What a Thing it is to be Fit!

To be not merely free from actual sickness, but to be well, abundantly well, exuberantly well—and to have the mental vim and stamina which go with physical robustness!

Wholesome food, regular habits, exercise—that is the way to keep fit.

Such health is out of the question for you as long as you are constipated. And laxative and cathartic pills only aggravate and confirm the constipation habit.

Nujol works on an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

The Fordson at Work --- An Example of Service

The above cut shows a Fordson sold to Mr. C. E. McLeod of Howellsville township pulling a Saw and Planing Mill. This is only one of the many ways a Fordson can be used.

A Fordson can be used for any kind of belt work on the farm. It is more economical than any other power and more reliable. Adequate service is given on every Fordson sold. No matter what may happen to your Fordson, our Ford Service Station will fix it as good as it ever was in a few hours.

See our Mr. Griffin, manager of our Tractor Department at the Ford Service Station in Lumberton, and let him arrange for a demonstration. Ask your neighbor who has a Fordson.

A Fordson will relieve you of a great deal of the worry and expense of farming.
