

HONOR THE FLAG!

Meaning of the Sacred Symbol. Interesting Information.

The anniversary of the birthday of the flag of the United States, June 14, 1777, the date on which it was adopted by Congress as the National emblem, has been set apart as a fitting occasion for the American people formally to pay to the National colors the honor and respect which is their due, and thus manifest their love and affection for their country.

The commemoration of Flag Day by patriotic exercises was first observed in 1890, upon the recommendation of the Connecticut Society of the Sons of the American Revolution. The propriety of this custom was at once recognized by the several patriotic societies and the public generally. The celebration of Flag Day has since developed widespread popularity.

Among the objects of Flag Day are the crystallization of sentiment against the desecration of the flag, and the promotion of public opinion in favor of the customary observances of respect due the national emblem. Many civic and patriotic societies have cooperated to these ends and all citizens should give every such effort loyal support.

Meaning of Colors The colors of the flag may be thus explained: The red is for valor, zeal and fervency; the white, for hope, purity, cleanliness of life and rectitude of conduct; the blue the color of heaven, for reverence to God, loyalty, sincerity, justice and truth.

The star (an ancient symbol of India, Persia and Egypt) symbolizes dominion and sovereignty, as well as lofty aspiration. The constellation of the stars within the union, one star for each State, is emblematic of our Federal Constitution which reserves to the States their individual sovereignty except as to rights delegated by them to the Federal Government.

The symbolism of the flag was thus interpreted by Washington. "We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

Deep Significance The American flag is unique in the deep and noble significance of its message to the entire world, a message of national independence, of individual liberty, of idealism, of patriotism.

It incarnates for all mankind the spirit of Liberty and the glorious ideal of human Freedom; not the freedom of unrestraint of the liberty of license, but an unique ideal of equal opportunity for life, liberty and the pursuit of happiness safeguarded by the stern and lofty principles of duty, of righteousness and of justice and attainable by obedience to self-imposed laws.

Masonic jurisdiction throughout the country are taking official cognizance of Flag Day. The Grand Master of Masons of New York State, in his encyclical in 1921, said: "I invite and request our lodges... to salute the National colors and fittingly to celebrate the occasion."

A number of lodges have adopted the Salute to the Colors as a regular feature of their state communications.

Masons have been closely identified with the history of the flag. It was Washington, who was master of a Masonic lodge, who submitted the first rough design upon an American man-of-war by John Paul Jones, a Master Mason.—Sidney Morse.

ELIZABETHTOWN BRIDGE CONTRACT TO BE LET JUNE 27

One of the Most Important Projects in Third District Threshed Out.

Wilmington Star.

When the State Highway Commission meets for its next session in Raleigh two projects of unusual interest to Wilmington will likely be given consideration. One is the big bridge to be erected over the Cape Fear river at Elizabethtown, Bladen county, and the other is the highway which it is proposed to build between Wilmington and Wrightsville sound.

Official announcement has come from Raleigh that contract for the Elizabethtown bridge is to be let at the commission meeting on June 27. This bridge, when completed will be a most important link in the highways that are complete, and in the process of construction in the third district, which is in charge of W. A. McGirt, of this city.

This project covers the construction of a bridge of concrete and steel having a total length of 2,293 1-2 feet, and will be of concrete except for the steel span of 350 feet over the Cape Fear river. In addition the project includes one 365-foot bridge across an arm of the Cape Fear, and one span of 50-feet.

Although the engineers are not yet finished with the preliminary survey of the proposed hard-surfaced road connecting Wilmington and Wrightsville Sound, it is likely that this project will be given consideration by the commissioners when they gather for their next session.

To Resume Road Lettings June 27.

After a lapse of nearly 8 months the State Highway Commission will resume the letting of new contracts for road construction on June 27, when bids will be opened on more than a score of projects aggregating a mileage of approximately 125 miles, states the Raleigh News and Observer. The tentative list of projects gives 71.18 miles of gravel road and 55.22 miles of hard surface. Further lettings of contract was suspended indefinitely several months ago on account of shortage of materials and labor and congestion of transportation. The only project mentioned for the third district is No. 202, Bladen, 1.25 miles of gravel road.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere.

LASKER'S MILLION DOLLAR JOY RIDE

Chairman of Shipping Board Has Sent Invitation to 600 Guests for Delightful Junket at Public Expense.

(Washington Correspondence) The pretense of the Republican administration that it is practicing economy apparently has not fooled Albert D. Lasker, chairman of the shipping board. Chairman Lasker's intimate association with President Harding may have led him to regard the utterances of the Chief Executive, including his economy preachments, as purely Pickwickian. While other "best minds" among Republican leaders were putting out economy propaganda, Chairman Lasker was planning and is about to carry out what has been called a "million dollar joy-ride" on the shipping board vessel Leviathan in southern waters. Invitations were sent to 200 prospective guests for this delightful junket at public expense.

In a manner of speaking this is a sort of celebration of Mr. Lasker's retirement from the Shipping Board and considered solely in this light, the junket is probably worth what it will cost. Of course, a million dollars is a great deal of money, but it must be remembered that Mr. Lasker has been squandering millions upon millions of dollars of the people's money in a futile attempt to operate the merchant marine, for which work he has had neither previous training nor experience. One confession of his incompetence and his recklessness in wasting public monies was the attempted passage of the ship subsidy bill which would have disposed of the shipping board vessels at a nominal cost and have levied an additional tax upon the people of \$750,000,000 in the next ten years, and, perhaps, indefinitely, in the nature of a subsidy to private ship owners.

SUGAR GOUGING NO AID TO REVENUES.

(Washington Correspondence) No matter how much the Sugar Barons may gouge from consumers of sugar by reason of the present and recent excessive price of sugar, the Federal Government gets only what the Fordney-McCumber tariff act allows—1.7648 cents a pound. And it collects this on Cuban sugar. It collects no revenue from the domestic product, which sells as high as Cuban sugar. It is estimated that the American people this year will import and consume something like ten billion pounds of sugar, upon which the Government will collect about \$176,000,000 in duties, while the profiteers will take a toll upward of \$200,000,000.

The tariff offers the profiteers the opportunity and occasion to exploit the people and its vastly more beneficial to the Sugar Barons than it is to the Government. For every cent the profiteers pay into the public treasury they take three or four cents out of the consumer's pocket. It is plain, think that while the tariff influences the cost of the consumer's sugar the amount of revenue collected by the Government is in no way dependent on the price the profiteer forces the public to pay.

HER THIRD ATTEMPT

By Helen Harrington Downing It was the day before the club meeting and it was Mrs. Newlywed's turn to entertain. It was her third attempt that week to bake a cake and each had been a failure—but why, she could not tell—and Mrs. Newlywed was in despair. Everyone of the club members had served such delicious cakes and surely she must too. She sat down to have a good cry when a cheery voice called to her from the kitchen door. When Mrs. Bestfriend came in, with a glance at the look on her friend's face and then at the cake which had just been taken from the oven, she at once sensed the trouble. "I'm in a hurry but just ran over to

WINNING TEAM GETS THREE DAY HOLIDAY

A hot contest is on at Efford's department store. It is between the red team and the blue team composed of the salespeople there, and the winning team is to receive a prize of a three-day vacation with pay, besides a sum of money. This same feature is being carried out in all the 33 Efford stores throughout three states.

Rivalry is running high and every effort is being made by members of both teams to hold the lead. Not only the employees are interested, but the buyers as well. Many persons with favorite saleswomen or men, are entering into the spirit of the battle.

bring you one of my copies of "Reliable Recipes"—thought you might need it," she explained, as Mrs. Newlywed told the story of her failures. "My dear, you can bake delicious cakes, I'm sure—as delicious and fine flavored as anyone—but what kind of baking powder do you use?"

"You should use a medium acting powder, that is one which requires a moderate oven and you can always rest assured your cake will be a success. You don't have to worry if you are called away from your baking for a few minutes.

"Be careful with your measurements, follow your recipe closely and remember one level teaspoon of baking powder to every cup of flour. "Try again and I'll run in this afternoon to see your cakes when you have finished your baking," added Mrs. Bestfriend.

It was a smiling, happy face which greeted Mrs. Bestfriend later—"Come and see my cakes," said Mrs. Newlywed—"they are perfectly wonderful. I followed your advice and see—how light—and look at the texture, just taste this sample. I never dreamed that I could make such a cake. I know I shall never have another failure. "And, now I know two of my best friends—you and my baking powder."

OATHS NOT ALWAYS ADMINISTERED PROPERLY

The following statement is issued by the U. S. Collector of Internal Revenue for the district of North Carolina:

With a view of prosecution and dismissal from Government service where the offender is a Federal employee, investigation is being made by the Bureau of Internal Revenue of reports that persons authorized to administer oaths are not, in all cases, performing such duty properly and in accordance with the law.

Section 106 of the United States Penal Code provides a penalty of \$500 fine or imprisonment for one year, or both, for "whoever, being a public officer or other person authorized by any law of the United States to make or give a certificate or other writing, shall knowingly make and deliver as true such a certificate or writing containing any statement which he knows to be false."

Such misconduct, it is declared by the commissioner of internal revenue, D. H. Blair, in addition to the penalties prescribed by law will be deemed sufficient reason for requesting the cancellation of the oath-administering authority for any officer guilty of the offense, and in the case of bureau officers, for dismissal from the service.

"JUDAS"

To the Editor. "Judas, is it?" "Well, I may be a Judas all right!" But it is a glorious thought to know that the persons I have been trying to betray don't quite measure up to the standard set by our Lord and Savior, Jesus Christ. At least one member of the "high and mighty" is getting a little sore, judging from the fact that he promised me along with a mixture of terrible cuss words that he would knock my head clear off if I ever wrote another word insinuating in his direction, classing my writings to The Robesonian as a lot of bunk stuff.

After visiting the jail several times in an effort to get admission, I succeeded in being allowed to enter last Thursday evening peaceably enough: But the getting out propo-

MRS. LINDQUIST TELLS WOMEN OF MIDDLE AGE

What Lydia E. Pinkham's Vegetable Compound Did for Her

Kansas City, Mo.—"I was left in a very serious condition after childbirth and no one thought I could ever be any better. Then came the 'Change of Life,' and I was not prepared for what I had to suffer. I had to go to bed at times to be perfectly quiet and I could not even stoop down to pick anything from the floor. I did not suffer any pain, but I was decidedly nervous and could not sleep. For nearly two years I was this way, and the doctor was frank enough to tell me that he could do no more for me. Shortly after this I happened to see in a newspaper an advertisement of Lydia E. Pinkham's Vegetable Compound. I bought it and I had begun its use and I took it regularly until I was well. I recommend the Vegetable Compound to others when I have the opportunity."—Mrs. MAY LINDQUIST, 2314 Independence Ave., Kansas City, Mo.

After being compelled to wait the pleasure of others for at least half an hour after giving the word that I wished to leave "his majesty" after expressing the opinion that he ought to keep me in there since I wanted to get in there so d—n bad, he finally unlocked the outer cell door, following me to the outside door, throwing it open, telling me to get out and to be d—n shure not to come around there again, as I was not wanted around there by anyone.

As I reflect over my experience of the evening, the thought makes itself manifest in me: How nice it would have worked, if I had resented the insult and have been knocked out and lodged in jail on the charge of raising a disturbance and kept there until after court was over and then given my freedom to be the laughing stock of the whole country. "Not me."

Governor Morrison has commuted to life imprisonment the sentence of Clyde Montgomery of Wilmington, who was sentenced to die June 14 in the State prison for criminally assaulting a 12-year-old girl of Wilmington. The jurors and many other citizens begged the Governor to commute the sentence. The Governor coupled with his commutation a plea that no future executive turn the man out of prison.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was his first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I was very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., P. O. 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.
