CHURCH NOTES.

Rev. Theodore Partrick, Jr., who has accepted a call to Trinity Episcopal church, and Mrs. Partrick arrived Friday from Clinton. They are guests for the present at the home of Mrs. Alf. H. McLeod, North Elm street. Mr. Partrick is pleasantly remembered here, having served this church for a few months two summers ago.

Rev. Dr. R. C. Beaman preached the sermon at a memorial service held in Trinity Methodist church in Durham yesterday in honor of Mrs. Julian S. Carr. Dr. Beaman had been asked to conduct this service early in the year but it was postponed on account of the influenza epidemic and he received notice only last week that the service would be held yesterday. He went to Durham Saturday and will return home this evening. No preaching services were held at Chestnut Street Methodist church yesterday on account of his absence.

Supt. A. S. Barnes of the Methodist orphanage at Raleigh, in acknowledging the last regular first-Sunday contribution, wrote Secretary G. M. Whitfield that Chestnut Street Methodist Sunday school of Lumberton contributes more to the orphanage than any other Sunday school in the conference. The contributions since the beginning of the conference year December 1, up to and including the first Sunday in June, amounted to \$1,086.35.

Rev. L. E. Dailey resigned yesterday as pastor of the East Lumberton Baptist church. The resignation will be effective Sept. 1. He will also resign the other churches in his field. This are Raft Swamp, Antioch, and Center. Mr. Dailey has accepted a field in Hertford county. He came to the field here four years ago and his churches have made advancement under his pastorate.

Big fun show tonight and all week on Chautauqua lot.

HEALTH AND HYGIENE

Conducted by Dr. E. R. HARDIN, County Health Officer.

WHOOPIING COUGH IN ROBESON COUNTY

Whooping cough is a widespread and dangerous disease, for which familiarity has bred contempt. It is usually a disease of cold weather, but an epidemic has spread over the State this summer. Whooping cough is a dangerous disease, and the sooner parents realize this fact the better will be the chances of their children to live, and grow up without some physical affliction. During the year 1910 the death rate per 100,000 population from measles was 12.3; from whooping cough 11.4; scarlet fever which is usually considered a very serious disease, had a death rate for 1910 of 11.6 per 100,000 population, while diphtheria had a death rate of 21.4 per 100,000.

German statistics covering a period of 11 years show that the mortality among those attacked with whooping cough is under one year of age, 13.8; between two and five years of age 3 percent; and between five and fifteen years of age 1.8 per cent. If any further argument is necessary to convince you that whooping cough is a very dangerous disease for children, then you are, a hard proposition. The disease is not infrequently complicated by inflammation of the lungs, and the violent cough is apt to produce a harmful dilatation of the lung tissue. The disease is often followed by tuberculosis in underfed children. Paralysis and hemorrhages into the eyes, have been reported as complicating whooping cough. Whooping cough is transmitted from one person to another by fairly close contact, and the sputum or nasal secretion is the medium in which the germs leave the body of the person having the disease. During violent coughing the sputum is thrown a long distance from the victim in the form of a fine spray, and it is in this way and also by means of handkerchiefs, napkins, bed clothes, and the like, which have recently been sprinkled with the infected sputum, that the disease germs are carried. The infectiveness of the sputum is most marked during the height of the disease, and it is active at all times during the attack. It may be transmitted after the last whoop is heard.

In the fact of all these facts, the mother that willfully exposes her children to whooping cough is guilty of a criminal act against her own children, and the parents that send their children to school or any other public place to infect others' children, are guilty of a misdemeanor and should be punished.

Any parents that fail to report whooping cough to the Health Department or their physician, are guilty of criminal negligence. The purpose of the law is to give protection to the children, but this cannot be done successfully, as long as some people choose to keep the infection of their children with whooping cough a secret for fear the children will have to stay at home a few weeks, if the authorities are notified. Some people are so zealous of their children's progress in school that they will send them to school with anything. It is a fortunate thing for the public that there are not more of such people but an unfortunate thing that there is any of them. Some of our school children show altogether too much modesty in dealing with such parents. When a child is suspected of having whooping cough or any other contagious disease, he should be sent home.

Many parents in this county, in the zone of whooping cough infection, are giving their children the whooping cough vaccine. This vaccine has not been accepted by the medical profession but it has given good results. The vaccine is given both as a preventative and curative agent. It is said to shorten the course of the disease and make it much milder. The vaccine can be secured from this office.

E. R. HARDIN, County Health Officer.

MORE ABOUT BALLS ON IRISH POTATO VINES

To the Editor of The Robesonian: Referring to an article in a recent issue of The Robesonian, we notice that Mr. Wetmore says the little balls that grow on the Irish potato vine contain potato seed. The writer remembers having seen such growth on potato vines when he was a lad and his recollection is that they did contain seed. Recently, however, he was invited to look at a patch of potatoes where potatoes were apparently growing above the ground just as they were growing beneath it, only they were smaller on the vine. I enclose one of the vines which seems to have potatoes growing on it. The potatoes on the vine were not very green when the vine was detached, they had about the color of the potato in the ground, but as potatoes will do when exposed to sun and air have now turned green. Yours very truly H. B. PHILLIPS, Fairmont, N. C., June 15, 1920.

Big fun show tonight and all week on Chautauqua lot.

Declares at Least 700 Favor Wet Plank.

Walker W. Vick, of New York, campaign manager for Gov. E. L. Edwards, of New Jersey, in Chicago Friday on his way to San Francisco, declared in a statement that there would be not less than 700 delegates in the Democratic national convention in favor of a modification of the Volstead act, "permitting the use of light wines and beers in such states as wish to do so, with a central regulation under a general and liberal federal act."

YOUR FRIEND I am your friend. Come to me when emergency calls, though you have a thousand friends, for I am certain. I encourage efforts, protect possessions. I develop safe judgment, by disclosing the value of conservative thought, the reward of conservative action. I teach thrift and thereby enrich. Through habits of thrift I cultivate other careful habits and discourage careless ones. Thus do I mold character and among your fellows, improve your estimate and understanding. I look far ahead. I secure you from the humiliation of dependency. In the sunset of your years when your energies have earned their period of repose, I continue to be your friend—your assuring friend. When you have put aside your labors, you may still rely upon me. When your mind has secured its opportunity to unrestrictedly indulge retrospect, profound thought, and sublime reflection, I shall stand ready to surround you in comfort with the atmosphere of peace, the happiness of ease, and the things you will at such a time most desire to be surrounded with. I prepare and provide the way—your all-time friend. I am your Cash Reserve, held in the The Planters Bank and Trust Company THE BANK OF Safety, Service and Security, And Resources of more than a half Million Dollars. "WORTH WEIGHT IN GOLD" HE SAYS

Willhide Was So Run Down His Condition Alarmed His Wife and Friends—Tanlac Ends Trouble. "Tanlac has been worth its weight in gold to me," said Walter S. Willhide, a well-known employe of the Federal Rubber Co., Cudahy, Wis., and who lives at 75 Howell Ave., Milwaukee. "My wife and friends were really alarmed about me, but now I never felt better in my life. I didn't believe anyone ever suffered more from stomach trouble than I did for five years," he said. "After every meal gas would form and I had such sharp pains across my heart I could scarcely breathe. Dull, heavy, dizzy headaches would come on me, and I had to lie right down or I would fall over. My back and stomach hurt so bad I could hardly bear my clothes to touch them. I was nervous as a cat and the least noise at night would excite me. The muscles in my legs would cramp at night until I would have to get up and walk the floor to get relief; I lost fifteen pounds, my appetite was completely gone, and I was so weak I could hardly do my work. Only two bottles of Tanlac have rid me of every one of my troubles. I eat anything and never have an uncomfortable feeling in my stomach, my nerves are like steel and I never have a headache, dizzy spell or pain of any sort. My friends are congratulating me on how well I look and I certainly feel fine." Tanlac is sold in Lumberton by J. D. McMillan & Son, Pope Drug Co.; in Bernesville by W. C. Walters; in Elrod by J. E. Bridges; in Lowe by L. E. Tyner & Son; in McDonalds by D. H. Britt, Jr.

Mr. J. S. Floyd of R. 2, Fairmont, was among the visitors in town Saturday.

ADMINISTRATRIX'S NOTICE. Having qualified as administratrix of the estate of the late Eli Phillips, deceased, this is to notify all persons having claims against said estate to present them to me at my home in Lumberton, N. C., on or before June 15, 1921, or this notice will be pleaded in bar of recovery. All persons indebted to said estate will please make immediate payment. This June 14, 1920. MRS. LYDIA MALISSA PHILLIPS, 6 17 6 Thurs. Administratrix.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

SALE OF VALUABLE LAND. By virtue of authority vested in me under an order of re-sale entered by the clerk in a special proceeding pending in the superior court of Robeson county entitled Joel R. Herring and others v. Delphis Jane Walters and others, being S. P. No. 4582, we will on Monday the 12th day of July, 1920, at 12 o'clock noon at the court house door of Robeson county at Lumberton, N. C. offer for sale at public auction to the highest bidder for cash the following lands: First Tract: In Sterling's township on the West side of Flowers swamp, adjoining the East swamp on the East side, the lands formerly owned by J. P. Walters and upon which he lived in 1898 on the West, the land formerly owned by Everett Bass on the South side and the lands of John Walters Sr. and others on the North, containing 150 acres, more or less, and being the upper part of 300 acres granted to Farquhar Campbell by grant dated November 24, 1785 and inherited by Charity Hedgepeth from her father Allen Barnes. See deed from Charity Hedgepeth to Daniel Walters, book 3 "X" page 561. Second Tract: On both sides of the Cross road, beginning at a pipe stump by a pine, holly and bay John Sealey's, Daniel Walters and Joel Herring's corner and runs thence as the Herring line North 17 West 4.85 chains to a stake by 2 black gums to Daniel Walters line, thence as his line South 78 West 25.45 chains to the beginning, containing 12 1-2 acres more or less and being same conveyed to Daniel Walters by John Walters Sr. See deed registered in book 3 "X" page 379. Time of sale: Monday July 12th, 1920 at 12 noon. Place of sale: Court house door, Lumberton, N. C. Terms of sale: Cash. Dated this 13th day of June, 1920. E. J. BRITT, JAMES D. PROCTOR, Commissioners. McIntyre, Lawrence & Proctor, Attorneys for Plaintiffs. 6 17 4 Thurs.
