type of road or not. When it came time for Robeson's report, Mr. L. R. Varner, who was chosen chairman of this county's large delegation, told them that Robeson townships were voting road bonds as fast as returns could be counted, that Chairman McGirt was not far wrong in announcing that Robeson would vote a million and a half in road bonds right away, and that Robeson would build some 40 miles of hard-surface road across the county—about as much as Mecklenburg and Gaston combined—and broad in proportion, 24 feet width perhaps being nearer what Robeson wants than the 16-foot standard. And "on down the line, representatives of Union, Anson, Richmond, Scotland, Bladen, Columbus, Brunswick and New Hanover lifted up their voices and gave expression to the hope that is in them, nearly every one giving positive assurance that his county would do its part.

Mr. J. Bayard Clark of Elizabeth town said that Bladen is not one of the richest counties but that it would not be found lacking. Mr. K. B. Council said that Columbus county, not meaning to be abrupt about it, was not going to do anything just now because she had built her part of the proposed highway and had turned it over to the State Highway commission and would provide the money for its upkeep.

West of Lumberton no question was raised as to the route of the highway, so that there is now no more doubt as to the road coming through Robeson than there is as to its going through Charlotte and to Wilmington, but among the resolutions adopted was one recognizing the contention between Bladen and Columbus and the matter of deciding which of these routes should be adopted was referred for decision to the State Highway commission.

Robeson did not go to the road meet with bells on, exactly, but it helped to make more effective the "bells" with which Wilmington and New Hanover were equipped withal. Robeson was well represented, most of the delegates going on the special train of Pullman cars in which the New Hanover delegation traveled. On this train of 7 cars, including baggage car, two cars were reserved for Robeson, about 30 boarding one car at Lumberton and a like number

PAN-GERMAN UNION WANTS EX-KAISER BACK.

The Pan-German union proposes to introduce in the German national assembly a resolution inviting the former German emperor to return to Germany, according to a London Exchange Telegraph dispatch from Berlin.

at Maxton. Besides these, several went up from Lumberton on the regular morning train. Stops were made at Lumberton, Maxton and Hamlet on the trip up while the Wilmington delegation paraded and made a joyful noise and gave demonstration of the fact that they were there with the old pep. A number of ladies from Wilmington served refreshments on the train and altogether it was a pleasant trip, but the engine was overloaded and made sorry speed, so that the train arrived at Monroe at 2:30 p. m., instead of an hour earlier, as per schedule. At Monroe the train-load of over 200 road enthusiasts formed in line and marched from the station to the court house, led by the Wilmington drum and bugle corps and a band from Charlotte which helped to make merry, and they made a brave show.

A number of speeches were made at the morning session, at which Col. Kirkpatrick of Charlotte, president of the Wilmington-Charlotte-Asheville Highway association, and the name of the association was changed to the Wilmington-Charlotte-Asheville Highway association. Among the speakers of the afternoon was Mr. Jas. H. Cowan of Wilmington, who gave assurance that New Hanover, though she might wrap a mantle of selfishness about her and say that she had already built a wonderful system of good roads and was not concerned, was in the highway movement to co-operate in every possible way.

Several group pictures of New Hanover good roads were presented, one to Charlotte, one to Union county and Monroe, and one to Robeson. The presentation of the group picture to Robeson was made by the president of the Wilmington Rotary club and was accepted in a graceful speech by Lieut. H. A. McKinnon of Maxton.

The following Robeson county people attended the meeting, a few of them going on the regular morning train but most of them going on the Wilmington special: From Lumberton—L. R. Varner, County Commissioner C. B. Townsend, State Senator H. E. Stacy, S. McIntyre, T. L. Johnson, former State Senator Frank Gough, G. L. Thompson, G. M. Whitfield, Ellie Walters, F. A. Wishart, H. H. Anderson, John Bullock, Ben Floyd, C. B. Skipper, D. Bullard, O. C. Deese, Ira Bullard, Dr. R. S. Beam, T. A. McNeill, Jr., A. E. White, D. D. French, W. W. Wetmore, Dr. T. F. Costner, W. C. Barker, E. L. Hamilton, V. B. McMillan, Wright Prevatt, D. R. Shaw, R. O. Edmund, W. K. Bethune, A. Weinstein, A. V. G. Wishart, Harry Green, C. M. Barker, J. Dixon McLean, R. H. Crichton, Frank Holloway, J. A. Sharpe, Pembroke—J. A. McCormick, D. A. Shaw, Fairmont—Sandy Thompson, A. J. Floyd, Maxton—W. J. McKay, D. M. Clarkson, E. E. Chandler, Lacy Williams, J. E. Carpenter, H. C. McNair, T. O. Evans, County Commissioner Rory McNair, Representative G. B. Sellars, J. B. Sellars, McKay McKinnon, A. J. McKinnon, G. P. McKinnon, J. M. McKinnon, J. A. McKinnon, H. A. McKinnon, A. C. McKinnon, Road Commissioner L. L. McGirt, J. E. Morrison, Ernest Williams, J. P. Stansel, J. W. Carter, J. B. McCallum, C. J. Cottingham, Zeb Bullock, R. D. Croom, Will Stewart, W. C. Hamer, D. M. Stewart, Alex. Stewart, C. C. York.

With the exception of New Hanover, and possibly of Mecklenburg, Robeson had the largest delegation at the meeting. The personnel and size of the delegation show that Robeson county citizens are intensely interested in the building of this proposed great trunk-line of hard-surface highway and is ready now to do its part.

Lumberton and the entire county will be proud to entertain the meeting that will be held here next fall.

FAIRMONT SCHOOL FINALS.

Splendid Exercises at Close Last Week of Most Successful Term—Address by Prof. Cochran of Wake Forest.

(BY HAPPY JACK)

Splendid commencement exercises Thursday evening, Friday and Friday evening marked the close of a most successful term of the Fairmont high school. The baccalaureate sermon was preached Sunday, May 25, by Rev. Dixon of Red Springs. The exercises by the pupils of the school began Thursday evening when two plays were presented to a large and appreciative audience. A play, "A Call to the Colors," was presented out by the U. S. government—"Thrifty Morality"—was presented by the Tenth grade.

A feature of the exercises Friday was an address by Prof. T. E. Cochran, head of the department of education at Wake Forest college. "What is the Secret of Success?" was the subject of the able address delivered by Prof. Cochran. The speaker declared that success does not depend upon mere fortune or good luck, but upon a gritty persistence in the accomplishment of a worthy purpose. This address was a masterpiece and the speaker was given close attention and hearty applause.

The exercises were opened with a song—"American"—by the audience, followed by prayer offered by Rev. J. T. Draper, pastor of the Robeson circuit. After the address diplomas were presented the five members of the graduating class, as well as those who passed the tenth and seventh grade examination by Mr. Draper. The graduating class was composed of four girls—Misses Grace Fisher, Emily Cole, Teda Mitchell and Cleatus Thompson—and one boy—Mr. Lawrence West.

In the afternoon an interesting ball game between the Fairmont team and a team from Laurinburg was staged. The score was 1 to nothing in favor of Fairmont.

While no public dinner was served on the grounds, visitors were entertained in the hospitable homes of Fairmont citizens. The reporter enjoyed his annual commencement dinner at the home of Mr. O. I. Floyd. This was about the eighth commencement dinner he has enjoyed at the Floyd home and his desire is to partake of at least eight more of the same make up. Mr. and Mrs. Floyd and their two small daughters spare no pains in making it pleasant for visitors to their attractive and hospitable home.

Members of the graduating class presented a play—"The Runaways"—Friday evening and as a whole the closing exercises of the school were highly entertaining and profitable to both pupils and visitors.

The faculty of the school was: principal, H. L. Dixon; eleventh grade, Miss Mary Wilson Childs; seventh and eighth grades, Mrs. H. L. Dixon; sixth grade, Mrs. J. O. Bebbitt; fourth and fifth grades, Miss Agnes Asheley; second and third, Miss Rebe Ousby; first, Miss Elizabeth Baker; music, Miss Geneva Morrison.

TO BE TRULY GREAT IS A MATTER OF CHOICE

True Manhood and Womanhood is Within the Reach of Every One—Dr. Beaman Preaches to Members of Graduating Class of Lumberton High School.

Basing his discourse on Solomon's wise choice of an understanding heart when God asked him what divine gift he would ask, as told in 1st Kings, 3rd chapter, beginning with the 5th verse, Rev. Dr. R. C. Beaman preached a sermon at Chestnut Street Methodist church yesterday morning especially appropriate to young graduates, most of the members of the class of '19 of the Lumberton high school attending the services in a body, according to a custom of long standing. Eloquently and forcefully Dr. Beaman held up the high ideal of true manhood and true womanhood, the attainment of which he declared, is a matter that lies within the choice of every one, whether born to wealth or poverty. One cannot yawn oneself into great achievements but must pay the price of hard and unremitting toil. You can be a man or a mountebank, a king or a clown, he said; it is a matter of choice. He could not predict great careers for members of the class, he said, as the world counts greatness, but real manhood and womanhood is always a matter of choice, and each could attain to that greatness, and there is nothing greater than that.

The order of service was changed at this church yesterday and the communion service was held in the evening, preceded by a delightful and instructive illustrated sermonette to children on the subject of "Candles."

"JUDGE" WAS FACETIOUS.

He Was Ticked to Death With Charms of a Lumberton Girl for Whom He Performed the Marriage Ceremony.

Miss Mattie Shooter, daughter of Mr. Walter Shooter of Lumberton, and Mr. Neil Stanton Murphy of Buffalo were married in Wilmington Saturday evening and arrived here last evening. The following account of the marriage is taken from yesterday's Wilmington Dispatch: Miss Mattie L. Shooter, of Lumberton, was married to Mr. Neil Stanton Murphy, of Buffalo, in the vault of the register of deeds' office last night, Judge Bornemann performing the ceremony in his own inimitable manner and providing accordion music for the introduction of a number of novelty dances by the genial register of deeds, and Miss Katherine Williams, of Charlotte, who was present at the ceremony in the role of bridesmaid.

The ceremony was not without humor, although performed strictly in accordance with the laws of God and man. It could not have been otherwise with the magistrate in such a happy frame of mind.

The justice was unable to restrain himself on several occasions and actually halted during the ceremony to ask of the witnesses, "Isn't she a darling." After getting a similar view from those in attendance he proceeded with the ceremony until he reached that point where the contracting parties are admonished to clasp hands. He issued this instruction and in the same breath advised them to cease laughing.

Completion of the ceremony brought the judge's reward. Upon the invitation of the groom with the consent of the bride he got the first kiss.

But the real feature of the evening came after marriage certificates had been filled out and the judge had gone to his office and returned with his accordeon. This was a series of novelty dances by the register and Miss Williams, bride's maid.

Blair, at first protested his inability to do the tickle toe, but after he had been properly urged and his subordinate, Deputy Register of Deeds Bannerman, had cleared the floor of the vault by moving the tables back, he moved forward with Miss Williams and the bride party was treated to a series of dances of the type that will live in their mind's eye forever.

INTERNATIONAL SITUATION

Terms Presented to Austrians Today—Germans Claim Terms Are "More Than They Can Bear."

Following is the summary of the Associated Press in this morning's papers:

The long-awaited presentation to the Austrians of the terms under which they may have peace with the allied and associated powers will take place Monday at St. Germain-en-Laye, a short distance outside of Paris. The Austrians will learn, however, only what they will have to do from the military and political standpoints and how their future boundaries are to run. The cost to them financially in indemnities and reparations will be withheld to be presented at a later date.

Meanwhile commissions of the Allies are going through the German counter-proposals to the German treaty and it is expected the reply of the allied and associated powers to them will be delivered during the present week. Sunday saw the council of four inactive, awaiting the report of the commissions. Count von Brockdorff-Rantzau, head of the German delegation continues to assert that the allied terms cannot be accepted as originally framed, declaring them to be "more than the German people can bear."

Whether the Allies are to make concessions remains to be seen.

German troops in Letland and Lithuania are reported to have been ordered to withdraw to new lines in the Baltic provinces marked out for them by the allied high command. British and Bolshevik Russian warships again have come into battle in the Gulf of Finland. Although the Bolsheviks had the big battleship Petropavlovski, a vessel of 23,307 tons, in their battle line they were forced eventually to flee to Kronstadt.

Ignace Jan Paderewski, premier of Poland, has requested President Wilson to form a commission of Americans to proceed to Poland to investigate the reports of programs and other excesses against the Jews in that country.

The threatened London police strike has been postponed until after peace is signed.
