The chain gang is in this section doing some work that has long been needed.

Mr. W. M. Powers spent last Saturday in Lumberton on business.

It looks like if people keep on lengthening R. F. D. 1 that they will soon need two mail carriers for this route instead of one.

Mr. Robert Perry of Howellsville died about the middle of March. He was married three times. His last wife is living. The writer doesn't know how many children Mr. Perry was the father of, but by his second marriage there were two children, Misses Snowdy and Harriet Perry. They live with their step-mother. They have our deepest sympathy.

There will be preaching at Ten Mile Baptist church first Sunday a. m. and at Barkers Methodist church second Sunday a. m.

The musical recital that was given at B. T. M. in March was real good. They sure have a fine music teacher at B. T. M. Everybody in this section likes her.

Court Holds There Was Fraud in Sale of Cooper Bank Stock.

The Supreme court last week held that Thomas E. Cooper perpetrated fraud in the sale of stock of the Commercial National Bank of Wilmington and that when this stock was disposed of by W. D. Cooper both he and his brother know the bank to be insolvent. It will be recalled that Lieut. Gov. Cooper and his brother were acquitted of a charge of conspiracy in Federal court at Wilmington in February. Other criminal charges are pending against the Cooper brothers.

Mr. T. A. Allen of Howellsville township was a Lumberton visitor Friday.

Mr. E. L. Parrell of Buie was a Lumberton visitor Saturday.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Baptist Campaign Has Put \$4,000,000 Into Care of South's Orphan Children

Benevolent Phases of Forward Movement Are Set Out in General Statement From Headquarters—Hospitals and Ministerial Relief Greatly Extended.

A Group of Happy Homeless Boys Provided for in a Baptist Orphanage.

Of the \$48,500,000 that has been collected in cash on the Baptist 75 Million Campaign to January 1, 1924, the sum of \$7,782,831.58 has gone to such benevolent work as caring for orphan children, healing the sick and ministering to aged, worn-out preachers. It is announced by the headquarters of the Campaign.

\$4,000,000 Went to Orphanages.

More than half of the benevolent fund, or \$3,999,192.63, has gone to the 21 Baptist orphanages of the South, two of which have been established as a result of this movement and all of which have been greatly helped by this forward program. Nearly 4,000 orphan boys and girls are being housed, fed, clothed, educated and trained for Christian citizenship in these orphanages and the Campaign has put between \$800,000 and \$900,000 into the maintenance of these institutions each year. The orphanages are now caring for more children than their normal capacities permit, but despite this extra effort the institutions have been compelled to turn down the applications of 2,000 other orphan boys and girls, simply because there was no room for them.

Sick and Suffering Aided.

Large advance has been made in the ministry of Southern Baptists to the sick and suffering during the four years of the Campaign. At the time this movement was inaugurated Southern Baptists were operating twenty hospitals. The number now in operation has grown to 22, six others are practically completed and ready for service, while two more have been projected. At the time the Campaign began the value of Southern Baptist hospital property

was \$2,227,000, while today it has grown to approximately \$9,000,000 among the institutions already in operation. The number of hospital beds has increased from 1,623 to 3,600.

During the four years of the Campaign a total of 170,000 patients have been treated in these hospitals. Approximately \$1,000,000 worth of charity service has been performed there for needy but deserving persons.

925 Old Preachers Helped.

Into the work of ministerial relief the Campaign has put the sum of \$1,440,183.31. More than \$500,000 has been put into supplying the needs of aged and dependent ministers and their families. This, representing the efforts of four years, is far more than Southern Baptists had ever done for old preachers in all their history prior to the launching of this forward movement. At the same time the Relief and Annuity Board has gathered an interest-bearing endowment and sinking fund for relief alone of more than \$450,000, and has gathered for its annuity work an interest-bearing endowment and sinking fund of more than \$1,100,000. Today 925 beneficiaries are carried on the rolls of the Relief and Annuity Board.

An effort is being made to bring the 75 Million Campaign to a successful completion during 1924. It is announced by the headquarters of the Campaign that forces are at work in every state in the territory of the Southern Baptist Convention with a view to existing the churches in the immediate discharge of the task they assumed in this five-year movement.

Wheat is the Fuel of Life

You can get the most food value out of wheat by eating bakings that are made from good plain flour. A dependable baking powder must be employed or you do not get the full nutritious value of the wheat—nor will your bakings be as palatable and easily digested.

The same results cannot be had if you use Self Rising Flours, which are improperly packed in porous sacks or bags, thus allowing absorption of moisture from the air. Food authorities and physicians agree that bakings that do not raise properly are bad for health. Such foods are hard to digest and in time cause stomach trouble.

Mothers who are interested in the proper growth and health of their children (and all mothers are) should never use anything but a good brand of plain flour and a time-tested leavener such as Calumet—the economy Baking Powder.

Calumet has more than the ordinary leavening strength. It raises every baking to its height of nutritious value. It is pure and dependable—do not look for a substitute—there is none.

Use Calumet and be positive of wholesome nutritious and economical foods.
