FIERCE CYCLONE IN UNION.

Death and Destruction Left in Wake of Cyclone Which Visited Union County Monday Night—3 Persons Killed, Many Injured, Many Houses Destroyed and Giant Trees Torn Up by Roots.

"Death and destruction and suffering and want were strewn in the wake of a cyclone which tore furiously through the northern part of Union county early Monday night, sweeping almost everything in its path before it" states a Monroe dispatch of the 13th to the Charlotte Observer.

Three persons are known to be dead, with the possibility of other deaths being reported. Eight others were injured, some of them seriously and a score or more are homeless. Hundreds of thousands of feet of valuable timber were mangled in the storm's fury. School houses and churches were lifted from their foundations and swept away, entire orchards were demolished and hundreds of giant trees were torn up by the roots.

The known dead are: Robt. L. Polk, 30 years old, a farmer living near Ebenezer, killed and several members of his family injured when the storm struck their home and tore it into splinters; two small sons of Luther Williams, a farmer living four miles from Unionville.

The storm seems to have started at a point 6 miles northwest of Monroe, but that town knew nothing of it until the next day. It struck in spots, dipping down and causing death and destruction, rising and sailing over a section only to dip down again. Stories are told of escapes that were miraculous. It is said to have been the worst storm that ever visited the county. It is said that the Rocky river section of Stanley county also was hit hard by the storm.

Request Removal or Demotion of Col. Lyster.

Senator F. M. Simmons has been requested by John Beasley of Monroe, commander of the North Carolina department of the American Legion, to use his influence to secure the removal of Lieutenant Colonel W. H. Lyster, commander at United States army general hospital number 19, at Oteen, near Asheboro.

In his telegram to the Senator, Commander Beasley declared that the North Carolina department of the legion holds Colonel Lyster responsible for the conditions which have existed at Oteen and not the enlisted men who are held for court martial.

His message follows: "Senator F. M. Simmons, Washington, D. C. "The North Carolina department of the American Legion requests that you use your influence towards securing the removal of Lieutenant Colonel Lyster from command of the government tubercular hospital at Oteen. The war department's investigation of conditions there has practically substantiated our contentions of abuse of patients and the prevalence of unsanitary conditions. We hold him responsible and not the enlisted men who are held to face court martial. Your efforts to bring about removal or demotion will be appreciated by the thousands of ex-service men in North Carolina."

Concert for Benefit of The Belgians.

All lovers of good music will be pleased to know that on April 27th the Belgian violinist, Miss Charlotte Ruegger will give a concert in the high school auditorium.

The proceeds will go directly for the benefit of the Belgians who suffered so much during the great war. Miss Ruegger is a violinist of note, a graduate of the Royal Conservatory of Brussels, a pupil of Caesar Thomson, and for twelve years one of the teachers of his famed violin school in Brussels. She is thoroughly familiar with the whole range of violin literature, she has had the advantage of association with the great masters, and all this, with her intensely musical nature and technical skill, account for the strong impression she has made as a player and teacher.

She was director of the school of music at Meredith college for three years, and is now at the head of the Fayetteville conservatory of music.

After 14 years, during which time he had been living somewhere in security under an assumed name, Richard Derrick Sunday walked into the jail at Athens, Tenn., and surrendered for trial for the murder of Hugh Dugan. He said that he promised his wife on her deathbed that he would return to their former home and give their children their right name.

COUNTY ROAD MATTERS.

State Highway Route From Harper's Ferry Approved—Township Supervisors Must Make Itemized Quarterly Reports—Other Matters.

The county road commission has ordered the county road superintendent, Mr. Covington, to survey and mark out the route of the State highway from the Scotland county line to the Columbus county line, the route determined by him and his assistants to be approved by the board and the lands appropriated as allowed by law for the use of a public highway. It was further ordered that the route of this highway begins at a point designated by the county superintendent at Harper's Ferry bridge, runs a direct line to the right of way of the Seaboard Air Line railroad and thence down the right of way of the railroad to the town of Pembroke. This order was passed at a meeting of the road board Monday to permit work on this road, held up by certain parties at Pembroke, to go on.

The order concerning roads at Gum Swamp and Wilson's church was rescinded and the road at Gum Swamp was ordered built as laid out by Mr. T. O. Evans. Supt. Covington was instructed to stake out road so as to make necessary intersection at Wilson's church at the dividing line between Maxton and Smith's townships.

It was ordered that no township supervisor shall buy any machinery without first getting the approval of the county superintendent of roads. It was further ordered that all supervisors shall be required to publish an itemized statement of all accounts and disbursements from January 1st, last, to April 1st, and hereafter at the first of each quarter, same to be posted in some conspicuous place in the township.

RAILROAD STRIKE

Plot Behind "OUTLAW" STRIKE

Of Russian Radicals to Capture Industry and Overthrow Government.

Wm. Z. Foster, radical leader of the unsuccessful steel strike last fall, is the prime mover behind the "outlaw" railroad strike. The Department of Justice announced in Washington last night. Attorney General Palmer made public evidence of plans prepared by Foster and his adherents to disrupt the four big railroad brotherhoods and to organize all rail workers into the "one big union."

As this phase of the situation became known, President Wilson met his cabinet for the first time since last August and it is understood that it was decided to hold in abeyance prosecution of the government toward the strikers pending the receipt of information showing the directing impulse of the strike agitation. Mr. Palmer said he knows the dates fixed for nationwide strikes in other industries and that this whole program is one phase of the plans of the Russian radicals "designed at the ultimate capture of industry," the overthrow of government and the setting up of a dictatorship like that in chaotic Russia.

Reports from all sections of the country indicated that the peak of the strike had been reached and that the return movement of the strikers had begun. This was especially true in the middle west, the opening scene of the strike movement.

Several new pupils were enrolled during the month of March which brings the enrollment up to 110.

Unusually good work was done in the school during the past month. The grammar grades took up two new studies—"Current Events" and "The Cause and Prevention of Malaria." The older girls have been much interested in the latter study and are already making an effort to have holes driven in all tin cans used at their homes.

The grammar grades have also been much interested in the suffering Jewish children and have contributed \$3 for their relief. A check for this amount has been sent to Mayor Proctor.

The Easter service at the M. E. church Sunday night was much enjoyed by a large congregation. The children recited splendidly. Miss Pauline Sikes deserves special mention in training the children. The choir was a feature and the new Easter music will long be remembered. Miss Brittain's splendid solo was delightful. Mrs. R. B. Hutson performed at the piano. The pastor, Rev. W. L. Maness, concluded the program with a 30 minutes sermon that was quite interesting.
