

Salisbury

MAY 11, 1830.

We are authorized to announce JONAS CLAWSON, Esq. of the Forks of the Yadkin, as a candidate to represent Rowan county in the House of Commons at the next General Assembly.

While Example.—The Granville County Bible Society, though not the first in North Carolina, has the honor of being the first county in this state which furnished all its destitute families with the Holy Scriptures, &c.

News from the State of Mississippi states that the whole of the Choctaw Indians have determined to emigrate West of the Mississippi, to the lands set apart by Government.

All hail Rhode Island!—The little State has done nobly! She has redeemed her character, by electing a Democratic Jackson Governor, and a majority of Jackson Democrats to the State Senate.

Lanterny.—Anthony Van Peil lately died in Greene county, in this state, aged 26 years and 2 months. He was too old to do military duty in the Revolution.

SABBATH SCHOOL.

It has sometimes been a query to those concerned in the Sabbath School, why so few of the parents, and of the citizens in general, visit the Sabbath School room.

The hours of the School, are from 8 to 10 A. M.; and from 2 to half past 3, P. M. Superintendents of the Sabbath School of the Presbyterian Church, Salisbury.

Congress.—Mr. Foot's resolution, which has been so prolific a nest-egg, and caused such lengthened and able debate in the Senate, has, we observe, been laid on the table.

In the House of Representatives, 23d, Mr. Archer, from the com. of foreign relations, reported a bill to create the office of Assistant Secretary of State.

Dreadful Explosion.—The boiler of the steam boat Chief Justice Marshall, exploded near Newburgh, on the Hudson river, state of New-York, on the 23d ult.; by which accident, 13 persons were badly scalded, 8 of whom afterwards died. About 170 persons were on board.

We are indebted to the Hon. Messrs. Boucher, Carson, and Conner, for copies of Mr. M'Duffie's Report on the Bank of the U. States, and for Mr. Ingham's (the secretary of the Treasury's) letter to the Committee of Retrenchment, containing a statement of the receipts and expenditures of the U. S. government, from 1797, to 1829.

The Chesaw Mail commenced, last week, performing its trips twice a week between Chesaw and Salisbury; it will hereafter arrive on Monday and Thursday evenings, and depart on Wednesday and Saturday mornings.

The Season, so far, has been rather propitious than otherwise. Wheat promises well, although some fields are injured by the Fly. During the first and middle of last month, it was so extremely dry, that corn and cotton were slow in coming up.

Early Potatoes.—Col. Clendenin, of Yorkville, S. C. complimented the Editor of the Advocate, on the 10th ult. with an Irish Potato, which grew in the Colonel's garden this spring, weighing 4 or 10 dwts.

At Iredeell Superior Court, week before last, Merrill who was convicted, at last fall term, of murder, but who appeared to the Supreme Court, and obtained a new trial, had a retrial, he was acquitted of murder, but found guilty of manslaughter, and was sentenced to be branded and imprisoned.

Mr. Editor: You are desired to let the world know, that the human species does not degenerate (physically) in America, so far as Davidson county, North Carolina, is concerned.

Impeachment of Judge Peck.... In the House of Representatives, 25th ult. Messrs. Buchanan and Storrs having previously been appointed a committee for that purpose, reported that they had appeared at the bar of the Senate with a message from that House, and in the name of the House of Representatives, and of all the people of the United States, impeached James H. Peck, Judge of the United States' Court for the District of Missouri, of high misdemeanors in office; whereupon Mr. Tazewell moved that a select committee be appointed to consider and report on the subject, when on balloting it appeared that Messrs. Tazewell, Bell, and Webster were chosen.

The Committee appointed, in pursuance of the motion of Mr. Storrs, of New York to prepare and report to the House of Representatives, articles of impeachment against Judge Peck, consists of James Buchanan, of Pennsylvania; Henry B. Storrs, of New York; George M'Duffie, of South Carolina; Amosre Spencer, of New York; Charles A. Wickliffe, of Kentucky.

The vote in the House of Representatives, on the subject of impeaching Judge Peck, stood 196 in favor, and 48 against the measure.

It is presumed the articles of Impeachment against Judge Peck will be prepared and presented to the Senate at the present session; but most probably they will not be acted on till next session, as there will not be sufficient time for witnesses to attend from Missouri.

The crime with which Judge Peck is charged, and for which he has been imprisoned, is the imprisonment of Luke E. Lawless, Esq. a practitioner at the bar, for eighteen months in a prison with common felons, for a constructive contempt of court, in publishing strictures on his decisions. It was a very "lawless" piece of business all through.

Martinez.—An English gardener gives the result of a curious horticultural experiment made last year by himself. A favorite ear having died, he buried the carcass under the roots of a gooseberry tree, to enrich the soil; the fruit until then had been of the usual species; but the season after the entombing of the cat, the gooseberries were all of the hairy, prickly kind; moreover, the caterpillars which infested the bush, were uncommonly hairy and shaggy.

A letter from Washington, published in the Boston Courier, (an opposition paper) says: "The president in the light in which I saw him to day in the capitol, exhaled no appearance of a sick man.
