IF THINE ENEMY be hungry, give him bread to eat; and if he be thirsty, give him water to drink.—Proverbs 25:21.

DISSIPATED FIGURES

Former Governor Cameron Morrison has issued a defi to former Secretary of the Navy Josephus Daniels, editor of the News and Observer, and challenges him to debate this alleged deficit in the State treasury. Mr. Morrison says he can argue Josephus to a standstill that there is no deficit, that what looks like a hole is no hole at all and he can prove it; and Josephus says it looks mighty like a hole to several reputable gentlemen, and that those who have attempted to find how deep it is have arrived at various conclusions, some saying it is so deep while other some vow it is deeper, and that the proper person for Mr. Morrison to challenge is Governor McLean, who, Mr. Daniels says, is kept busy trying to find a way to "meet this large deficit"—or to fill this hole, or alleged hole.

The sad thing is public loss of confidence in the integrity of figures. It used to be thought that figures were self-respecting, sturdy, independent, reliable, truthful at all times, but since this deficit matter came up they have become as changeable, mocking and undependable as shifting sands. They tell one sort of tale for one set of folks one day, and the next day, standing afar off from their former chums and wiggling sassy hands with thumbs upon noses, they say they mean an entirely different thing. I'd have thought that staid would have cut such capers the latter days. Just goes to show a jazzy age will do innocent things that use to be at home nights and lead a quiet life. Figures are getting reckless and dissipated.

Maxton News Letter

By H. C. MacNair.

Our farmers are out of a job for the past few weeks. It is too wet to do any kind of work on the farm.

One farmer came to town the past week who has the reputation of being not only a capital farmer but as well a good fisherman. He was inquiring of one of the hardware merchants the price of horse collars. "Thinking of starting my plows," he said. The merchant made him the price of \$5 a piece. "Say," said the farmer, "your price is too darn high. Show me some fishing tackle."

A gentleman on the streets this week remarked, "I went to see a girl this week that I used to go to see 15 years ago. Then she had great difficulty in keeping her ankles covered. Now she seem content if one knee is covered. Just change in style," he said.

MR. S. T. FREEMAN

Weak Nervous

"I was weak and nervous and run-down," writes Mrs. Edith Sellers, of 466 N. 21st St., East St. Louis, Ill. "I couldn't sleep nights, I was so restless. I felt tired and not in condition to do my work. I would have such pains in my stomach that I was afraid I would get down in bed. . . My mother came to see me and suggested that I use

CARDUI

The Woman's Tonic

I felt better after my first bottle. I had a better appetite. It seemed to strengthen and build me up. I am so glad to recommend Cardui for what it did for me. I haven't needed any medicine since I took Cardui, and I am feeling fine.

Nervousness, restlessness, sleeplessness—these symptoms so often are the result of a weak, run-down condition, and may develop more seriously if not treated in time.

If you are nervous and run-down, or suffering from some womanly weakness, take Cardui.

doubt will kill it dead still when opportunity presents itself. The people do not take kindly to any effort to commit regulation of child labor to the Federal government. Too many men know that the work they did as boys, which work would have been prohibited under the proposed law, helped to contribute to whatever success they have made. They do not want their children handicapped by any such unwise legislation.

Fines imposed by courts are not proving sufficient to prevent the driving of automobiles by drunken men. Judge Coggin announced in Rowan county court the other day, announcing that he would give jail or road sentences for that offense. That fines do not deter bibulous ones from joy-riding at the wheel is a well-known fact. Jail or road sentences combined with taking away the privilege of driving at all for a year or so would have more effect.

"Please change my address from Lanexa, Va., to Shannon, N. C. I will live here this year if not longer. Tried Virginia one year and think the Old North State is best after all." So writes to The Robesonian Mr. C. C. Carter from Shannon, which is the usual thing. When a Robeson county citizen wanders off to some other field he learns that the Old North State, particularly Robeson county, is "best after all."

That was some "spell" of weather that visited Robeson county a couple of days last week. Sleet and snow and slush. But, when nature acts up that way in this favored part of the vineyard she makes royal amends, and sleet and snow and unusual cold were followed by brilliant sunshine that invites one out of doors.

Why is it that the house pictured as a "model home" so often looks like a cross between a chicken coop and a barn?

Convention of Presbyterian Men at Lumberton—Another Lineman Hurt—Social and Other Items.

By H. C. MacNair.

Maxton, Jan. 31.—A number of our Presbyterian friends attended a convention of the men of the church at Lumberton last Monday. This convention was called from the churches in the county and most of the churches were represented. Dr. Morehouse of the Lumberton church gave the visiting Presbyterians a very cordial welcome. The business meeting was opened by the chairman of the stewardship committee of Fayetteville Presbytery and was turned over to the Secretary of the State committee, Mr. J. B. Spillman of Charlotte, who conducted a "stewardship meeting," getting an exchange of ideas from all churches and societies.

The Lumberton ladies, though, furnished the crowning bit of entertainment in a well supplied table of eatables such as only those ladies can. Dinner was served to all present and basketfuls remained, not of fragments but untouched eatables, so plentifully had dinner been provided.

The Yadkin River Power Co. had another man to be hurt by a falling pole today when one of their linemen jumped to the sidewalk to save himself. He sustained a broken foot from his impact with the cement sidewalk.

Miss Elizabeth MacNair entertained the "Students' club" at her home on North Main street Friday evening. Papers dealing with European history and geography were read by Miss Emma Jones, Miss Bess MacNair and Mesdames H. A. McKinnon and J. L. McLean.

Lyceum Number at Lumber Bridge Friday Night.

Correspondence of The Robesonian.

The third Lyceum number will be given in the school auditorium next Friday night, Feb. 6, at 8, the Kellam club, in a happy combination of fun, stories, songs and music.

Got to Get About

Mrs. Frank Kelley, of Glacier National Park in Montana, made some snow shoes for her chickens and it didn't take her long to master them. "Old Mike" is a smart pupil that Mrs. Kelley is now going to have some skates made for him.

Poem by Uncle John

Readin' advertisements may seem commonplace to folks who let their inclinations run to editorial jokes—who have cultivated appetites for detailed news of crime, which can shake their faith in people till it gets their goat in time.

But—readin' advertisements is a pastime by the way, where we post ourselves on values in the markets of today. . . . Though we have no need of "bargains" in the stuff we couldn't use, yet we taste the charm of business, which is better in lots of "news."

I frequently go "shoppin'" in my favorite magazine—where displays is fascinatin'—where goods I haven't seen. . . . I'll run across a motor-bus or fancy wooden hen—and I'll strike the thing I'm lookin' for, say, nine times out of ten!

Readin' advertisements when I've nothin' much to do makes a pleasant little journey in the realm of somethin' new—and, while sensation in the "news" may stir my peaceful breast, I somehow manage to stick around the job that pays me best!
