

SEEN AND HEARD

(BY HAPPY JACK)

A certain Robeson county farmer carried a load of cotton to a certain Robeson county town (not Lumberton) to sell, but was unable to get an offer for it. He carried the cotton back home and on top of the cotton he carried a new cotton planter, with which to plant another cotton crop. You'll say it required nerve to do it.

Speaking of whiskey and the affects of whiskey, a certain Robeson pastor advised his members that every one of them who were known to get drunk would be "turned out" of the church unless they told from whom they purchased the whiskey. That's one way of making 'em tell.

He evidently wanted to be arrested. A man got on the outside of a supply of "monkey rum" and after creating a little excitement in town went to a phone and called police headquarters. An officer answered the call and was advised by the man who was drunk that an officer should be sent to the scene, as there was a man there who should be arrested. The officers took him at his word and he was arrested soon thereafter.

A negro who was being tried in court here recently kept referring to the rural policeman. He referred to him as the "rural route policeman".

The need of a new coat of paint in the interior of the union station was called to my attention by a Lumberton lady recently. She wondered if it wouldn't help for the paper to say something about it. It is very true that a fresh coat of paint would add much to the appearance of things there. The lady suggested that if the railroad company was not able to furnish the paint, that the town have the painting done.

Here's how they regard the old reliable: "Your issue of Monday, April 18, failed to reach me. If you have any copies of that date, please send me one, as I feel I just can't do without the old reliable"—from a subscriber at Maxton.

Did you see the baseball game? It was played by colored women living in the "bottom" and other colored women living about Kingsdale. The score was 1 to 0 in favor of the "bottom" team, I was informed. The game was played on the Kingsdale grounds.

You'd never expected her to have done it—
But she forgot her paint,
Did Madam Punch.
Did she enjoy the trip?
No, not much.

John Herring
To The Editor of The Robesonian.
Will you please allow me space in your paper to say a few words in regard to our beloved friend Mr. John Herring, who passed away last Saturday from this earth into his home beyond.
A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.

God in his wisdom has recalled
The boon his love had given,
And though the body slumbers here,
The soul is safe in heaven.

Through all pain at times he'd smile,
A smile of heavenly birth.
And when the angels called him home,
He smiled farewell to earth.
Heaven retaineth now our treasure,
Earth the lonely casket keeps.
And the sunbeams love to linger,
Where our departed one now sleeps.

When God in tender mercy calls
To earth we cannot cling,
Grave, where is thy victory!
Death, where is thy sting!
A FRIEND.
Lumberton, Apr. 26.

**17 YEAR OLD BOY
GAINS 20 POUNDS**

Happy Mother Says She Felt Like "Shouting For Joy" When Tanlac Restored Her Son's Health.

"When I saw that my son's health had been fully restored by Tanlac and that he had actually gained twenty pounds in weight I just felt like shouting for joy," said Mrs. O. D. Flaherty, of 1905 Grace St., Lynchburg, Va.

"Samuel, who is now seventeen years old, had always been a healthy boy until one day in October, 1919, he came home from school sick, and from then on he went down in health rapidly. After every meal he suffered terribly from severe pains, fainting and shortness of breath and had awful headaches. The most delicate dishes I could fix failed to tempt him to eat, and at times he became so nauseated he couldn't retain even a glass of water.

"He was terribly nervous and for six months I don't think he slept well a single night. He fell off until he was almost a skeleton and I could hardly stand to see how weak and bad he was looking.

"But he had only been taking Tanlac a short time when his appetite came back, and it was just wonderful to see how rapidly he was building up. His troubles all soon left him, his strength and color came back and he has been feeling fine ever since. He is working now every day and is in as good health as he ever was in his life. I just can't find words to fully express my gratitude for Tanlac."

Mr. Neill Britt, of R. 2, Fairmont, was among the visitors in town Friday.

FOR THE CHURCH WEDDING.

The bride's mother is escorted to the first pew at the left of the church by the chief usher, while the groom's family occupy the first pews on the right. The bridal party at the first strains of the wedding march starts for the altar. At the same moment the groom and best man come from the vestry and stand at the right of the chancel steps, waiting. The ushers come first, two by two, and then the bridesmaids, the maid of honor, and the bride on the left arm of her father. The ushers and bridesmaids group themselves on either side of the chancel, and the groom receives the bride from her father or

escort and proceeds to the altar. The maid of honor stands directly beside the bride, to take her bouquet and turn her train, and the best man by the groom to give him the ring. The bride's father waits in the rear of the chancel until he is called upon to give away the bride, after which he joins his wife in the first pew.—in May Good Housekeeping.

Four Trinity Sophomores Fined and Expelled.

C. D. McWhorter, O. D. Sawyer, E. C. Brooks, Jr., and J. C. Harvey, E. C. Brooks, Jr., and J. C. Harvey, the four Trinity college sophomores who in February attempted to haze Jack McClure, a Trinity freshman, who in turn stabbed and seriously wounded

young Brooks, son of the state superintendent of education, were convicted on a charge of hazing in recorder's court in Durham Wednesday and were fined \$25 and cost each.

They are also automatically expelled from college, under the State anti-hazing law, a dispatch from Durham states.

Iredell Meares of Wilmington has been appointed a special assistant to the Attorney General at a salary of \$8,000 a year with all expenses paid. The duties of the position will not take him to Washington at present as he will have some traveling to do in handling cases for the Department of Justice.

**BE PRETTY! TURN
GRAY HAIR DARK**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur. Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a

large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

Dr. S. R. Thompson of Charlotte spent Friday and Saturday here visiting his parents, Mr. and Mrs. J. A. Thompson, North Elm street.

**The Fairness of William Penn—
and "The Velvet Kind"**

SATISFACTION was the policy on which William Penn traded with the Indians for the lands that are now Pennsylvania, hence the colonists of Penn's land enjoyed tranquillity and peace for ever after. Satisfaction has ever been the *only* ground on which commerce and service can grow and prosper.

To have *our* products meet with *your* satisfaction has been the ideal uppermost in our business conscience, and this ever present desire to serve you a better, more delicious Ice Cream was the incentive that fathered our chemists' efforts, resulting in the recent discovery, *our new discovery*.

By our *formula and method* (Patents applied for to protect our process) we are enabled to offer you the most delicious and nutritious pure Ice Cream ever made, produced from Nature's own ingredients of *pure cream, pure milk, pure cane sugar and genuine natural flavors*.

We do not use gelatins, gums, starch, filler or imitation flavors.

It excels in quality and purity even the good old-fashioned kind your Mother made and there is none "just as good."

With our ambition to serve you a superior Ice Cream now realized, we feel a justifiable pride in presenting—

The New
"Cream of
Ice Creams"

"The Velvet Kind"
REG. U.S. PAT. OFF.
