Mr. Calhoun's Npeech .-- We call the attention of con is but a small one, and that the majority in favour one of the most important Reports that over came beof the measure is only 5,856. Gov. Swein has issued fore that body-the Report on Executive Patronage.

GEORGIA MOVING.

We see, from the Milledgeville papers, that the Contral Committee of the State Rights Party, have fixed on the third Monday in June, as the day for the meeting of a General Convention of the party, to nominate a Candidate to fill the vacancy in Congress, occasioned by the appointment of Judge Wayne to office; also, to nominate a Candidate to be run for Governor, and likewise to take some measures on the subject of the next Presidency.

We learn from the Charlotte Journal, of the 23rd instant, that James M. Hutchison, Esq., a whole-hogkitchen-cabinet-Jackson Van Burenite, has been rewarded for his distinguished services, in voting for the instruction of Senator Manguin, by the appointment of Superintendent of Buildings for the Mint, to be erected at Charlotte." The "loaves and fishes" are all to be divided amongst the faithful.

Virginia Elections .- The Elections in Virginia are progressing slowly ; so far as the returns have reached us the result is about balanced between the two parties, each gaining in some Counties and losing in others .--From a Postscript in the last Raleigh Register we are gratified to learn that the talented and faithful Representative of the Town of Petersburg, John T. Brown, has trium phed over his Van Buren competitor by a majority of 40 votes. The most extraordinary efforts were made by the Van Burenites to defeat his election.

A Roman Catholic Church is building in the City of Raleigh, and, it is said, will soon be finished.

Lawrence, who attempted to take the life of the President, was tried on the 11th instant, and acquitted. Verdict of the Jury : "We find him not Guilty, he having been under the influence of insanity, at the time he committed the act."

MESSER Epirous: It was with considerable amusenent that I observed an article in the last Wetchman, in the shape of a critical comment on the performance of the Thespians of this place. The Society, I believe, do not pretend to be deeply versed in the mysteries o Dramatic Performances, either Tragic or Conisc; but be their performance good or bad, I guess some folks will be more duposed to lough at the silly effusion, than at the radicule it attempts. I must confess, for my part, that it had a wonderful effect, in that way, upon my rouble faculties.

From this powerful évidence of the writer's talent at force, I would carnestly advise this learned Dramaist, the next time he wishes to write something funny, to give the Thespians the "go by," and narrate the highly interesting and deeply-I had like to have said FARCH AL-narrate that highly interesting and deeply KOW Trugical story of a "Visit to see Gen. OLD KING CAUCUS COME TO LIFE AGAIN !!

The Van Buren system of management is based on the belief, that the People are not capable of governing themselves, and therefore that it is necessary to govern them by artifices, and humbuggery. Yes, humbuggery is the machine, and the Office-holdeis and Office-seektion, rose in their might and put it down. It was then CONGRESSIONAL CAUCUS.
