The Evidence Is At Your Door

Lumberton proof is what you want, and the statement of this highly respected resident will banish all doubt:

T. G. Britt, farmer, 908 E. Second St., Lumberton, says: "I was troubled with my kidneys and back about twenty five years. Often the complaint kept me down and sharp catches would take me in the small of my back and I wouldn't be able to move for a minute or so. When I would bend over it was almost impossible to straighten. Mornings my back felt worse, and I could hardly get out of bed. I tried different remedies but seemed to get no better. Upon a friend's advice I began taking Doan's Kidney Pills which I got at McDonald's Drug store. The first few doses brought me great relief and on long made me as well as ever. Whenever I have noticed any return of this trouble, Doan's have always brought the same fine results." (Statement given April 1, 1915).

On May 25, 1918, Mr. Britt said: "I think just as highly of Doan's Kidney Pills now as when I gave my last recommendation. Doan's cured me of a bad attack of kidney complaint and I recommend this remedy at every opportunity."
