

THE DYING HUSBAND.

[BY ANN R. STEPHENS]

Dearest, I'm dying! bend thee down
One little moment by my bed,
And let the shadow of thy hair
Fall gently o'er my aching head.

VARIETY.

RULES OF THE GOSSIPING CLUB.

Any member of the society who shall be convicted of knowing more of his own business than another's, shall be expelled from the society without a hearing.
No member shall sit down to his own table until he has ascertained to a certainty, what his neighbors within three doors of either side of his house have to eat—whether they have paid for the same, and if not, if they expect to pay for it.

UNEXAMPLED MAMMOTH SOLENNITY

THE following details of a SCHEME of a LOTTERY, to be drawn in December next, warrants us in declaring it to be unparalleled in the history of Lotteries. Prizes to the amount have never before offered to the public. It is true there are many blanks, but on the other hand, the extremely low charge of \$20 per Ticket—the value and Number of the Capital, and the revival of the good old custom of guaranteeing that every prize shall be drawn and sold, will we are sure, give universal satisfaction, and especially, to the six hundred prize holders.

New Foundry.

I HAVE lately completed and put in operation a large Iron Foundry at my mill on the South-Yadkin river (formerly Parsons) in Davie county; where we are prepared to make all kinds of castings, such as—the running works of cotton or woolen factories, cotton gins, print and saw mills, thrashing machines, wind mills, planer blocks, girders, iron shafts, pulleys, drums, driving wheels, and, in short, every thing else that is usually made at iron foundries. We are also prepared for turning shafts, &c.; and for finishing and fitting up all kinds of machinery in this line of business. I have employed Jacob WAYSBERG, formerly of Baltimore, a very skilful Mechanic, to superintend and manage my establishment. Mr. WAYSBERG has worked all his life in establishments of this kind, and is distinguished for his skill as a Mechanic, and Millwright. He will also make calculations for water-wheels, mill-gearing, &c.; and when the machinery is obtained from us, he will attend to putting it up. Our prices are those of similar establishments at the North.
Orders addressed either to Jacob WAYSBERG or myself, at Salisbury, will be promptly attended to.

TAILORING BUSINESS.

G. W. PRICE
RESPECTFULLY takes this method to inform his friends and customers in Concord and its vicinity, that he still continues to carry on the above branch of Business at his old stand in Concord, South of the store of Messrs. J. F. & C. Puffer, where he will be found at all times, ready to

Out, make or Execute,
any work in his line. His long experience in the Business, the pains he is now taking to receive the earliest fashions from Philadelphia and New York, enables him to say, that the work done at his Shop, shall be of the

NEWEST FASHIONS
AND
Best Workmanship.
N. B. He will also teach (as Agent) the much approved system of T. Oliver of Philadelphia, to any one who wishes instruction in his system of cutting.
Concord, Nov. 29, 1838.

LATH,
GRANSIRED BY THE AMERICAN ECLIPSE,
The Champion of America, Winner OF THE GREAT MATCH RACE,
The North against the South, \$20,000 ASIDE.

THE thorough-bred horse, LATH, bred by Col. Wade Hampton, of South Carolina, will make his first Season at Salisbury and Concord, (dividing his time equally,) commencing on the 15th March, and terminating on the 15th of July.

TERMS.—\$30, if paid within the season, otherwise \$25 will be charged; \$30 to insure, the money to be paid so soon as it is ascertained the Mare is in foal, or the property changes owners, and 50 cents to the Groom.

Mares sent from a distance, will be well attended to, and fed with grain at 30-cents per day. A good feed will be furnished those that wish it, gratis; but, in no instance will I be responsible for accidents or escapes.
R. W. LONG.
Salisbury, April 25, 1839.

PEDIGREE:

I CERTIFY, that LATH was bred by me, and that he was foaled in the Spring of 1833. He was got by Godolphin, his dam, Pouchon, by Sir Arley, his grand-dam, Young Lottery, also by Sir Arley, out of Colonel Singleton's celebrated Lottery, by the imported Bedford, out of the imported mare Avonilla; Godolphin was got by Eclipse; his dam Sylph, by Hapheston, out of Lottery by imported Bedford, &c. Hapheston was got by the imported Bazaar, out of the dam of Sir Arley.

DESCRIPTION, PERFORMANCE, &c.
LATH is a fine bay, without white, 15 hands 3 inches high, with good bone and capital action. At 3 years old, he won the produce stake at Columbia, 2 mile heats, beating Mr. Taylor's Billy, Daisy, and Captain Spain's colt, Convention, nine others paying forty.

Two weeks afterwards, he won the Jockey-Club purse, 3 mile heats, at Augusta, beating Kite, and distancing Black Bird. At Charleston, he was beaten by Cloud-Hopper for the Jockey-Club purse, 3 mile heats; being very much annoyed, he was driven after the first heat.

At 4 years old, he won the Jockey-Club purse, 4 mile heats at Camden, beating Sir Kenneth and Donnell, at 3 heats, losing the first in consequence of bolting when several lengths in advance of the field; just before he reached the judge's stand, and getting entangled amongst the carriages, he sustained an injury which occasioned his withdrawal from the Turf.

LATH was a race-horse of the first class, which he evinced in his trials with Bay Maria, Charlotte Rouse, and Kitty Heth, and in point of blood, he is inferior to none, whether imported or native. His constitution is robust, having never been sick, and his temper good; the colour, form, and action, speak for themselves. In a word, LATH unites in himself as many claims to public patronage, as any young Stallion that I know.

W. HAMPTON.
Willwood, Jan. 22, 1839.

From the above certificate of Col. Hampton, who bred and had LATH trained for the Turf, it will be seen that he considered him a Race horse of the first class, not only from the races he has mentioned as having run publicly, but from private trials he has made with horses which are now on the Turf, and running with considerable success. It will also be observed by his Certificate, that he considered Lath of the purest blood;—not to be surpassed by any horse imported or native. I consider it entirely unnecessary to attempt to eulogize Lath, either for his performances on the Turf or as to his blood, since in every respect he is so well attested. But will remark, that Lath has not only descended from pure blood, but has come from stock, both sire, grand-sire, dam, and grand-dam, that are of the running blood. For instance, his sire Godolphin, made his four miles in 7 minutes and 50 seconds; his grand-sire, the American Eclipse, so well known at the North and South, made his time in the great match race, the North against the South, \$20,000 aside, in 7 min. and 37 sec.; which he won with considerable eclat, and which gained him the honorable name of the Champion of the North; his dam, was sired by the renowned Sir Arley, whose reputation as a race, &c., stands unquestioned both in England and America. The grand-dam of Lath, Old Lottery, bred by the great Southern Amateur of horses, Col. R. Singleton, of South Carolina, has produced more fine race-horses than any other mare in the Union. Thus it will be seen that there is united in Lath two of the best studs of the South, Hampton's and Singleton's, crossed with Gen. Colles of the North.

The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the horse, as very rarely occurs in this section of country.

To Owners of Mills.

THE Subscriber has an improved patent Spindle for Mills, by which a mill will do much better than with the usual form of Spindles. It is so constructed as to keep from heating or killing the meal in any manner. The runner is so confined by the Spindle as to ways to preserve its balance, and of course there is no rubbing of the stones.

I think, by this improved Spindle, the same water will do at least one-third more business, and the most of superior quality.
Any person wishing to use one of these Spindles, may obtain one or more, by making application, (within a short time) to the Subscriber at Mocksville, Davie Co. N. C. I think the probable cost will not exceed \$30 for the Patent and Spindle ready for use.
Col. Wm. F. Kelly and Thos. Foster, in the vicinity of Mocksville, have recently tried the improved Spindle, and are highly pleased with it.

THE GOOD SAMARITAN.

A CONTRAST.
ALL nations, from the remotest ages, have had ships
but Columbus only found out the way to America.
But in the time of the great Spanish navigator, people
were only enabled to paddle about the shores. Just as
with the Life Medicines. It is but two short years
since I first ventured upon an unknown ocean, and I
discovered the precious object I was in search of—
Health. Vegetable Medicines were indeed known
when I commenced my search, but their use was not.
By the use of them, I have not only passed from the
dejected invalid, to the hale, hearty and active man
of business, but cooperatively speaking, I have renewed
my youth. I can thus, with confidence in my own
experience, advise with my fellow-citizens. Does the
reader want proof that the VEGETABLE LIFE MED-
ICINES are suitable to his own case? I have on file
at my office, 367, Broadway, hundreds of letters, from
some of the most respectable citizens of this my native
land, voluntarily offered in testimony of the virtues of
A GOOD VEGETABLE MEDICINE.

Persons whose constitutions have been nearly ruined
by the "all-infallible" mineral preparations of the day,
will bear me witness, that the Life Medicines, and
such only, are the true course to permanent good health.
JOHN MOFFAT.

General remarks relative to Moffat's Life Pills
and Phenix Bitters.
These medicines have long been known and appre-
ciated, for their extraordinary and immediate powers
of restoring perfect health, to persons suffering under
nearly every kind of disease to which the human frame
is liable.

In many hundreds of certificated instances, they have
even relieved sufferers from the very verge of an un-
timely grave, after all the deceptive nostrums of the
day had utterly failed; and to many thousands they
have permanently secured that uniform enjoyment of
health, without which life itself is but a partial bless-
ing. So great, indeed, has their efficacy invariably
and infallibly proved, that it has appeared scarcely less
marvellous to those who were unacquainted with
the beautifully philosophical principles upon which
they are compounded, and upon which they consequent-
ly act. It was to their manifest and sensible action
in purifying the springs and channels of life, and en-
dowing them with renewed tone and vigor, that they
were indebted for their name, which was bestowed upon
them at the spontaneous request of several individuals
whose lives they have obviously saved.

The proprietor rejoices in the opportunity afforded
by the universal diffusion of the daily press, for placing
his VEGETABLE LIFE PILLS within the knowledge
and reach of every individual in the community. Un-
like the heat of pernicious quackeries, which boast of
solely vegetable ingredients, the Life Pills are purely and
entirely, Arsenic, nor any other mineral, in any form
whatever. They are entirely composed of extracts
from rare and powerful plants, the virtues of which,
though long known to several Indian tribes, and recent-
ly to some eminent pharmaceutical chemists, are alto-
gether unknown to the ignorant pretenders to medical
science; and were never before administered in so happily
efficacious a combination.

Their first operation is to loosen from the coats of the
stomach and bowels, the various impurities and crudi-
ties constantly settling around them; and to remove
the hardened feces which collect in the convolutions of
the small intestines. Other medicines only partially
"cleanse these, and leave such collected masses behind,
as to produce labored constiveness, with all its train of
crisis, or sudden diarrhoea, with its imminent dangers.

This fact is well known to all regular anatomists, who
examine the human bowels after death; and hence the
prevalence of these well informed men against the quack
medicines of the age. The second effect of the VEGET-
TABLE LIFE PILLS is to cleanse the kidneys and
the bladder, and by this means, the liver and the lungs,
the beneficial action of which entirely depends upon the
regularity of the urinary organs. The blood, which
takes its red color from the agency of the liver and the
lungs before it passes into the heart, being thus purified
by them, and nourished by food coming from a clean
stomach, courses freely through the veins, renews every
part of the system, and triumphantly resists the influ-
ence of health in the blooming cheek.

The following are among the distressing variety of
human diseases, to which the Vegetable Life Pills are
well known to be infallible:—

Dyspepsia, by thoroughly cleansing the first and
second stomachs, and creating a flow of pure healthy blood
instead of the stale and acrid kind.—Flatulency, Pain
of the Heart, Loss of Appetite, Heart-burn, and
Pituitation of the Heart, Lowness of Spirits, Head-ache,
Head-ache, Keadiness, Ill-temper, Anxiety, Langor, and
Melancholy, which are the general symptoms of
Dyspepsia, will vanish, as a natural consequence of its
cure. Constiveness, by cleansing the whole length of
the intestines with a solvent process, and without vio-
lence, all violent purges leave the bowels costive with-
in two days.—Diarrhoea and Cholera, by removing the
sharp acrid fluids by which these complaints are occasion-
ed, and by promoting the digestive secretion of the
mucous membrane.—Fever of all kinds, by restoring
the blood to a regular circulation, through which the
process of perspiration in some cases, and the thorough
solution of all intestinal obstructions in others. The
LIFE PILLS have been known to efface Rheumatism
permanently in three weeks, and Gout in half that time,
by removing local inflammation from the muscles and
ligaments of the joints. Dropsies of all kinds, by free-
ing and strengthening the kidneys and bladder; they
operate most delightfully on these important organs,
and hence have ever been found a certain remedy for
the worst cases of Gravel.—Also, Worms, by dissolving
from the tunings of the bowels the slimy matter in
which these creatures adhere; Asthma and Consump-
tion, by relieving the air vessels of the lungs from the
mucus, which even slight colds will occasion, which, if
not removed, becomes hardened, and produces these
deadly diseases. Scurvy, Ulcers, and Venereal Sores,
by the perfect purity which these Life Pills give to
the blood, and all the humors; Scorbatic Eruptions,
and Bad Complexions, by their alternative effect upon
the fluids that feed the skin, the morbid state of which
occasions all Eruptive complaints, Sallow, Cloudy, and
other disagreeable Complexions. The use of these
Pills, for a very short time, will effect an entire cure of
Salt Rheum, Erysipelas, and a striking improvement in
the Clearness of the skin.—Common Cold, and Influen-
za, will always be cured by one dose, or by two in
the worst cases. Fever, as a remedy for the most
distressing and obstinate malady, the Vegetable Life
Pills deserve a distinct and emphatic recommendation.
It is well known to hundreds in this city, that the Prop-
rietor of these invaluable Pills, was himself afflicted
with this complaint for upwards of thirty-five years,
and that he tried in vain every remedy prescribed him
in the whole compass of the Materia Medica. He,
however, at length, tried the medicine which he now
offers to the public, and he was cured in a very short
time, after his recovery had been pronounced not im-
probable, but absolutely impossible, by any means.

Directions for Use.—The Proprietor of the VEGET-
TABLE LIFE PILLS does not follow the usual
mercurial practice of the quacks of the day, in ad-
vising persons to take his Pills in large quantities. No
good medicine can possibly be so required. These Pills
are to be taken at bed time every night, for a week
fortnight, according to the obstinacy of the disease.—
The usual dose is from 2 to 5, according to the constitu-
tion of the person. Very delicate persons should in-
crease with two, and increase as the nature of the case
may require; those more robust, or of a very costive
habit, may begin with 3, and increase to 4, or even 5, &c.,
and they will effect a sufficiently happy change upon
the patient in their further use. These Pills occasion
occasional sickness and vomiting, though very seldom,
unless the stomach is very full; this, however, may be
considered a favorable symptom, as the patient will
soon recover. They usually operate within 10 or 15
hours, and never give pain, unless the bowels are very
much encumbered. They may be taken by the most
delicate females under any circumstances. It has,
however, recommended, that those in later periods of preg-
nancy should take but one at a time, and this caution
to keep the bowels open; and even two may be taken
where the patient is very costive. One pill in a
solution of two table-spoons full of water, may be given
to an infant in the following doses, as a preventive, one
two hours till it operates; for a child from one to five
years of age, half a pill; and from five to ten, one.

THE PHENIX BITTERS are so called, because
they possess the power of restoring the expiring
power of health, to a glowing vigor throughout the
system, as the Phenix is said to be restored to life
from the ashes of its own dissolution. The Phenix Bitters
are entirely vegetable, composed of roots found only
in certain parts of the western country, which will
cure Fever and Agues of all kinds; will never
fail to eradicate entirely all the effects of Mercury;
is safely sooner than the most powerful preparations of
Sarsaparilla, and will immediately cure the detestable
disease of Blood to the Head; never fail in the slightest
incident to young females; and will be found a certain
remedy in all cases of nervous debility and weakness
of the most impaired constitutions. As a remedy in
Chronic and Inflammatory Rheumatism, the efficacy
of the Phenix Bitters will be demonstrated by the use
of a single bottle. The usual dose of these Bitters is
a wine glass full, in water or wine, and this quantity
may be taken two or three times a day, about half an
hour before meals, or a less quantity may be taken
at all times. To those who are afflicted with indigestion
after meals, these Bitters will prove invaluable, as they
very greatly increase the action of the principal
stomach, help them to perform their functions, and enable
stomach to discharge into the bowels whatever is
superfluous. This indigestion is easily and speedily
removed, and the months of the absorbent
system being cleansed, nutrition is facilitated, and strength
of body and energy of mind are the happy results.
For further particulars of MOFFAT'S LIFE PILLS
and PHENIX BITTERS, apply at Mr. Moffat's Office,
No. 267, Broadway, New York, where the Pills can
be obtained for 25 cents, 50 cents, or \$1 per bottle;
and the Bitters for \$1 or \$2 per bottle. (See Numerous
Certificates of the wonderful efficacy of both, may be
inspected.)

In some obstinate and complicated cases of chronic
and inflammatory Rheumatism, Liver Complaint,
Fever and Ague, Dyspepsia, Palsy, Piles, injuries from
the use of Mercury, quinine, and other diseases of
standing, it may be found necessary to take both
the Life Pills and the Phenix Bitters, in the doses
here recommended.

N. B.—These Pills and the Bitters will not only
purify the system infinitely faster than the best
preparations of Sarsaparilla, and are a certain remedy
for the rushing of blood to the head, or all violent
head-aches, discharges, &c.—All persons who are
disposed to palsy, palsy, &c., should never be
without the Life Pills or the Bitters, for one dose in
the morning will save life. They equalize the circulation of
the blood, draw all pressure from the head, restore perspi-
ration, and throw off every impurity by the pores of
the skin.

IMPORTANT NOTICE.
Persons using the Life Medicines, are advised to
take the Pills at night, in sufficient quantities to operate
two or three times on the bowels in the course of the
day. Also, take a table-spoonful of the Bitters half an
hour before each meal. For those of a delicate or
debilitated constitution, half the quantity may be sufficient.

French, German, and Spanish directions can be
obtained on application at the office, 367 Broadway.

A liberal deduction made to those who purchase
to sell again. All post paid letters will receive
immediate attention.

The above Medicines may be had of
Messrs. Cress & Boger, of this Town, who are Agents
for the same.
