A Brave 'Possum—Much Moving—Young People Returning to School—Personal Mention.

By C. D. Williamson. Parkton, Jan. 6.—The following young ladies left for Flora Macdonald college today: Misses Burnice Smith, Virginia McCormick, Esdale Currie, Ruby Council, Cathrine McMillan and Margaret Hughes.

Mr. L. P. Johnson spent Sunday at Smithfield with his brother and aunt. Messrs. B. A. McDonald and J. T. McNatt went up to Smithfield today on business.

That New Year's dinner at the elegant home of Mr. and Mrs. J. M. Johnson was a treat. A number of relatives and a friend or two participated and speak in high terms of the occasion and a huge goblet.

Last we forget, on last Friday night just before Mr. W. G. Canady retired he heard a slight noise in the dining room whereupon he opened the door, struck a match and to his surprise be-

held an opossum right in the middle of his dining table eating butter. His match went out and he came with a lamp and succeeded in the capture of his game. The opossum is yet alive and doing well. Mr. Canady took his game over to Everett and Faircloth mill on the following day and gave it to young Faircloth. The above lines are true and if any one can compete call or 'phone No. 37. Now boys, learn to bait your traps or boxes with butter and catch opossums.

Mr. J. T. Bunnell has moved from his farm to the J. D. Gillis stores building. Many people have moved up our way and many more to move. Even on Sunday people can be seen moving.

Mr. H. B. Culbreth spent Christmas with his brother, Mr. A. M. Culbreth of Tarver, Ga., and returned Saturday and left Tuesday for Davidson college.

FRIENDS NOTICED HER IMPROVEMENT

After Taking Tanlac Mrs. Norman Feels Better Than in Five Years.

"When my friends tell me how much I have improved in health and appearance I always say I owe it all to Tanlac," said Mrs. Margaret Norman, of 2 Dale Avenue, Oklahoma City, Okla.

"Several years ago," she continued, "I had an attack of nervous prostration, and afterwards I would suffer with cramps in my stomach after eating. I had palpitations of the heart and shortness of breath so bad that I would actually become unconscious at times and I would have such terrible headaches that I could hardly endure them, I became so weak that I was unable to attend to my household duties and everything was a burden to me.

"Nothing seemed to help me at all till I began taking Tanlac on the advice of a friend. Then my headaches left me the first week and my stomach trouble was soon relieved. Now I can eat anything I want without its being followed with palpitations, headaches, or sick spells. My nerves are in fine shape and I sleep well at night. I have gained several pounds in weight, my strength and energy are returning and I actually feel better than I have in five years. My husband has been taking Tanlac, too, and he thinks as highly of the medicine as I do."

Tanlac is sold by leading druggists everywhere.

day with all the teachers present, but yet one or two short and it seems as there is no chance to secure any more.

Miss Georgia Williamson left Friday for Greensboro Normal college.

Mr. A. L. Everett now holds a position with the Parkton Mercantile Co. Mr. J. G. Wright has moved from his farm to town.

The union prayermeeting meets during the present month at the M. E. church, to which the public is cordially invited.

Sorry to report much cotton yet in the fields up our way.

SAW IT IN THE ROBESONIAN

In subscribing for The Robesonian the other day after being off the list for a year or so, a Robeson county citizen said that he so often heard people say about something that he had not heard about, "Saw it in The Robesonian," that he was just naturally tired of being out in the cold, so to speak, not knowing what was going on and everybody else knowing from having read it in The Robesonian, and he was not going to stand it any longer but was going to have The Robesonian come to see him twice a week and then whenever anybody started talking about something that all the neighbors knew about from having read it in The Robesonian, he'd know too, and nobody would have anything on him.

That man is not going to feel lonesome and like a red-headed stepchild any more, but like one of the family. Sure you cannot feel like one of the great family of Robeson county folks unless you can read The Robesonian. And it costs so little that everybody can afford to come in.

TEACHERAGE A SUCCESS.

Plan at St. Pauls is Filling a Long-Felt Need—Combats H. C. L.—Other School News.

Correspondence of The Robesonian.

St. Pauls, Jan. 9.—The teacherage at St. Pauls is filling a long-felt need. All the teachers are well pleased with the arrangement. It is run on the club plan with Mr. Teague as manager. He has had considerable experience along this line as manager of a similar club during his college days. The teachers are reaping the benefit of this experience.

So far our expenses have only averaged \$17.41 per month. This includes lights, phone, wood, board, etc. We have had a number of visitors at school this year and when it comes time for a meal we always bring them to the teacherage and entertain them free of charge.

Mr. Teague and the teachers have papered and painted a number of the rooms. The material was bought by the betterment association and the work done free by the teachers. The betterment association has also screened the teacherage and they are hoping to get the house painted on the outside by commencement.

School opened for the spring term January 5, with a full attendance of old students and 50 or more new ones.

Miss Susan Fulghum, of the State Board of Examiners, visited the school recently and put in a course

The Best Cough Medicine.

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Coburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

in teacher training for the senior class. A number of the girls are taking this course and we are sure that they will be benefited by it. The Betterment association will meet at the school house Monday afternoon, January 12, at 3 o'clock. All members are requested to be present.

Saint Pauls has been fortunate in securing Miss Ethel Cobb, as teacher of the ninth grade.

155 Years Old.

Los Angeles, Cal., Jan. 8.—Anna Prater, a negress, today officially was listed as 155 years old by a federal census enumerator.

She was born in South Carolina, she said; was sold 15 times as a slave; acted as "mammy" to 52

white children, and ran away from three masters, only to be recaptured each time. While telling her life history she busied herself with sewing.

Messrs W. P. and J. L. Jenkins of R. 3, Lumberton, were among the visitors in town Tuesday.

The Fullness of Our Day... "When every farmer in the South shall eat bread from his own fields and meat from his own pastures and disturbed by no creditor, and enslaved by no debt, shall amidst his teeming gardens, and orchards, and vineyards, and dairies, and barnyards, pitching his crops in his own wisdom and growing them in independence, making cotton his clean surplus, and selling it in his own time, and in his chosen market, and not at master's bidding—getting his pay in cash and not in a receipted mortgage that discharges his debt, but does not restore his freedom—then shall be breaking the fullness of our day." —HENRY W.
