County Road Board Ringing Report Projects Approved

> State Highway Commission Will Build Hard-Surface Road from Lumberton to McNeill's Bridge-Also Approves Bridge Between Robeson and Columbus.

At its meeting in Raleigh last week the State Highway Commission apty Yesterday. Cordievow Locklear, Indian, died last week, seventeen men-white, Le 16 year-old girl, was found guilty of tical suggestions which indicated board that 3 miles of hard surface today about noon and her husband is dian and negroes-having been sen- the same charge, judgment being con- that its members had gone over the highway be constructed from Lumberproved the request of the county road board that 3 miles of hard surface ground thoroughly and had in no ton te and including McNeill's bridge

> Mr. W. A. McGirt of Wilmington, road commissioner for this, the third, district, has advised Mr. H. E. Stacy, attorney for the Robeson county board phrey. of the approval of these projects requested by the county road board. After stating that these projects had been approved, Mr. McGirt writes: 'No one can tell when construction will begin, not even Chairman Page. However, I hope the work will not be delayed long. Please advise members of your board of the action taken by the State Highway Commission and let them know that these projects are definitely settled and construction will be started as early as practicable, following, of course, the regular procedure provided by law."

The road from Lumberton to Mc-Neill's bridge is one of the most traveled roads in the county, and no piece of construction is needed more than the bridges between Robeson and Columbus and the approach on the Columbus side. It is expected that grand juries in the past have called these bridges build in the early fall.
