FORGET IT.

Any weakening can whine over defeat and failure. It takes grit and pluck and all the real stuff of which thoroughbreds are made to come up smiling after defeat or failure and bear no ill will but face the new day cheerfully. There is nothing lovely or to be admired in the person who whines and nurses a grudge. It is one of the most unlovely traits that human beings ever manifest.

Get away from it. It will blister and warp the soul as few things on earth have the power to do. Each day is a new day that has never been spent.

Let the following from one of Dr. Frank Crane's essays grip you and set your feet on the firm rock:

"It's-over now. It's done. Forget it. Don't forever be raking it up, thinking it over, wishing you had done it differently."

"Forget it! What's done's done. It's down in the bottomless pit of the past. Let it be!"

"Look ahead, not behind. Think of tomorrow, not yesterday."

"You can make something of tomorrow; yesterday is beyond recall. Yesterday's as dead as a door nail, as lifeless as a brick, as hopeless and unchangeable as wood. Turn away from it!"

"Tomorrow's alive, pregnant with beauty, radiant with power, bulging with all conceivable opportunities. Turn to it!"

"Forgetting those things which are behind, and reaching forth unto those things which are before, is the way one of the greatest souls of earth described his attitude."

"For the past is dead. The future is life."

"From the past come up the miasmas of despair, remorse, self-contempt, which sickly o'er the thought until the zone of purpose is loosed and the high star is quenched in murky cloud."

"Once in that mountain air of nobleness you will not regret the troubled valleys of pride."

Forget it! Everybody! Every up-rolling sun brings a new chance to all the sons and daughters of men. Every swelling moon means a new month of opportunity. Every star of the innumerable stars, strewn on the dusky blue of night, is a star of hope.

"Forget it! Front face, you!"

ON THE OPEN ROAD.

A resolution adopted at the convention of the North Carolina Good Roads Association at Asheville last week declares that all drivers of motor vehicles should be made to take out a State license to show fitness and ability to drive a car and that license should be revoked in case of speeding.

Every sensible person who has opportunity to observe at all knows how badly State license for auto drivers is needed. So many drivers are reckless that it is a wonder more fatal accidents do not happen.

Education is largely a matter of

Catarrh Cannot Be Cured
by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE will cure catarrh. It is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in HALL'S CATARRH MEDICINE is what produces such wonderful results in catarrrh conditions. Druggists Rec. Testimonials free. F. J. knowing what to be afraid of. The person who boasts that he is not afraid to let his car out to the limit and pass other vehicles at racing speed is just advertising the fact that he is a plain fool.

Besides showing ability to handle an auto, a licence ought to contain a provision that ability must be coupled with a solemn pledge to observe the ordinary courtesies of the road. Some ordinarily careful drivers prove themselves such ill-bred asses that their presence on the road is an offense to all decent travelers.

SEPARATE MEETINGS FOR MIDWIVES

Correspondence of The Robesonian. The reason for calling the Indian and colored midwives to meet in Lumberton on the same day, was for the purpose of classifying them by name. The record of names in this office were so confused, that it was impossible to separate them, without having the people here.

However, in view of the fact that there seems to be some misunderstanding in regard to this meeting, a meeting will be held tomorrow for colored midwives; a meeting one week later, June 29th, 3 p. m. for Indian midwives, and a meeting Monday, July 5th for white midwives.

The purpose of these meetings is to give the midwives further instructions, and permits to continue practice. E. R. HARDIN, County Health Officer.

ALL LICENSE TAXES ARE DUE JUNE 1ST OF EACH YEAR

In order that the merchants and others doing business within the town limits may be informed I beg to quote the following from the town ordinance: "If any person shall fail to pay any license tax required by this ordinance for a period of thirty days after same, shall become due, a penalty of 5 percentum on the amount of such license tax shall be added to the license required."

There is a fine of \$10.00 for failure to list each dog and a fine of \$5.00 for failure to pay the tax and attach a regulation tag to the dog. J. P. RUSSELL, Clerk & Treasurer.

Gompers Re-elected for 39th Time. The American Federation of Labor again expressed its confidence in the leadership of Samuel Gompers, its veteran president, when it re-elected him Friday, for the thirty-ninth time, at its annual convention in Montreal, and returned to office his entire administrative cabinet.

Waterpower Development Bill Becomes Law. The waterpower development bill, ten years in the making, finally has become law. Announcement that President Wilson had signed the measure prior to June 11 was made Friday at the White House. At the same time it was announced that he had failed to sign the joint resolution repealing most of the war-time laws, and the Underwood resolution providing for negotiations with Canada relative to the embargo on the shipment of wood pulp to the United States.
