**HEART-BROKEN APPEAL FROM WIFE OF MURDERED MAN**

5-Year Old Son of E. R. Shepard Cries and Pleads for His Daddy—Happy Home Wrecked—Wife Prays That Body May be Located.

The following letter received by a Lumberton lady from Mrs. E. R. Shepard, wife of the Putney, Ga., citizen whose abandoned auto was found in a ditch beside the W.-C.-A. highway, one mile south of Lumberton, April 11, will be of interest to Robesonian readers:

Putney, Ga., May 2, 1922.  
"My Dear Mrs. Shepard,  
"You will never know how much I appreciate the little note and how grateful I am to know that you are praying to God to give me strength to bear my great loss. It seems to me that I just can't live through it. If this had been God's work, I could have given my dear husband up without a murmur, but Mrs. Shepard it wasn't God's work, but the work of the devil. It couldn't have been God's work, for God is love.  
"I have a darling boy just five years old, and it is just heart-breaking to hear him cry and plead for his daddy. I believe it would make even the demon weep that so cruelly murdered my husband and then threw his dear body away. My good woman, if the man, or men, that murdered my husband would only tell where his body could be found, it would be such a comfort to my baby and me. They took his life and his money, so why won't they give me his body? It is so cruel, so horrible, and I am so weak and helpless. I know you must be a good woman, or you wouldn't have written me that sweet note you did, and I'm going to ask, even beg, you to please try through the papers, or some way, to try to touch the hearts of the murderers of my husband, and plead in my name and my boy's name for my husband's body. Oh if I could only get his body, it is so dear and sacred to me, and they have already taken all they wanted—his life, his money. I didn't know there was a person living could be so cruel, so heartless. Who ever did it has ruined mine and my boy's life and wrecked one of the happiest homes in the world. If the murderer never had a wife or a child, he has had a mother, and my husband's mother and father are completely crushed with grief. Oh, I pray to God day and night that we will yet get his dear body. Do you think you could get a party to drag the lake and river again, near where his car was found. We think maybe his body could be found there now. My dear woman, I'll thank you for anything you can do to aid in the search, and I pray God's richest blessings upon you for your kindness, and please pray that we will at least get my darling husband's body."  
"Sincerely yours,  
"MRS. E. R. SHEPARD."

Washington, May 15.—The House cleared the road today for what some members described as "an unrelenting prosecution of war grafters"

when it put through and sent to the Senate a bill appropriating \$500,000 for investigation and prosecution of war fraud cases by the Department of

Justice, and passed a Senate bill for an additional grand jury in the District of Columbia, before which the Attorney General may present evidence in his fight for indictments.

*if nature could speak she would say:—*

**I have provided the only real tonic for Spring**

to cleanse your system of the stagnant waste of winter, purify your blood and bring to you that glorious feeling of perfect health:

**—and it is S. S. S.**

**S**PRINGTIME is the season when Nature intends all living creatures to be charged with new life and energy. But you cannot enjoy the glorious feeling of renewed strength and vigor if your system remains clogged up with the impurities which have accumulated during the winter.

At this time your blood is overloaded with stagnant waste; you are drowsy; you hate work and you are denied that irresistible energy and enthusiasm that made every moment of your childhood days bubble over with happiness and the joy of living.

**Nature's Warning**

This tired feeling is often accompanied by disagreeable symptoms such as boils, pimples, rashes, eczema or rheumatism. You call it Spring Fever, but that is only Nature's way of saying—Cleanse Your System. And, just as Nature has provided everything else for our comfort and well-being, so She has given us the only really effective remedy for this draggy, let-down feeling.

Ninety-six years ago these wonderful vegetable herbs, roots and barks, of which S. S. S. is composed, were found to possess remarkable power to purify the blood, eliminate skin eruptions, strengthen and aid in supplying every cell and tissue with the rich, red nourishment that is so necessary to vigorous life, health and happiness. Then it was that Nature's own great remedy for Spring fever was given to us in the form of S. S. S.

And ever since, S. S. S. has gone on converting hundreds of thousands of tired, worn-out, run-down people into strong, healthy, red-blooded men and women with the power and capacity to accomplish things and to enjoy the beauties of Nature and the happiness of life to the very fullest.

Do not be fooled into taking compounds, such as metallic iron, etc. These minerals crash into the system, attack the delicate tissues and oftentimes leave you in worse shape than before.

**Nature Intended A Vegetable Remedy**

Always insist upon S. S. S. for this wonderful vegetable tonic is the remedy Nature has intended for you. The soothing, healing powers of the vegetable ingredients first cleanse and then tone up the entire system without one particle of distressing after effect.

S. S. S. overcomes your tired, drowsy feeling in a natural, easy way and without the slightest harm to the most delicate membrane of your body.

S. S. S. brings you back to where you feel like a new person; you walk with a spring in your step, a sparkle in your eye and with perfect health radiating from every pore of your skin. Don't be cheated out of your natural Spring-time heritage. That wonderful feeling of new-born energy, life and strength is yours! Simply go to your druggist and get a bottle of S. S. S., now, today.

**Boll Weevil Machinery**

The only Successful Remedy so far discovered for the control of BOLL WEEVIL is CALCIUM ARSENATE. This must be used by the Dusting Method. We are agents for two of the best Machines on the market, the same being recommended by the Agricultural Department of this and other States, also U. S. Agricultural Department. Indications are such that we may expect this, the greatest evil ever known, to the cotton farmers. Don't wait too long before preparing to fight. Orders should be placed in time. Come in and talk the matter over.

Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction.
