

WEINSTEIN'S REMODELING SALE

Will Continue Through The Entire Month of July

We are very thankful to the people of Lumberton and vicinity for the faith they have shown in this store by extending to it during our Remodeling Sale a volume of patronage that has not alone broken all records for this store, but has likewise set a new record for Lumberton as well.

We want to show our appreciation in a substantial manner. We want to return thanks for the complement which has been paid us. A mere "Thank you" is not enough. We must do something as well as say something.

We have decided to continue our sale through the entire month of July.

Our profits are real money. During the month of July we are going to give it all to you. This is our new way, which is, in reality, a very old way of saying "THANK YOU".

During the month of July we will give the public the greatest values they have ever had, regardless of their former selling prices—will give them something they will talk about for months to come. Prices have been tremendously reduced. Thousands of dollars' worth of fine seasonable merchandise that was ordered before the sale just arrived in the past few days. Owing to our congested condition, we have no room to keep it. There's but one alternative—let it go for what it will bring—give the public the greatest values in our history in appreciation of the wonderful business they gave this store during our Remodeling Sale.

KEEPING BUSINESS HUMMING BY KEEPING PRICES LOWER!
