TOOK PARIS GREEN.

Mr. J. D. Sessoms Has Slight Chance of Recovery.

The condition of Mr. J. D. Sessoms, who Saturday night took a large quantity of paris green, is reported as favorable. Mr. Sessoms was found struggling in a ditch in the northern part of town by some colored people late Saturday night. Dr. T. C. Johnson was called and Mr. Sessoms was carried to the Thompson hospital. It is thought that he has a slight chance of recovery.

Mr. Sessoms returned Saturday from a trip to Georgia, it is said, and the cause of his rash act is unknown. He is a native of Stedman, Cumberland county, but has made his home in Lumberton much of the time for the past several years. He is a young man and unmarried.

SMALLPOX IN LUMBERTON.

Lumberton May Have an Epidemic Unless the People Realize the Danger.

Correspondence of The Robesonian.

The Robesonian of June 11 stated that Mrs. D. B. McNeill had smallpox. The report should have read Mrs. Johnnie McNeill, wife of the superintendent of the city light and water plant. This was a misunderstanding on my part, and was no fault of The Robesonian.

The important fact, however, is that smallpox is present in the town of Lumberton. Very few people have applied to the health officer for vaccination. There is now an epidemic of smallpox in Mullins, S. C., where Mrs. McNeill got her infection. Lumberton may have another such problem unless the people wake up to the fact that smallpox is already in this town.

Mr. K. M. Barnes received Saturday from the Dill Ball Co. of Charleston, S. C., a check for \$1,501.71 in payment for three bales of long staple cotton, which was grown on his farm last year. The cotton sold for \$1 the pound. Robeson farmers who have been growing long staple seem to be pleased with their success with it.

Stolen Bicycle Recovered But Thief Gets Away.

A Ford will run faster than a bicycle. This was found true early Friday morning when George McQueen, a colored youth who stole a bicycle, off Mr. C. H. Boyd's porch Thursday night, was given a chase by Night Policeman J. B. Boyle. Mr. Boyle was informed that McQueen was heading away from town on the bicycle, going out the Fayetteville road. Boasting a Ford, Mr. Boyle went in pursuit of George. When about 6 miles from town Mr. Boyle spied George and the bicycle going up the road. It was not long, however, before George spied Mr. Boyle. It was then he abandoned the bicycle and took to the woods, making a get-away. The bicycle was recovered.

The Green Balls Are Potato Seed.

These green balls on Irish potato vines, mentioned in Thursday's Robesonian, are seed, according to Mr. F. F. Wetmore of Lumberton. Mr. Wetmore says the only way to get new varieties of potatoes is to plant seed such as those balls Mr. William Stone sent to The Robesonian office on a vine. He says he saw some time ago where the Department of Agriculture was offering \$30 an ounce for such potato seed.

HARDING & COOLIDGE

Ohio Senator and Massachusetts Governor Head Republican Ticket.

HARDING NOMINATED ON TENTH BALLOT

A Chicago dispatch of the 12th gives the following:

Warren G. Harding, United States Senator from Ohio, was nominated for the presidency today by the Republican National convention after a deadlock which lasted for nine ballots and which finally forced out of the running all the original favorites.

As his running mate, the convention named Governor Calvin Coolidge of Massachusetts, upsetting a plan of a combination of the Harding backers to nominate for the place Senator Irvine L. Lenroot, of Wisconsin.

The collapse of the forces of Governor Frank O. Lowden and their transfer in large part to Senator Harding put the Ohio candidate over.

General Wood lost heavily, however, when the Harding drift began and Senator Johnson, the third of the trio of leaders on the early balloting yesterday, also went steadily down hill.

Entering the convention four days ago as a candidate distinctly of the "dark horse" class, Senator Harding got only 64 votes on the first ballot yesterday and on the second he dropped to 56.

When the convention adjourned last night at the end of the fourth ballot he had 61.

In all night conferences among the party chiefs, however, he was mentioned many times as the most likely to break the nomination deadlock should neither Wood, Lowden nor Johnson take a commanding lead today. They all failed to do so, Wood and Lowden running a neck and neck race for leadership on four more ballots while the strength of the California candidate dwindled steadily.

Meantime Harding pushed his total to 133, individual delegates from many states swinging to him from the columns of the leaders and of various favorite sons. The Johnson managers, fearing a landslide, was impending then made a last play to save the fortunes of their candidate. They moved to recess for a couple of hours in order to take an inventory and seek a new combination. The Wood and Lowden forces, both virtually at the peak of their strength, but both disheartened at the long string of ballots without material gains, fell in with the recess plan and the convention adopted it.

In the dramatic succession of conferences that followed the fate of the candidates, virtually was sealed. Some of the Wood and Lowden managers tried ineffectually for an agreement which would hold their delegates in line and kill the Harding boom. Some tried to get a Wood, Lowden, Johnson agreement to adjourn until Monday without making a nomination. There also was a conference between Johnson and Harding supporters in which the Ohioan's supporters tried without success to have the remaining Johnson strength swung to Harding.

11 CANDIDATES PLACED BEFORE G. O. P. CONVENTION.

Leonard Wood; Frank O. Lowden, of Illinois; Hiram Johnson, of California; Calvin Coolidge, of Massachusetts; J. C. Pritchard, of North Carolina; Nicholas Murray Butler, of New York; Herbert Hoover, of California; Howard Sutherland, of West Virginia; William C. The names had been offered in a flood of oratory that lasted from early morning. Demonstration followed demonstration.

Lowden received the greatest ovation of the first three men put before the convention. He was cheered 42 minutes, Wood's demonstration continued 38 minutes, while Johnson's lasted but 28 minutes.

"FIGHT HAS JUST BEGUN" IN 6th

Godwin Promises to Lay Bare Some "Shady Political Stunts" Pulled Off in Certain Sections in the First Primary.

Washington correspondence, June 11, Raleigh News and Observer: "The fight has just begun in the 'Bloody sixth,'" Congressman Hannibal L. Godwin announced upon his return here today, declaring at the same time that he propose "to lay bare some of the shady political stunts that were pulled off in certain sections in the first primary."

"It reminds me of a repetition of the Wrightsville convention of 1910," he added. Everybody knows that the Wrightsville convention nominated Oscar L. Clark of Bladen and Godwin appealed to the State committee for a primary with the result that he walked away with the nomination. "Many of my friends throughout the district were over confident," he explained. "and neglected my interest. They are now ready for the fight and from all sections of the district comes the news that questionable methods in politics will be rebuked and the people will nominate me in the second primary."

PLENTY OF SUGAR FOR PRESERVING PURPOSES

Thirty-four million pounds of sugar will be available for commercial canners and preservers during the five months from June 1 to October 31, A. W. Riley, special assistant to Attorney General Palmer, announced in New York Friday. Assurances that the sugar will be provided were given, Mr. Riley said, by representatives of the leading refiners.

Representatives of the canning and preserving industries told him, he said, that both industries were in a serious condition due to the threatened shortage of sugar. The refiners promised, he added, that the supply would be available at a reasonable price. They expressed willingness to fill the orders of all essential industries but declared the principal obstacle was lack of transportation facilities.

The thirty-four million pounds will be divided equally between the canners and preservers.

NEWS NOTES AND COMMENT.

Recent Visits to Washington and South Carolina—Evangelistic Conference in Raleigh.

BY J. M. FLEMING.

Lumberton, June 11.—Miss Irene Ivey of Maxton spent part of last week visiting Miss Emma Fleming. The recent commencement of the Lumberton graded and high schools was highly enjoyed, especially Rev. H. M. North's splendid sermon. We wish everybody could have heard it.

Our churches sent us to the convention in Washington, for which we are deeply grateful, but on account of the small auditorium and the tremendous attendance, we could not get in to many of the sessions. Together with Rev. J. L. Shinn of Southmont, our daughter, Miss Emma, and her cousin, Miss Podie Todd of Bellamy, we had a most delightful and profitable, pastime taking in the sights, as Washington abounds in beauty spots. We had seen all these before, but it was the first time the other members of our party had ever been there, and it was an added joy to see them so happy.

Our three million constituents were well represented and the reports showed much progress, especially during the past three years. Dr. J. B. Gambrell of Texas was elected for the fourth time as president and we hope he may hold that position throughout the remainder of his natural life.

Dr. George W. Truett of Texas is another great figure. He made a speech standing on the steps of the capitol. We might say his speech was religio-patriotic, as the subject of his address was religious liberty. When he began to speak, a gentleman and his wife belonged to another faith began to ridicule him and the cause he represented. They were loud in their denunciations, but Mr. Truett was true as a die and that man and his wife were gloriously converted to Christ during the hour thus spent.

Our recent visit among friends and relatives in the good old Palmetto State was enjoyed immensely. All are doing well, and they gave us our daughter, Miss Emma, Mrs. Fleming and self—a most splendid time among them. They are people who know just how to do such things. We enjoyed barbecue and fish fries in a big way. The high school commencement at Kingstree was on and it made us feel good to be there. Dr. J. L. Stokes of Columbia college preached the sermon and made the address. It is needless to say these were of the highest order. We knew Dr. Stokes, as he was the presiding elder of the Marion district conference when we were in the high school at Conway back in the early 80's, and it was a great pleasure to meet him again and hear him preach.

The writer returned last night from Raleigh where he, together with Rev. L. E. Dalley, pastor of the East Lumberton field, Rev. E. M. Brooks of Lumber Bridge, Misses Margaret Nichols and Cora Lee Reddin of Maxton attended the evangelistic conference which began Monday and closed yesterday. It was not a meeting with the doctors and lawyers, but a blessed assembly of the leaders in Zion, who met in the interest of the Kingdom of our Lord upon earth. It was decidedly the greatest conference the writer quite remembers to have ever attended.

Rev. Q. C. Davis of Albemarle lectured on the Book of Acts. It went without saying that these lectures on this great New Testament book were the most sparkling and luminous ever heard even by those of the most extensive biblical research. It was no mean assembly; for there were perhaps a hundred and fifty preachers, educators, teachers, business men, and select women in attendance. They were there from all parts of the State. They were there from Kentucky to Virginia, and one of our missionaries, Dr. G. P. Bostle of China, was present.

Our own inimitable Walter N. Johnson, secretary of missions in North Carolina, presented the cause as it applies to our good State. He showed up North Carolina, yes, the entire world as being in the midst of a great crisis—especially America; and the only hope is salvation through Christ. The world must hear Him, and see Him through saved people. Men and women already saved must be loyal and true now as they were in the first century. There were many times during the conference that heaven came down our souls to greet, and glory crowned the mercy seat.

The meeting was held in Meredith college. Rev. Dr. W. R. Cullom presided and was very courteous to all. Dr. Brewer, president of the college, was host and took great pride in making all feel gloriously welcome. The entertainment was so elaborate and beautiful that we might compare it to apples of gold in pictures of silver. It eclipsed in every way, every other public function we now recall that has gone before.

Flowers, record-keeper; M. W. Floyd, chaplain; J. B. Bruton, sergeant; W. C. Cribbs, sentinel; F. P. Bodenheimer, picket; Alex. Dawkins, lat master at arms; F. G. Boersig, 2nd master at arms; Dr. J. A. Martin, physician.

—The 5-days' Chautauqua that closed Thursday night, sent out by the Communities Chautauqua of White Plains, N. Y., hardly measured up to what Chautauqua patrons hereabouts want. The musical attractions were good, especially the band concerts on the last day—excusing the vocal soloist—but the lectures were rather mediocre. No contract has been signed as yet for a Chautauqua next year. There is considerable sentiment in favor of getting the Redpath next year if some woman's organization in town will undertake to put it over, a number of men underriving it.

—The following officers were elected Friday evening by Lumbee tent No. 18, Maccabees; Jno. W. Long, commander; Rossie B. Britt, lieutenant-commander; J. C. Bryant, past-commander; J. F. Flowers, record-keeper; M. W. Floyd, chaplain; J. B. Bruton, sergeant; W. C. Cribbs, sentinel; F. P. Bodenheimer, picket; Alex. Dawkins, lat master at arms; F. G. Boersig, 2nd master at arms; Dr. J. A. Martin, physician.
