"Ziron Did Us Both Good," Writes Mr. Gentry, of Norene, Tenn.

It is a well-known medical fact, that iron is a necessary constituent of the blood, and that blood lacking iron is the cause of many troubles that only iron will cure.

Ziron, a scientific compound of iron with other valuable ingredients, is the remedy to take when your blood needs more iron, and your system requires a tonic. Ziron is mild and harmless, does not stain the teeth, and is good for children as well as adults.

writes: "Ziron Iron Tonic has made good in my family. I have used it to a very great advantage to myself and my 14-year-old boy. It did us both good. I think it is a good medicine for what it is recommended."

If you are pale, weak, tired, feel down and out, take Ziron. It will put iron into your blood, and should help build you up.

Get a bottle from your druggist today, and give ZIRON a fair trial. Sold by him under a money-back guarantee. Ask him about it. He will tell you.

CHIEF CAMPAIGN ISSUE

President Wilson Urges Bold Championship of League of Nations by Democratic Party.

A call to the Democratic party to go into the campaign standing square in favor of the treaty of Versailles and against the Senate's reservations was recommended by President Wilson in a telegram to Oregon Democratic leaders made public at the White House.

The telegram was in response to the following message from G. E. Hamaker, of Portland, Ore., chairman of the Multnomah county Democratic central committee:

"Primary election May 21. Please wire whether you consider it important to nominate candidates pledged to ratify Versailles treaty without Lodge reservations."

The reply of the President follows:

"I think it imperative that the party should at once proclaim itself the uncompromising champion of the nation's honor and the advocate of everything that the United States can do in the service of humanity, that it should therefore indorse and support the Versailles treaty and condemn the Lodge reservations as utterly inconsistent with the nation's honor and destructive of the world leadership which it has established and which all the free peoples of the world, including the great powers themselves, had shown themselves ready to welcome."

"It is time that the party should proudly avow that it means to try, without flinching or turning at any time away from the path for reasons of expediency, to apply moral and Christian principles to the problems of the world. It is trying to accomplish social, political and international reforms and is not daunted by any of the difficulties it has to contend with. Let us prove to our late associates in the war that at any rate the great majority party of the nation, the party which expresses the true hopes and purposes of the people of the country, intends to keep faith with them in peace as well as in war. They gave their treasure, their best blood and everything that they valued in order, not merely to beat Germany, but to effect a settlement and bring about arrangements of peace which they have now tried to formulate, in the treaty of Versailles. They are entitled to our support in this settlement for which they have striven."

League Hope of World.
"The league of nations is the hope of the world. As a basis for the armistice, I was authorized by all the great fighting nations to say to the enemy that it was our object in proposing peace to establish a general association of nations under specific covenants for the purpose of affording mutual guarantees of political independence and territorial integrity to great and small states alike, and the covenant of the league of nations is the deliberate embodiment of that purpose in the treaty of peace."

"The chief motives which led us to enter the war will be defeated unless that covenant is ratified and acted upon with vigor. We cannot in honor whittle it down or weaken it as the Republican leaders of the senate have proposed to do. If we are to exercise the kind of leadership to which the founders of the republic looked forward and which they depended on their successors to establish, we must do this thing with courage and unalterable determination. They expected the United States to be always the leader in the defense of liberty and ordered peace throughout the world, and we are unworthy to call ourselves their successors unless we fulfill the great purpose they entertained and proclaimed."

"The true Americanism, the only true Americanism is that which puts America at the front of free nations and redeems the great promises which we made the world when we entered the war which was fought, not for the advantage of any single nation or group of nations, but for the salvation of all. It is in this way we shall redeem the sacred blood that was shed, and make America the force she should be in the counsels of mankind. She cannot afford to sink into the place that nations have, usually occupied and become merely one of those who scramble and took about for selfish advantage."

"The Democratic party now has a great opportunity to which it must measure up. The honor of the nation is in its hands."

IF COUNTY IS DIVIDED THERE WILL BE HIGHER TAXES

Taxpayer Who Has Had Experience With a New County Says Taxes Will Be Higher if County is Divided—His Taxes Went From \$3.96 to \$13.44.

To the Editor of The Robesonian:

I am a subscriber to The Robesonian and have been keeping up somewhat with the two factions as to the division of the county, making a new county or counties out of Robeson. I am a taxpayer of said county. I moved to Marion county (Lake View, S. C.) since that date Marion county has been split and formed Dillon county. In the year 1909 I paid to Marion county tax amounting to \$3.93; in 1910, in the new county (Dillon county), I paid \$13.44. This will give the readers some idea as to variation of tax which is sure to be levied if the county is split.

Of course every section wants a county seat. Naturally it must take a high levy to build court houses and jail's, officers to fill the different positions of said county. The expense of a large county is not as great as a small one. This has been experienced by all new counties but after the divisions are made it is too late to recant. I am for one county and let that be the old county (Robeson). No division, no higher tax, unless it is to go on roads, schools, etc., to make the large county of Robeson better.

As stated above, if the county is divided there will be higher tax.
