## Bullock Garage Damaged by Fire

Midnight Blaze Confined to Second Floor—Stored Furniture Ruined—Fireman M'White Overcome by Smoke.

Fire of undetermined origin did considerable damage to Bullock Brothers Auto Co. garage, Chestnut and Third streets, about 12:30 o'clock yesterday morning. The fire started on the second floor of the building and while the flames were confined to that floor the stock and fixtures on the first floor were somewhat damaged by water. The loss is covered by insurance.

Mr. F. D. Hackett, Jr., had around \$500 worth of furniture stored on the second floor of the building and this was practically ruined. Mr. Hackett carried no insurance on the furniture. The fire apparently started in the center of the hall and had evidently been burning for some time before it was discovered. Members of the fire company did good work, but were greatly handicapped by the dense smoke in the building. Fireman Raymond Musselwhite was overcome by the smoke and had to be taken out of the building. It is difficult to estimate the damage to the building, but it will total several hundred dollars.

60 Warehouses Tended to Assn.

Eastern Warehousemen Meet With Tobacco Growers "Co-op"—Over 80 Warehouses in State to be Operated by Organized Growers.

Raleigh News and Observer, Apr. 8.

Eastern North Carolina tobacco warehousemen in a conference with Aaron Sapiro, attorney, and officials of the Tobacco Growers Co-operative association, yesterday tendered to the association for purchase or lease more than sixty warehouses. This brings the number of plants in this State to be operated by the seventy thousand organized growers to more than eighty.

The contracts were signed by the warehousemen following a meeting in the House of Representatives where they heard Mr. Sapiro explain the details of the plans for purchase or lease by the association. The tenders guaranteed sufficient facilities to handle the 1922 crop of the organized growers in Eastern North Carolina.

Warehouses in this immediate section tendered the association, according to the list published in The News and Observer, were: Bladenboro 1, Cerro Gordo 1, Proctorville 2, Rowland 2, St. Pauls 1, Whiteville 1.

It is understood that the warehouse owners of Lumberton are entirely willing to cooperate with the association but the men selected to represent them at the meeting Friday were unavoidably prevented from attending.

Fairmont, one of the largest markets in the South Carolina belt, will, it is understood, sell by the auction method as heretofore.

Mr. W. E. Phillips of R. 5, Lumberton, was among the visitors in town Saturday.
