### HE TELLS WHAT HE THINKS OF AMERICA

Syrian Says Now is Time For Every Man To Prove Patriotism—Answer Found in War Savings Stamps.

It sometimes takes the new-comer to appreciate America. The native-born is often too close to the situation to realize what this country means to the world today. He is used to all that it offers, taking it as a matter of course, and frequently loses the vision in sordid detail; while the new-comer—but listen to what one of them had to say.

He is George E. Ribbany of the 1919 class of the Boston High School of Commerce and he came to this country from his native land, Syria, when he was 10 years old. In a four-minute speech on the value of War Savings Stamps, given at the school recently, he said in closing:

"Hate is not characteristic of the American people, but the Germans taught us unwillingly how to hate them. Now it is a sin not to hate the spirit the Hun showed and not to abolish it from the face of the earth. Of the latter we are positively sure, because the American passion for justice is a hundred times stronger than was the German passion for conquest."

"I never entertained the idea of becoming an orator and I am sure that I lack oratorical ability, but such qualifications are unnecessary on an occasion like this, because the only and best inducement to a true American is the call of his duty and government, and not even the best oration of the greatest speaker of all times."

"Whether we all realize it or not, we are now in the midst of a period which will be known to all the oppressed peoples of the world as the Americanization period. Now is the time for every one of us to prove whether he is a sham American or a genuine American."

The practice of thrift and the purchase of War Savings Stamps are just now good indications of the genuine American. They make for financial independence, freedom, prosperity and happiness.

A Traveling Man's Experience. You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

### DELIGHTED OWNERS.

Among the many who have recently purchased "The Book of Knowledge" are Mr. J. A. Sharpe, Mr. L. R. Varner, Mrs. Alf H. McLeod, Mrs. Claire S. Thomas, Mrs. R. G. Stabbs, Mr. A. C. Johnston, and Mr. R. L. Caldwell. Ask any of them how this great home library interests, amuses, charms and educates the child and how delightfully interesting and beneficial it is to every member of the household.

When you want a pleasant physiotherapy Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter.

### NOTICE!

To our many customers and tobacco growers in general:

The news seems widespread that our market will be open only for a few days and that tobacco will sell cheap. Such news is unfounded.

We will be open for some time; as long as necessary.

We expect to have three big weeks, and expect to see tobacco sell high. Do not rush all of your tobacco to market at once, if you do somebody will see cheap tobacco.

We are going to maintain our high average and see all tobacco sold with us is sold for the high dollar.

Do not sell your tobacco at home, nor to "pin-hookers" after you come to town.

We want to see every farmer get the highest dollar for every pound of his tobacco.

Your friends,  
**Cooper, Noblin & Eakes.**
