

INVENTORY OF ROBESON COUNTY MEETING WILL BE HELD IN LUMBERTON JULY 8

Every Town in Robeson Is Ex-
pected to Be Represented.

STOCK-TAKING MEETING

Want to Determine What County Has,
What It Needs and How to Get It—
Branch Office of Eastern Carolina
Chamber of Commerce Proposed.

Special to The Robesonian.

Kinston, June 28—A meeting of unusual interest to Robeson county will be held in Lumberton Thursday, July 8th, at 7:30 p. m., in the private dining room of the Lorraine hotel. Every town in Robeson county will have from 10 to 40 present at this meeting to "take inventory" of Robeson county. The purpose of the meeting is to get the leaders of this great county together and let them take stock to determine, first, what they have, and second, what they need; third, how to get what is needed to make Robeson county what it ought to be. The meeting will be held under the auspices of the Eastern Carolina Chamber of Commerce, with headquarters at Kinston.

J. C. Lentz, St. Pauls, in Charge
J. C. Lentz, district chairman for the Eastern Carolina Chamber of Commerce for this section, announced this meeting, after having held a meeting in Red Springs, Tuesday, June 22nd, of representatives from Red Springs, Maxton, Lumberton, St. Pauls and Parkton. Representatives were invited from Pembroke, Rowland and Fairmont, but these could not attend. Secretary Newell G. Bartlett of the sectional organization was present and went over certain plans of development for Robeson county.

Robeson county wants a branch office of Eastern Chamber. At the meeting July 8th it is believed definite steps will be taken to secure a branch office of the Eastern Carolina Chamber of Commerce for Robeson county with a full-time man assigned to Robeson county alone. The county is an empire within itself and it is the belief of the leaders of Robeson that a full-time man would have all he could do to look out after Robeson's own interests. The attitude of the officials of the Eastern Carolina Chamber of Commerce has not been determined yet. But it is the belief that enough pressure can be brought to bear to get a branch office with a full-time man for Robeson county. If you are a hundred percent Robesonian, and want to attend this meeting, let J. C. Lentz, chairman, St. Pauls, know about it, or M. F. Cobb, Lumberton. "We can do it," is Mr. Cobb's opinion of the whole situation.

CORONER'S INQUEST

POSTPONED

The coroner's jury summoned a week ago to investigate the death of Allen Oxendine, whose death resulted from an automobile wreck on the Pembroke road Sunday, June 20, will complete its work as soon as Mack Tyler and Mrs. Roy Jacobs, patients at the Baker sanatorium, are able to testify. The jury viewed the body of Oxendine last Monday and was scheduled to complete the inquest today, but the work had to be postponed on account of the fact that Tyler and Mrs. Jacobs were unable to appear before the jury.

HENRY STEPHENS CAPTURED

Henry Stephens was captured by county officers Saturday night and will be tried by Recorder Kornegay on a charge of manufacturing liquor. A warrant for Stephens was sworn out nearly a year ago after a still had been found near his house, and he has been at large since that time. John Meshaw, arrested at the time the warrant was drawn for Stephens, recently has completed a six months' road sentence on a charge of manufacturing.

OFFICERS GET TWO STILLS

Sheriff B. F. McMillan and Deputies J. H. Barrington, Melton Ivey, and W. C. Britt captured two stills of the gasoline-drum type in River swamp, Britt's township, yesterday morning. No liquor or beer were found at the place, and no arrests have been made in connection with the raid.

Indian Bound Over On Assault charge

Probable Cause Found Against Lofty McMillan, Charged with Assault on Harley Locklear—Held for Higher Court under \$1500 Bond.

Probable cause was found by Recorder P. S. Kornegay this morning against Lofty McMillan, Indian, and he was bound over to the July term of Superior court on a charge of assault with a deadly weapon upon Harley Locklear, Indian, and inflicting serious injury. Bond was fixed at \$1500, which was furnished.

The evidence of Locklear at the preliminary hearing, which resulted in the binding over of McMillan, was that some weeks ago McMillan had taken a car away from Locklear's children and that Locklear had later beaten him with a hickory stick, the end of which was bound with metal; that McMillan came to his house on the night following the beating, called him out and snout him in the leg. Locklear was a patient at Baker's sanatorium for three weeks following, and he appeared in court this morning on crutches.

OLD LANDMARK MADE OVER

Old McAllister Hardware Building Has Been Transformed Into Attractive Store and Office Building. An old landmark has taken on a new face and been transformed into unrecognizable modernity (if you can stand that abominable word), where the building formerly known as the McAllister hardware store stands. It now has a mitty pressed brick, plate-glass and prism-glass front, two stories on the first floors and offices on the second floor, making one of the most attractive buildings in town. Mr. G. L. Canany's jewelry store occupies one store-room downstairs, with Kirkman and Wickers hardware store occupying the other. Both stores are unusually attractive.

Upstairs, Mr. W. S. Britt, who recently purchased this building, has had the second floor cut up into offices, with running water in each office. The iron works, comprising waiting room, two private offices, with stenographer's office between, and library, will be the law offices of Messrs. W. S. and E. M. Britt. Dr. J. N. Britt will occupy two rooms at the rear of the building, and in between these sets of offices there are four office rooms, each with an ante-room.

It is expected that these rooms will be ready for occupancy this week, and the Messrs. Britt and Dr. Britt will move in as soon as they are ready.

ERNEST LUCAS ACQUITTED

He Was Charged With Murder of Fayetteville Policeman.

Fayetteville, June 24.—Ernest Lucas, on trial here charged with the murder of a Fayetteville policeman, was acquitted by the jury tonight after deliberation of twenty-five minutes.

Late this afternoon the state said that it would be satisfied with a second degree murder verdict while the defense countered that either first degree verdict or an acquittal be rendered.

Today was spent principally by the defense in attempting to trace the whereabouts of Lucas on the night of the killing. Witnesses called by the defense testified that the accused man was seen near Dunn, in Harnett county, about the hour which it is believed D. C. Chason was shot in the office of the Fayetteville Observer.

The testimony of Chief of Police Jones was thrown out by the court, following a ruling that Jones violated Lucas' constitutional rights by going into another county for him without a murder warrant.

OUTSTANDING EVENTS OF WEEK AT STATE CAPITAL

(By M. L. Shipman.)

Raleigh, June 28.—The meeting of the third Judicial Conference, authorized under act of the last legislature; the election of a new secretary for the State Board of Health; annual meeting here of the State Baptist Young People's Union; convention of State Veterinarians; the passing of the affairs of the Tri-State Tobacco Growers Co-operative Association into the hands of receivers named by federal Judge Meekins and a meeting of the State Board of Medical Examiners were the more important happenings recorded in the State's capital during the week.

Members of the Judicial Conference created by act of the recent legislature were on hand Friday morning at the opening of the third session in the Supreme Court room when Chief Justice W. P. Stacey, designated under the law as chairman, rapped for order and declared the meeting ready for business. The Conference is composed of Supreme Court justices, superior court judges and solicitors, and laymen selected by the Governor. The following committees reported progress and expect to have their recommendations ready for presentation to the next session of the General Assembly: Judicial System, Justice W. J. Adams, chairman; Process and Pleadings, Judge M. V. Barnhill, chairman; Juries, Judge F. A. Daniels, chairman; Trials, Judge W. A. Devin, chairman; Rules and Practice, Judge P. A. McElroy, chairman. Judge Daniels presented a comprehensive report for his committee at the opening session and other chairmen promised action in due course. The Conference is composed of earnest men who realize that they are engaged in the consummation of serious and important tasks.

A successor to Dr. W. S. Rankin, who resigned as Secretary of the State Board of Health a little more than a year ago to take up the directorship of the Duke Foundation, was chosen by the Board at a meeting here during the week. The honor and responsibility goes to Dr. Charles O'H. Laughinghouse, of Greenville, who will assume his new duties on October 1, relieving Dr. G. M. Cooper, acting secretary since Dr. Rankin was given a leave of absence to do research work some three years ago. Doctor Rankin succeeds Doctor Laughinghouse as a member of the Board and Doctor Cooper resumes his former position with the State health department.

Meredith College was host to the annual convention of the State Baptist Young People's Union during the week and "did the honors so well" that the delegates voted "no change" in the meeting place so long as the "latch string hangs on the outside." The sessions were attended by nine hundred representatives of numerous unions throughout the State and the meetings were featured with inspiring addresses, songs and suggestions for "the good of the Order." Local committees placed automobiles at the disposal of the young visitors and "seeing Raleigh" was the order of business on Thursday afternoon.

Half-a-hundred surgeons were present at the opening of the 5th annual convention of the North Carolina Veterinary Association Wednesday morning in Ricks Hall at State College and participated in a sumptuous feast spread for their benefit in the dining hall on the evening of the same day. An elaborate program, including addresses on different phases of their work, went through according to schedule. The sessions were presided over by Dr. J. H. Brown, president of the Association.

During the week the Tri-State Tobacco Growers Association passed formally into the hands of M. L. McCoy, Jas. H. Pou and Hallet S. Ward, receivers named to take over its affairs by Judge Isaac M. Meekins of the Federal Court. It is said that the Association has on hand some

"Not Guilty," Recorder Says in Face of Sworn Testimony of Officers

Deputies Barrington Ivey and Bullard Testify That Indian Was Drunk and No One Testifies That He Was Not, But He Is Turned loose.

HAD OFFERED COMPROMISE

"Let's go to dinner, boys; not guilty," said Recorder Pat Kornegay Friday after three Robeson county officers, Deputy J. H. Barrington and Rural Policemen Melton Ivey and B. F. Bullard, had testified to the drunkenness of Joe F. Oxendine, charged with being drunk and transporting.

Oxendine was arrested following an automobile wreck Sunday afternoon of last week, an account of which was given in Monday's Robesonian. One of the officers testified that he saw Oxendine go behind a tobacco barn and pour out the liquor and another stated on the stand that he saw where he had vomited behind the barn. All three of the officers were implicit in their declarations that the man was drunk, and no witnesses put on by the defense showed that he was not. Some testified that he could not have become drunk between the time they saw him some two hours before and the time it was alleged he was drunk. After the recorder had found Oxendine not guilty on the drunkenness charge, the solicitor took a nol pro in the transporting charge.

Previous to the trial of Oxendine on Friday, his attorney, Mr. W. S. Britt, went to the officers and offered to submit his client to charges of transporting and possessing, this submission being \$25 cheaper for Oxendine than it would have been if he had been convicted of being drunk. Officers thought they had enough evidence to convict, however, and accepted no compromise.

Guilty of Assault.
James Cain, colored, was taxed with the costs Friday by Recorder P. S. Kornegay for assault.

MR. C. L. LAMB TO OPERATE A READY-TO-WEAR EMPORIUM

Purchases Stock of Goods of Miss Lizzie Caldwell.

Mr. Clarence L. Lamb of Lumberton has purchased the stock of goods owned by Miss Lizzie Caldwell, and will operate a ladies' ready-to-wear emporium in Miss Caldwell's old location, Elm street, he taking charge on Friday.

Miss Caldwell has been in the mercantile business in Lumberton for approximately twenty-five years, having been connected with her brother, Mr. R. D. Caldwell, for about twenty years previous to her removal to the new location five years ago. She expects to rest for sometime before going into any other business.

Mr. Lamb has resigned the position of bookkeeper, which he has held with the Robeson Manufacturing Co. for the past five years, and will devote his time to the store.

Miss Ila Stone of Raynham has accepted a position as saleslady in the emporium.

70,000,000 pounds of tobacco valued at \$14,000,000, and mortgaged for \$8,000,000 to be disposed of to begin with. The organization appears to be pleased with the three receivers appointed by the judge to handle its affairs.

Superintendent George Ross Poul of the State's Prison, will recommend to the next General Assembly the enactment of a bill requiring mental examination before trial by a competent alienist appointed by the Governor; the seventh annual Public Welfare Institute, held under the joint auspices of the State Board of Charities and Public Welfare and the School of Public Welfare of the State University, will open at Chapel Hill on July 12th; ballots for the second primary to be held in a number of judicial districts of the State on Saturday, July 3rd, have gone from the State Board of Elections which counts against the participation of the insurrectionists; hearings of the Western Union Telegraph Company on application for increase in rates is to be held in the office of the State Corporation Commission August 3rd.

The University of North Carolina is soon to be provided with a half million stadium according to a decision reached at a meeting of the Executive Committee of the Board of Trustees recently held in the Governor's office, the erection of the new building to be under the supervision of the Building Committee of the institution. Bond fide pledges aggregating \$300,000 are to be made by the alumni before the work shall be started.

Bumper crops all over the State are expected since the timely arrival of refreshing showers which have been "the order of the day" in all sections of the commonwealth during the past week. The State Department of Agriculture is in possession of most encouraging news and finds great pleasure in passing it along. Along with this goes the statement that peach growers are wearing smiles that wont come off. Value of recent rains to the farmers of the state is placed at \$5,000,000.

SAYS TOBACCO EXPORTS MAY SURPASS LAST YEAR

Atlantic City, N. J., June 25.—(AP)—A. B. Carrington, of Danville, Va., told the annual convention of the Tobacco Association of the United States here today that American tobacco exports this year bid fair to surpass those of last year, when approximately 1,100,000,000 pounds were shipped to foreign markets.

Germany was the greatest importer in 1925, with the United Kingdom, France and the Netherlands following in the order named he said. The general tobacco situation as applied to markets and relationship between capital and labor is fairly satisfactory, Carrington asserted.
