

Feeding Fodder Is Robbing Corn

Causes Many Ears Not to Mature and Robs Farmer of That Grain—Over 60 Per Cent of Robeson County Farmers Pull Fodder or Cut Tops of Corn.

(By R. B. Harper)

Over 80 percent of the farmers of Robeson county pull their fodder or cut the tops of their corn. They do so in view of the fact that they have long feed. But after they have the fodder they find that it is worth the trouble that it is worth to harvest? They think they have, later in the summer, when the weather gets hot and the teams begin to fall off, they wonder what is the trouble. They do not consider the fact that they are not giving the anything but filler.

The State department has published the fact that there is very little value in fodder or the leaves of corn stalk, which are classed as "filler" by the scientific agronomists of the State. In fact, it is not worth the time and trouble that it takes, when you hire a man to pull fodder, and a half a day and give him \$1.00. For that money you can buy one hundred and fifty pounds of good hay that is of good value as feed and the team will stay fat during the hot months. It is expensive, saying anything of the waste of corn.

When we come to the fact of robbing the ear. When you pull the fodder, you are robbing the ear over 60 percent of the grain is not grown, and stripping the blades causes it to stop growing at once. This will cause the ear to mature and be light. Often it is only half as heavy as it would be if the fodder were allowed to stay on the stalk. In the sale of grain you will find that it will weigh more bulk to weigh a bushel of the grain where the fodder was to mature the ear.

You are robbing the corn to pull fodder, and when you rob the ear you are robbing yourself. There is no other way around it.

AYS AUTOS ARE AIDS TO FARMERS

One of the most hopeful signs in the agricultural situation is the fact that by recent statistics that rural population in the United States, says W. Frazier, sales manager of the Chrysler Sales corporation. "The more farmers have of all kinds of gas power, electric power and mechanical equipment the sooner they will leave behind them the troubles that have been making their lot so difficult."

Help Kidneys By Drinking More Water

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so you no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

Value Of A Church To A Community

The Robesonian Offers Four Prizes, Aggregating \$20, to the Best Article on The Above Subject.

Four prizes aggregating \$20 are offered by The Robesonian for the four best articles on "The Value of a Church to a Community." The prizes will be divided as follows: for the best article, \$10; for second best, \$5; for third, \$3; for fourth, \$2. Rules of the contest are as follows:

The contest began August 15 and will close September 15. No articles will be considered that are received later than September 15 or show a postmark later than midnight of September 15. Articles must not be over 300 words in length. The shorter the better.

Write only on one side of paper and do not crowd lines. Use typewriter, if possible, double-spacing.

A prominent member of each of the churches of Lumberton will act as judges.

Send in your name with your article on a separate sheet of paper. Each article will be numbered and a corresponding number placed on the sheet bearing the name of the author. The judges will not know the name of the writer, hence there will be no possible occasion for thinking that any partiality has been shown.

Any one who cares to do so may submit a paper on this subject between the dates given above. The contest is open to everybody except employees of The Robesonian. Articles will be gladly received from school girls and boys as well as from adults. No matter whether you have had any experience in writing or not, your ideas on the subject may be as valuable as those of more mature persons or persons more accustomed to writing down their thoughts.

It is hoped in this way to stimulate thought upon this subject. The prizes are modest, it is true, but in giving serious thought to this subject and trying to determine just exactly what you think is the value of a church to a community, you may reap a benefit far greater than any small prize you may win.

News and Comment

J. M. Fleming.

It has been very far from being a summer's summer. It was not the voice of our Lord, however, that spoke it. The following is his statement: "While the earth remaineth, seedtime and harvest, cold and heat, summer and winter, and day and night shall not cease." Genesis 8:22.

The pastor had a real good meeting with his church at Buies from the 2nd to the 3rd Sunday. It was not very largely attended in the day-time, but the folks came in goodly numbers to the night services. The helper, Dr. J. L. Shinn of Ellijoy, Ga., had a sudden breakdown of health and could not come to our help, and it was impossible to secure a helper for the meeting after this was known. Our people sang, and prayed. We have never heard better. All the people sang who could sing, led by Mr. Z. G. Hall, who is one of the best choir leaders in the land. Mr. Hall knows how to sing and enjoys it. We had visitors from many places, noticeable among which were Florence and McColl, S. C., Benson, Fayetteville, Greenville, Lumberton, Raleigh, Red Springs, Selma and St. Pauls.

Our meeting with the church at Oak Grove had to wait a while on account of the rush of work. But Rev. Mr. Teague of McColl S. C., who is one of the pastor at Red Springs, together with Rev. C. F. Gaddy visited our church Sunday afternoon—the third Sunday—and by invitation of the pastor, Mr. Teague preached a very excellent sermon, all our people enjoyed it. It was a real joy to welcome Rev. J. T. Tyner of Whiteville, along with Mr. Z. G. Hall of Buies, Mr. Frank Gaddy of Red Springs, and a very fine number from the churches at Raft Swamp and Saddle Tree to our services that afternoon.

Assisted by Rev. L. H. Carter of Johnsonville, S. C., we were in our annual revival with the church at Bladen Union last week, and this week we will be at Smyrna. The pastor hopes to have a great meeting there as at other places, and is looking forward to that with much interest.

Dr. George W. McDaniel, beloved pastor of the First Baptist church for many years of Richmond, Va., went to his well-earned reward the 18th day of August in the 53rd year of his age. Dr. McDaniel was a prince among preachers, a wise counselor and safe leader of his brethren. If he was not the best president of our Southern Baptist convention, which position he held three times, surely we never had a better. Our denomination has suffered a great loss as well as his beloved church an excellent pastor.

The workers fall but the work must go on. However, Dr. McDaniel's place will be hard to fill. The writer's sympathy goes out to all who mourn.
