

Tobacco Growers Get More Money

Monday of Next Week is Date Fixed for Second Cash Payment to Association Members Who Have Delivered Tobacco in South Carolina Belt.

Raleigh, Nov. 7.—The directors of the Tobacco Growers Cooperative association have named next Monday, 13th, as the date of the second cash payment to every member of the association who has delivered tobacco in South Carolina and three border counties of North Carolina.

Thousands of checks have been mailed to officials of the association throughout the South Carolina belt and will be distributed upon presentation of the participation receipts by members at the markets where they were issued.

Oliver J. Sands, executive manager, James H. Craig, treasurer of the association and other directors and officials will address the growers at mass meetings on November 13th and 14th at Mullins, Kingstree, Florence, Dillon and several other points throughout the South Carolina belt.

The opening of the association's dark warehouses this week at Lynchburg, Farmville, Bedford, Appomattox, Amherst, Arrington, Phoenix, Dillywn, Cumberland, Amelia, Columbia, Ashland, Milford, Richmond, Petersburg, Blackstone, Drakes Branch and Bookneal marked the successful operation of the association in handling tobacco of all types grown in the Carolinas and Virginia.

The announcement of its directors that the Tobacco Growers Cooperative will go the limit in protecting its contract by bringing legal action against contract breakers has been followed by 63 suits against alleged offenders in North Carolina alone. These suits involve close to \$50,000 in liquidated damages and attorneys' fees and are scheduled for late November.

More than a thousand Virginia members of the association welcomed Oliver J. Sands, executive manager, at enthusiastic mass meetings in Danville and Chatham last Saturday. Mr. Sands told of the good averages for which association tobacco has sold throughout the old belt from Aberdeen to Alta Vista and said: "We have not yet found any merchant, banker, business man or farmer, who would hesitate to say frankly that if it had not been for the association the present prices being paid on the warehouse floors would not be in existence today. It is conceded by all tobacco men that the present crop of tobacco will yield in the Old Belt around 250,000,000 pounds net, whereas the last year's crop of tobacco, which was considered a short crop ran around 187,000,000 pounds and averaged \$21.90. Therefore we think we have been of great service to the tobacco growers in the three states and will by a conservative estimate put \$10,000,000.00 more money in this section than there would have been had the association not been in existence."

Thanksgiving Proclamation

Washington.—Declaring that the state of the nation "presents very much to justify a nationwide and most sincere testimony of gratitude for the bounty which has been bestowed upon us," President Harding, in the annual Thanksgiving proclamation issued Nov. 3 calls upon the American people to observe Thursday, November 30, "as a day of Thanksgiving, supplication and devotion."

After calling attention to the custom of a day of Thanksgiving, the President's proclamation says: "The year which now approaches its end has been marked, in the experience of our nation, by a complexity of trials and triumphs, of difficulties and of achievements, which we must regard as our inevitable portion in such an epoch as that through which all mankind is moving. As we survey the experience of the passing 12 months we shall find that our estate presents very much to justify a nationwide and most sincere testimony of gratitude for the bounty which has been bestowed upon us. Though we have lived in the shadow of the hard consequences of great conflict, our country has been at peace and has been able to contribute toward the maintenance and perpetuation of peace in the world. We have seen the race of mankind make gratifying progress on the way to permanent peace, toward order and restored confidence in its high destiny.

"For the divine guidance which has enabled us, in growing fraternity with other peoples, to attain so much of progress for the bounteous yield which has come to us from the resources of our soil and our industry, we owe our tribute of gratitude, and with it our acknowledgement of the duty and the obligation to our people and to the unfortunate, the suffering, the distracted of other lands. Let us in all humility acknowledge how great is our debt to the Providence which has generously dealt with us, and give devout assurance of unselfish purpose to play a helpful and ennobling part in human advancement. It is much to be desired that in rendering homage for the blessings which have come to us, we should earnestly testify our continued and increasing aim to make our own great fortunes a means of helping and serving, as best we can, the cause of all humanity.

"Now, therefore, I, Warren G. Harding President of the United States of America, do designate Thursday, the thirtieth day of November, as a day of Thanksgiving, supplication and devotion. I recommend that the people gather at their family altars and in their homes of worship to render thanks to God for the bounties they have enjoyed and to petition that these may be continued in the year before us."
