

NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" Then Breaks up a Cold in a Few Hours.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

AMERICAN DEAD CANNOT BE REMOVED FROM FRANCE NOW.

Paris dispatch, Nov. 24: The 65,000 American dead in France must be left in the graves they now occupy until the French are ready to exhume their own dead, which it is hoped will be before January 1, 1922.

The foreign office has promised to consider the latest request of the American government for the return of its fallen soldiers, but later the following official announcement was made:

"It has been definitely decided that the allies who fell together for the same cause should remain together in death until circumstances permit of the returning of the bodies to the families for whom they sacrificed themselves."

Little Helen Jeannette McIntyre Correspondence of The Robesonian.

Lumber Bridge, Nov. 24.—Little Helen Jeannette, daughter of Mr. and Mrs. C. P. McIntyre, was accidentally burned to death in Atlanta, Ga., Nov. 18th, and buried at Lumber Bridge Nov. 22nd. She was nearly four years old and was a bright and happy child and was buried under a mass of beautiful flowers given by her Sunday school class and sorrowing friends.

J. A. CURRIE.

Needn't Lose Sleep Over Weevil. Marshville Home.

It is said that one county in Alabama built a \$3,000 monument to the boll weevil—after farmers went into the live-stock industry. We need not lose any sleep over the probable coming of the weevil. If you will take a trip through such counties as Davidson, Davie and Guilford, where farm lands sell for \$150 per acre and where neither cotton nor tobacco is grown and see the good farm houses and easy living conditions you will become better reconciled over the thought that you will be compelled to curtail your acreage in cotton to be within the "safety first" lines.

Republican Managers Out for Big Slush Fund.

Washington Cor., Nov. 27, Raleigh News and Observer: A charge that the Republican managers already have started to gather an immense slush fund for the campaign of 1920 and that it may total \$100,000,000 if the present ratio is kept up, has been made by W. W. Durbin, State chairman of the Ohio Democratic executive committee, in an open letter to Chalmers Homer S. Cummings of the Democratic national committee.

Death of Alfred Page of Lee, Fla. Correspondence of The Robesonian.

Lumberton, R. 6, Nov. 28.—Alfred Page of Lee, Fla., passed away Saturday, 22nd, 10 o'clock p. m. His funeral was conducted by Rev. James Byrd of Hayestown from the Gospel Tabernacle at White Pond Tuesday p. m., and the body was interred in the family burying ground there. The floral offerings were beautiful and a large crowd of relatives and friends was present. He lived a consecrated Christian life 25 years.

"SOPHIA."

Three of the group of buildings in the center of Baltimore, Md., formerly occupied by Johns Hopkins university were wrecked by fire Friday and about a score of residences and stores in the vicinity were damaged, the loss being approximately \$700,000. The loss to the university alone is estimated at around half a million dollars, covered by insurance. Eutaw Methodist church, two blocks away, one of the city's oldest edifices, beneath which the remains of Bishop Frances Asbury, first Methodist Episcopal bishop in America, lie buried, was set on fire and badly damaged.

HUNGRY BUT DAREN'T EAT

Take "Pape's Diapepsin" and eat favorite foods without fear

Your meals hit back! Your stomach is sour, acid, gassy and you feel bloated after eating or you have heavy lumps of indigestion pain or headache, but never mind. Here is instant relief.

Don't stay upset. Eat a tablet of Pape's Diapepsin and immediately the indigestion, gases, acidity and all stomach distress caused by acidity ends.

Pape's Diapepsin tablets are the surest, quickest stomach relievers in the world. They cost very little at drug stores.

Success of Robeson County Girl in the Mountains.

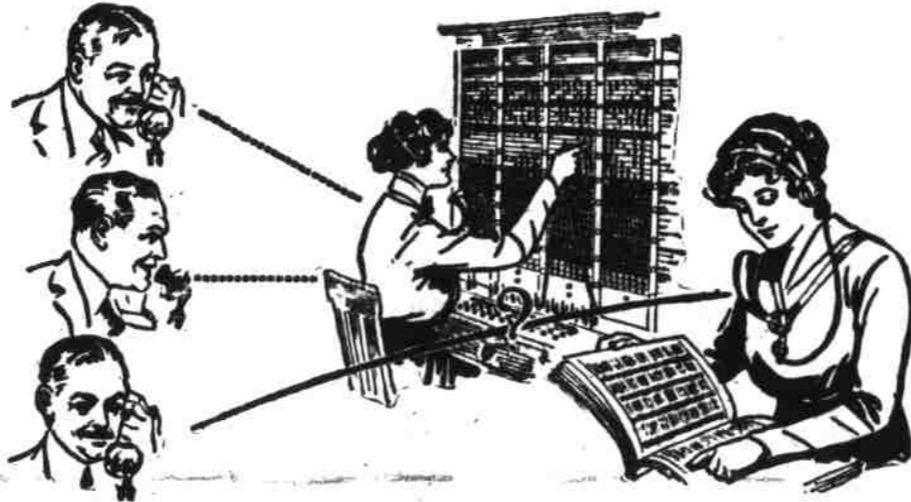

The following from a recent issue of the Alleghany Star is of interest to many Robesonian readers, Miss Williamson being a daughter of Mr. and Mrs. C. D. Williamson of Parkton: On Saturday night, Nov. 22nd, in the auditorium of Glade Valley high school, Miss Annie Williamson's class in music gave a most successful recital. The way in which every selection was rendered proves the competency of the teacher.

This is Miss Williamson's third year in our county, and her natural musical talent, energetic nature, and charming personality has won for her many friends.

Do You Enjoy Your Meals?

If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats, masticate your food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure.

Why "Central" Cannot Stop To Answer Questions

The duty of the switchboard operator consists of answering your *number calls* and getting connections for you.

If she stopped to answer questions, the *number calls* would pile up and the service would be delayed, which would be an injustice to the other subscribers.

When in response to a question, she says: "I'll give you Information," she is simply obeying her instructions.

If you cannot find the information you want in the telephone directory, ask the operator for "Information" and she will connect you with the Information desk, where your question will be promptly answered.

When you telephone—smile

"The 52 Biggest Problems of the Average Southern Farmer"

EVERY member of The Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty nearly perfect list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of The Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which each discussion will appear:

- November 1—Financing the Farmer: (Personal and Short-term Credit; Long-term Credit for Land Purchase; Avoiding "Time-prices"; Utilizing National Farm Loan Associations, etc.)
- November 8—Systems of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.
- November 15—Arranging and Erecting Fences; Relative Values of Different Systems, Material, etc.
- November 22—How to Reduce Land-washing to a Minimum. (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hill-sides, etc.)
- November 29—What Changes Are Needed to Insure Better Health for Men, Women and Children on the Farm?
- December 6—Winter Care and Feeding of Horses, Mules, Cattle and Hogs.
- December 13—Getting Rocks and Stumps Off the Land.
- December 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.
- December 27—Business Methods on the Farm; (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.

The Progressive Farmer
