Treasury Department April 12th 1833. IN the late configuration of the Treasury building, nearly all the correspondence of the Secretary of the Treasury, from the establishment of the Department to the 31st March 1833, was destroyed, including, as well the original letters and communications addressed to the Secretary of the Treasury, as the records of the letters and communications written by him. With a view to repair the loss, as far as may be practicable, all officers of the United States are requested to cause copies to be prepared; and authenticated by them, of any letters (excepting those hereinafter alluded to,) which they may at any time have written to, or received from the Secretary of the Treasury; and all those who have been in office, and other individuals throughout the United States, and elsewhere, are invited to do the same. That this correspondence may be arranged into appropriate books, it is requested that it be copied on folio foolscap paper, with a sufficient margin on all sides to admit of binding, and that no more than one letter be contained on a leaf. It is also requested, that the copies be written in a plain and distinct or engrossing hand. Where the original can be spared, it would be preferred. The reasonable expense incurred in copying the papers now requested, not exceeding the rate of ten cents for every hundred words will be defrayed by the Department.

The correspondence which has been saved, and of which therefore, no copies are desired, are the records of the letters written by the Secretary of the Treasury to Presidents and Cashiers of Banks, from the 1st October, 1819, to the 20th February, 1833; all the correspondence relating to the revolutionary claims under the act of 15th May, 1823, and to claims of Virginia officers to half pay, under the act of 5th July 1832, and to applications for the benefits of the acts of the 2nd March, 1831, and 14th July, 1832, for the relief of certain insolvent debtors of the United States. Copies of some circular letters and instructions, written by the Secretary, have also been preserved; and it is requested that, before any copy be made of any circular, letter or instruction, written by the Secretary of the Treasury, the date and object of the circular be first stated to the Department, and its wishes on the subject ascertained. LOUIS McLANE 74-3m Secretary of the Treasury.
