THE LINCOLNTON NEWS.

"Truth our guide—The Public Good our aim."
The Subscribers, believing that each channel of communication is wanting in Western Carolina thro' which its citizens can interchange freely their opinions upon the various subjects of Politics, Religion, Literature, and the Mechanic Arts, propose to publish in the Town of Lincolnton, a Weekly Paper under the above title. True there are papers in Western Carolina, but in the wealthy and populous section of the State west of Salisbury there is none. We believe, from our knowledge of the intelligence of the people of that section of the State, that they can, and will support a paper; and we therefore are impelled to the undertaking, fully relying upon their liberality for such a measure of support as we may deserve.

In proposals of this kind, it is usual for those who make them, to set forth their political principles; and though we are not politicians by trade, lest our silence upon this subject might be construed into a want of candor, we will briefly give an expose of our political opinions.—As the first article in our political creed, we place the accountability of those who exercise power to those who give it. We believe our government to be one of limited powers, and that those who are entrusted with its administration have no right to exercise any, but such as have been delegated to them by the people, and such as are clearly set forth in our written Constitution. We will therefore oppose all encroachments upon the rights of the people, let them come from what quarter they may, and will sound the alarm whenever danger approaches. We will contend for economy in the administration of both our Federal and State Governments, and will oppose all lavish expenditures of the public funds, believing as we do, that money in the hands of bad rulers is the most dangerous engine which can be brought to bear upon the liberty of the people.

With regard to the approaching Presidential election, we are decidedly opposed to the nominee of the Baltimore Convention, and will zealously, and firmly oppose his election. We are opposed to the Caucus System, let it be named what it may. We believe the people, and the people alone are the proper depositories of power, and that they, and they alone have the right to select their public servants.
We have thus briefly, and candidly laid down our political principles, and we will maintain and support them with firmness, but at the same time, with a respectful attention to the opinions of those who may differ with us. Our paper we intend to be free, and unshackled, and will therefore give place to well written communications, let them come from what party they may, so that they be free from low invective and abuse, which never subserve the great object we have in view in the discussion of political questions, the truth, but always have a tendency to degrade, and lower the public press.

The adoption of an enlightened and vigorous system of improvement by our State, hitherto so much neglected, being necessary, as well for the prosperity individually of our citizens, as for the State at large, every measure tending to this end shall receive the cordial support of the "NEWS."
We will devote a portion of our paper to Agriculture, Literature, Religion, and such other matters as are usually found in a miscellaneous weekly paper. Our object will be to have something for the palates of all, and we will take this occasion to request those who have leisure, and who are friendly to our undertaking, to favor us with communications upon any subject of interest.

The paper will be issued the first of March, upon a fine medium sheet, printed with fair type, at \$2 per annum, payable upon the receipt of the 2nd number. Advertising at the usual rates.

ZEVELY & WEST.

Editors throughout the State, friendly to the unders taking, will confer a favor, by giving the above a few insertions.

Lincolnton Male Academy.

THE Subscriber respectfully announces to Parents and the friends of youth generally, that he has made arrangements to take charge of this Institution, and that the exercises will commence on the first Monday in January next. Being wholly unconnected with any other pursuits, he promises to devote his attention exclusively to the business of teaching, and will spare no pains to interest the minds of those placed under his care, so as to render instruction at once delightful and profitable. Great care will be taken to prevent the formation of idle and dissolute habits, and a punctual attendance to the duties of the Institution will be rigidly required.
As the opinion to some extent prevails, that too much time is spent in acquiring a knowledge of words, the Subscriber would observe that in his course of instruction on classical literature, a minute analysis of words will be taught, with their combination in the construction of sentences, and every thing pertaining to a thorough acquaintance with those beautiful and important Languages of Antiquity.
The following will compose the course of studies, viz:
Gould's Latin Grammar, Latin Reader, Virgil, Cicero, Sallust, Horace, (Gould's Edgio Expurgata.) Goodrich's Greek Grammar, Greek Reader, Greek Testament, Xenophon, Grea Majora, Day's Algebra.
It is hoped that the well known salubrity of Lincolnton, the industrious and moral character of the citizens, together with the cheapness and excellence of board, will insure to this Institution, a liberal share of public patronage.

VALUABLE LANDS In the Market!

BY Virtue of a Deed of Trust to me executed, by William Dismukes, for the purposes therein expressed, I will expose to Public Sale, in the Town of Wadesborough, on Tuesday, the 12th day of January next, the following TRACTS OF LAND.

ONE TRACT, Containing 250 Acres,

Lying on the Gold Mine Branch, known by the name of the Pinion Land; this Tract has GOLD on it, as several pieces have been found by Mr. Dismuke and others; the soil is suitable to the growth of Corn, Wheat, and Cotton.

Beckwith's Anti-Dyspeptic PILLS.

WE extract, from the Hand-bills accompanying each Box, the following testimonials to the efficacy of this valuable Medicine:
From the Rt. Rev. Levi S. Ives, D. D., Bishop of North Carolina.
RALEIGH, March 2, 1835.

Having, for the last three years, been intimately acquainted with Dr. John Beckwith, of this City, and enjoyed his professional services, I take pleasure in stating that his character as a Christian gentleman and experienced Physician, entitles his testimony, in regard to the use of his Anti-dyspeptic Pills, to the entire confidence of the public.—My experience of the good effects of these Pills, for two years past, satisfies me of their eminent value, particularly in aiding in impaired digestion and warding off bilious attacks. Having been for a long time subject to the annual recurrence of such attacks, I was in the habit of resorting for security against them, and with a very partial success, to a liberal use of Calomel or blue Pill. But since my acquaintance with the Anti-dyspeptic Pill of Dr. Beckwith, which he prescribed in the first instance himself, I have not been under the necessity of using Mercury in any form, besides, being wholly exempt from bilious attacks. Several members of my family are experiencing the same beneficial effects.
L. S. IVES.

From Governor Iredelel.
AUGUST 21, 1835.

Dr. Beckwith's Anti-Dyspeptic Pills have been used in my family, which is a large one, with the most beneficial effects. A number of my friends who have been afflicted with the Dyspepsia, and other disorders of the stomach, have spoken to me in strong terms of the relief they experienced from this remedy. Without the evidence I have received from others, my intimate knowledge of the professional and private character of Dr. Beckwith, for the last twenty years, justifies me in declaring, that he would give no assurances of facts of his own experience, or of professional deductions, of which he was not perfectly confident, and on which the public might not safely rely.
JAMES IREDELL.

From the Hon. George E. Badger.
RALEIGH, Nov. 7, 1834.

For several years past, Dr. Beckwith's Anti-Dyspeptic Pills have been used as a domestic medicine in my family. I have myself frequently used them for the relief of head-ache, acid and otherwise disordered stomach, resulting from impudence or excess in diet, and I have had many opportunities of learning from others their effects, when used by them for like purposes. My experience and observation justify me in saying that the relief afforded by the Pills is generally speedy, and almost always certain—that they may be taken at any time without danger or inconvenience, and their operation is attended by no nausea or disagreeable effects whatever—and though I have known many persons use them, I have known none who did not approve them—none who sustained any injury, and none who failed to derive benefit from their use. And upon the whole, I do not hesitate to recommend them as an agreeable, safe, and efficacious remedy in Dyspeptic affections, and believe them myself to be the best Anti-dyspeptic medicine ever offered to the public.
G. E. BADGER.
