OCTOBER 14, 1826.

Care for the *W. W. W.* in Cash.

A correspondent of the Richmond Enquirer, writes, that rubbing the eyes, sides, backs, and lower part of the tails, of cattle, sheep, &c. with common TAR, is an effectual cure for the Difteria in those animals. It should be done with a small palette, commencing when first breaks up in the spring, and repeated every five weeks until frost begins again. If this prescription be, indeed, an effectual remedy against that destructive complaint in cattle, it is certainly worth an experiment. It is so simple and harmless, that lions can be deterred from trying it from fear of incurring an useless expense, or of danger to the animals. We would recommend to the Farmers of the Western part of this state, where symptoms of the Difteria appear among their stock, to resort immediately to the above antidote.

David Bush, convicted at the late term of the Superior Court in Surry county, of killing his uncle, Joshua Dowell, was, pursuant to sentence, hung in that county on the 29th ultimo. We understand the culprit met his doom with but little fortitude; he manifested the utmost horror at the approach of death; his nerves completely failing him as the period of his exit drew near, he repeatedly gave way to convulsive fits of sobbing and lamentation.

Such is the wretched termination of the mortal existence of a depraved and wicked young man!—an awful warning to the licentious and dissolute, to reform their habits of debauchery and wickedness, ere they are led into the vortex of crimes, and brought to an ignominious death;—and a lesson to all young men, to shun the haunts of vice; for the FIRST indulgence, however trivial it may be, is what brings the victim to the gallows.

For he that conceives a crime in the heart, constructs the danger of an actual fault.

Negro Cupid was indicted at the late term of the Superior Court held in this town, under a charge of having set fire to the barns of Messrs. Graham and Cowan, which we stated in our paper of week before last, to have been burnt on the 29th ult. His trial was laid over till next term, on motion of counsel for the state, in consequence of a defect in the bill of indictment. This case affords an admonitory lesson to all owners of slaves, to enforce a rigid discipline in the management of them. Devoid, as most of that class of our population are of every principle of honesty, it becomes necessary, and is in fact the duty of masters, to operate upon their fears, in order to coerce them to respect the rights of property and the laws of the land. Fatal experience has proven, that it is a false humanity which prompts masters to relax their discipline over their slaves. A misguided indulgence is, ultimately, as destructive to the comfort of the slave, as it is to the interest of the master. With the blacks, as with the whites, one gratification serves but to sharpen the appetite for another. Had the rod been used more, and argument less, in the management of Negro Cupid, he would doubtless now have been a peaceable, valuable slave, comfortably quartered on his master's plantation, instead of a culprit in jail, with the gallows constantly harassing his imagination.

The lines sent by "Aspasia," shall find a place in our poet's corner next week.

FROM THE SURVEYORS.
We have just received information which may be relied on, that the sectional surveyors have been stopped by the detachment of Indians sent out for that purpose by the Council, and that several of them have returned. The others are on their way.

The Governor will now have business for his Hancock Troops. It is said he has already issued orders, to several companies of horse, to march forthwith! Thus commences the first Act.

Georgia Patriot, 3d Oct.

The last Milledgeville Recorder says, that the President of the United States, expressing a disposition to promote the wishes of every member of the Confederacy, to the utmost of his power, has directed the Creek Agent to use his best efforts to reconcile the Indians to the survey of the land. If the former reports be true, the Indians are satisfied with the surveys, and therefore need no effort at reconciliation, but it ought to be mentioned as evidencing a wish on the part of Mr. Adams, to preserve the harmony of the Union.

Major John A. Cameron, of Fayetteville, is a Candidate to represent the Congressional District, consisting of the counties of Anson, Montgomery, Richmond, Robeson, Cumberland and Moore, in the next Congress of the U. States.

Antarctic Expedition.—An ingenious Mathematical Instrument maker, in this city, has generously offered to Mr. Reynolds a valuable acquisition of Nautical Instruments, for the use of the contemplated Expedition. This he does, as a friend to science and to discovery in general.

Mr. Reynolds continues his lectures

and interesting evening—they will embrace by far the most interesting part of the investigation, and afford a rich entertainment. He had a full and fashionable house at the Theatre last evening.

COLONIZATION SOCIETY.
On Friday last, a highly respected Member of the Society of Friends, from Guilford county, deposited \$500 in the U. S. Branch Bank in this town, in the credit of the American Colonization Society, being a donation from the Society of Friends in North Carolina. The same Society made a similar donation of \$500 a few years since.

Nat. Jour.

In the first congressional district of Philadelphia, Joel B. Sutherland, the Jackson candidate, was elected by a large majority over Mr. Brock.

In Georgia, Messrs. Forsyth and Tatnall have been elected to Congress without opposition; Dr. T. Fort has beaten Mr. Guthbert 430 votes; G. E. Haynes is re-elected in the 5th district, over A. B. Longstreet. In the other districts, we have not heard the result. It is stated in the Savannah Georgian, that the friends of Gov. Troup have gained twenty members, on joint ballot, in the Legislature, more than they had last year. Gen. John Clark was a candidate for the senate; but has been beaten.

The New York Statesman, of the 11th inst. says, "In the case of the persons indicted for fraud, the District Attorney got through with

the evidence on the part of the prosecution on Tuesday at 3 o'clock, when the Court adjourned for two hours. On resuming, at 5 o'clock, Mr. Joseph Barker opened his own defence, in a speech of great length, which arrested the Court until the hour of adjournment.

Mr. Robertson, the celebrated astronomer, made another (and it is said his last) in the U. S. previous to his going to Mexico; he was in a ball-room at New-York, on the 10th ult. He is said to have consumed all his former exploits of this kind. He was accompanied by a young lady. The ball-room was in a common hall, and crowded by a gaudy horde into New-Jersey, and landed safely at Westfield, 18 miles from New-York, without injury to Mr. Robertson, or his fair companion.

Columbia.—By the schooner Aboula, Capt. Edwards, at this port yesterday, in 74 days from La Guayra, arrived in the 25th ult. has been received. Gen. Pass was at Valencia, and no doubt was entertained of his determination to keep affairs quiet until the arrival of Bolivar, who was daily expected.

BALTIMORE, OCT. 11.
The brig Earl, Capt. Stetson, arrived here yesterday in thirty-nine days from Rio de Janeiro. A report had reached Rio from the River La Plata, that an action had occurred between the Buenos Ayres and Brazilian fleets, in which a frigate belonging to the latter was entirely dismantled. The Buenos Ayres succeeded in returning to the roads with but trifling damage.

In the Earl came passenger, captain Gardner of the schooner Camilla, of this port, sold at Montevideo. Captain G states that thirty Brazilian frigates were flying in the river La Plata.

The New-York American of Tuesday announces the sailing of the Greek frigate, in the following terms:
The Greek frigate Hope, sailed this day. May the God of battles watch over and protect her, and enable her to contribute effectually to that glorious cause, with which the hearts of free and Christian men in all countries beat in unison—the emancipation of Greece from Turkish thraldom.

Judge Murphree's Lottery.
IN consequence of the failure of several persons in whose hands Tickets had been placed for sale, to make returns to the Commissioner, of the Tickets which they had sold, the drawing of this Lottery did not commence at the time appointed, though it appeared probable, from the returns made, that a sufficient number had been sold to justify a commencement of the drawing. All persons having tickets for sale in this Lottery, are requested to continue the sale of them until the 15th of November next, and then report to the commissioner, Dr. James Webb, at Hillsboro, how many Tickets remain unsold, and their numbers. The drawing will commence on the 4th Monday in November next; and it is hoped that a sufficient number of Tickets will be sold by that time, to justify the Commissioner in continuing the drawing from day to day, until it can be completed.
September 24th, 1826.

TICKETS in the above Lottery are for sale at the Office of the Western Carolinian, Salisbury, \$5 each. The scheme (which will be found on the first page of our paper) is a very good one, and holds out as great a chance to adventurers for obtaining Prizes, as that of any lottery now before the public. The prospect of direct personal gain, is the first and greatest inducement, for citizens of North-Carolina to purchase tickets in this lottery; every cent that is expended in this way, indirectly benefits all the people in the state, by contributing towards the publication of a correct "History of North-Carolina," and will also minister to the relief of one of the most esteemed and useful citizens of the state.
