

N. C. Tobacco Crop Steps Higher

Another Record Step With March Sales—40 Per Cent. Decrease in Acreage Indicated in North Carolina.

Raleigh, March 12.—The North Carolina tobacco crop made another record step with its March sales operated on 31 markets. The total sales reported were 21,528,883 pounds, averaging \$14.17 and about 85,000 pounds not reported.

The Winston-Salem market lead during March with 4,749,086 pounds sold, averaging \$13.61 per hundred pounds, of which 3,991,364 pounds were sold by farmers.

Wilson made a record season's sale with \$2,607,026 pounds, exceeding the Winston-Salem market by over two million pounds.

Only two-tenths of one per cent of the sales have failed to be reported to date. The bordering markets conservatively estimate that 16,000,000 pounds of North Carolina's farmers'

tobacco is sold in adjoining states in excess of that brought in and sold. The total producers' season's sales reported amount to about 414,000,000 pounds.

The Nation's 1920 crop of 1,520,000,000 pounds was being made and sold while 31 per cent was exported; 52 per cent of the 1,390,000,000 pounds grown in 1919 was exported, and 28 per cent in 1918. The farm value of the United States tobacco crop in 1920 was \$298,000,000, averaging 19.8 cents; 1919 was \$569,000,000 at 38.9 cents and 1918 \$403,000,000 at an average of 28 cents.

The 1920 crop was inferior in quality, and with the decreased exports the decline in price is reasonable. Exported cigars increased four per cent and cigarettes decreased two per cent. This means that a large stock of tobacco is on hand to compete with the 1921 crop.

March prospective plantings indicate a forty per cent decrease in acreage in North Carolina, but with the decline in fertilizer prices and the gradual loosening of financial conditions this decrease will perhaps prove to be too much decline.

Grand jury investigation at Monticello, Ga., Monday into the deaths of negroes alleged to have been held in peonage on the farm of John S. Williams resulted in indictments being returned against Williams, three of his sons and Clyde Manning, negro farm boss, charging a total of 11 murders in Jasper county in addition to the three in Newton county.

Have You Land Like This?

HAVE you acres that ought to be bearing good crops but are now going to waste because they are full of stumps and boulders? Are you paying taxes on land like this? Make every acre bring in money. Land is too valuable today to be lying idle. Clear it with

RED CROSS EXTRA DYNAMITE

This is a quick, easy and cheap method to make land productive. Right now, after the crops are in, is the time to clear more land. Get ready for bigger and better crops this year. Write today for our Farmers' Handbook of Explosives. It tells the latest methods of using dynamite on the farm. We will send a demonstrator if necessary.

You can buy Du Pont Dynamite from your local dealer.
