## TWICE IN THIS

Lydia E. Pinkham's Vegetable Compound Helped Her from Sickness to Health

Ellensburg, Washington. - "When I was first coming into womanhood I suffered terribly every menth. My mother did everything she could think of, so she took me to several doctors and they only helped me a little. Mother was talking to another lady about my condition and she told mother of Lydia E. Pinkham's Vege-

table Compound. Mother got me six bottles and at the end of the first month was much better, so I kept on taking it until I had no more pains. When got married and had my first child I was in terrible pain so that it was impossible for me to do my housework. thought of how the Vegetable Compound had been of so much benefit to me when I was a girl, so I went to Perier's Drug-Store and got six bottles. It sure did help me and I still take it. I am a well woman today and I can't say too much about Lydia E. Pinkham's Vegetable Compound. I will answer any letter that comes to me to answer about what your medicine has done for me." - Mrs. WILLIAM CARVER, R. F.D. No. 2, Ellens-

burg, Washington.
