THE LINCOLN NEWS.

"Truth our guide—The Public Good our aim."

THE Subscribers, believing that some channel of communication is wanting in Western Carolina through which its citizens can interchange freely their opinions upon the various subjects of Politics, Religion, Literature, and the Mechanic Arts, propose to publish in the Town of Lincolnton, a Weekly Paper under the above title. True there are papers in Western Carolina, but in the wealthy and populous section of the State west of Salisbury there is none. We believe, from our knowledge of the intelligence of the people of that section of the State, that they can, and will support a paper; and we therefore are impelled to the undertaking, fully relying upon their liberality for such a measure of support as we may deserve.

In proposals of this kind, it is usual for those who make them, to set forth their political principles; and though we are not politicians by trade, lest our silence upon this subject might be construed into a want of candor, we will briefly give an expose of our political opinions.—As the first article in our political creed, we place the accountability of those who exercise power to those who give it. We believe our government to be one of limited powers, and that those who are entrusted with its administration have no right to exercise any, but such as have been delegated to them by the people, and such as are clearly set forth in our written Constitution. We will therefore oppose all encroachments upon the rights of the people, let them come from what quarter they may, and will sound the alarm whenever danger approaches. We will contend for economy in the administration of both our Federal and State Governments, and will oppose all lavish expenditures of the public funds, believing as we do, that money in the hands of bad rulers is the most dangerous engine which can be brought to bear upon the liberty of the people.

With regard to the approaching Presidential election, we are decidedly opposed to the nominee of the Baltimore Convention, and will zealously, and firmly oppose his election. We are opposed to the Caucus System, let it be named what it may. We believe the people, and the people alone are the proper depositories of power, and that they, and they alone have the right to select their public servants.

We have thus briefly, and candidly laid down our political principles, and we will maintain and support them with firmness, but at the same time, with respectful attention to the opinions of those who may differ with us. Our paper we intend to be free, and unshackled, and will therefore give place to well written communications, let them come from what party they may, so that they be free from low invective and abuse, which never subserve the great object we have in view in the discussion of political questions, the truth, but always have a tendency to degrade, and lower the public press.

The adoption of an enlightened and vigorous system of improvement by our State, hitherto so much neglected, being necessary, as well for the prosperity individually of our citizens, as for the State at large, every measure tending to this end shall receive the cordial support of the "NEWS."

We will devote a portion of our paper to Agriculture, Literature, Religion, and such other matters as are usually found in a miscellaneous weekly paper. Our object will be to have something for the palates of all, and we will take this occasion to request those who have leisure, and who are friendly to our undertaking, to favor us with communications upon any subject of interest.

The paper will be issued the first of March, upon a fine medium sheet, printed with fair type, at \$2 per annum, payable upon the receipt of the 2nd number. Advertising at the usual rates.

ZEVELY & WEST.

SALISBURY, Dec. 5, 1835.

Editors throughout the State, friendly to the undertaking, will confer a favor, by giving the above a few insertions.
