LABOR DAY

PLATFORM FOR LABOR AND CAPITAL.—All things whatsoever ye would that men do unto you, do ye even so to them: for this is the law and the prophets.—Matthew 7:12.

Representative Pou, ranking Democrat on the rules committee, declared in the House of Congress the other day, in effect, that the legislation proposed to distribute coal was a measure to distribute what ain't by means which can't.

Dr. Peacock decided that confinement in the place reserved for the criminal insane, although allowed to spend his time reading at ease, was not a suitable position for a "gentleman" of his attainments, and evidently friends on the outside decided the same thing, so somebody slipped him a saw and he sawed his way out.

Thirty-two pardons, 221 paroles and 18 commutations is Governor Morrison's record for twenty months of his administration. In forty eight months Governor Craig granted more than twice as many straight pardons as Governor's Morrison's pardons and paroles combined amount to, and Kitchin granted about one-fourth more pardons than Morrison's combined total so far.

The Lumber Bridge Poultry association gave the local curb market a most decided boost Saturday, as The Robesonian predicted it would. Never before in one day were so many eggs offered for sale on this market, and they and the poultry offered were of the finest kind.

Cotton seems to be more different? kinds of a fool than it was back in the day when Henry W. Grady said it was a d— fool. Now when it ought to go up in price it goes down. Maybe in addition to being a fool it has turned out to be a rascal.

Congratulations to Maxton on winning the Interstate league championship. It was a hard-fought contest and an earned victory. In the final contest Maxton was up against a strong team, which makes the victory all the more valuable.

Dr. Frank Crane in an editorial in Current Opinion says that since every strike is bound to be settled sooner or later, the only sensible course is to settle them before they begin. Which covers the entire subject.

Misses Ida Belle Barnes and Myrtle Hardin went today to Wilmington, where they will spend a week visiting relatives and friends.

Report of Sales of E. J. Davis & Sons Fairmont Market for Week Ending Friday September 1st.

This has been one of the best weeks to sell tobacco since the opening of the market. The weather conditions have been favorable for handling the leaf and we have had full houses each day.

The market has sold over 700,000 pounds at prices ranging from 5 to 50 cents per pound.

Lots of farmers have sold with us from a distance and say it paid them big money and we look for next week to be another big week and expect these good prices again.

We advise prompt sales, as we see no advantage in holding back.

Yours for success, E. J. DAVIS.

Messrs. J. B. and J. J. Humphrey of the Saddlecree section were among the visitors in town Saturday. Mr. and Mrs. Roy Tyner of R. 1, Buie, were among the shoppers in town Saturday.
