

### MOFFAT'S VEGETABLE LIFE PILLS AND PHENIX BITTERS.

The universal estimation in which our celebrated Life Pills and Phenix Bitters are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union, and by the voluntary testimonies of their remarkable efficacy which are every where offered. It is not less from a deeply gratifying confidence that they are the means of extensive and inextinguishable good among his afflicted fellow-creatures, than from interested considerations, that the Proprietor of these pre-eminently successful medicines is desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health; for in no case of suffering from disease can they be taken in vain. The Proprietor has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma, nervous and bilious head-ache, constipation, piles, general debility, acridulous swellings and ulcers, scurvy, salt rheum and all other chronic affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superinduce the most fatal diseases of the lungs, and invade the viscera in general, these medicines, if taken but for three or four days, never fail. Taken nightly, they promote the insensible perspiration, and so relieve the system of bilious action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning; and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed-time will almost invariably effect permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionate quantity; and persons returning to bed with inflammatory symptoms of the most alarming kind, will awake with the gratifying consciousness that the fierce enemy has been overthrown, and can easily be subdued. In the same way, several torpidities, though long established, and visceral inflammations, however violent, will yield to the former to small and the latter to large doses of the Life Pills; and so also hysterical affections, hypochondriacal ruminations, and very many other varieties of the Neurotic class of diseases, yield to the efficacy of the Phenix Bitters. Full directions for the use of these medicines, and showing their distinctive applicability to different complaints, accompany them; and they can be obtained, wholesale and retail, at 375 Broadway, where numerous certificates of their unparalleled success are always open to inspection. For additional particulars of the above medicines, see Moffat's "Good Samaritan," a copy of which accompanies the medicines; a copy can also be obtained of the different Agents who have the medicines for sale. French, German, and Spanish directions can be obtained on application at the office, 375 Broadway. All post paid letters will receive immediate attention. Prepared and sold by WILLIAM B. MOFFAT, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents—The Life Medicines may also be had of the principal druggists in every town throughout the United States and the Canada. Ask for Moffat's Life Pills and Phenix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of Bitters, or box of Pills.

The above Medicines may be had of Messrs. Cress & Boger, in this Town, who are Agents for the same. Salisbury, N. C., July 26, 1839.

### NEW PROSPECTUS OF THE REPUBLICAN.

"THE REPUBLICAN" has been published in Washington, North Carolina, for six months, and will be continued as long as sufficient patronage is received to defray the expenses of its publication. It has now upwards of four hundred subscribers, and it is believed that if those friends to whom this Prospectus is sent will make a little exertion, the number may be doubled. For the support of our paper, we are compelled to rely almost entirely upon our subscription list, as the advertising patronage is almost exclusively in the hands of the Whigs; and they cherish towards our press the better hostility. It is important that a Republican press should be sustained at this place. It is peculiarly important to the Republican party in this Congressional District. This town is about the centre of the District. The importance of the press may safely be inferred from the malignant and bitter persecution we have received from the Whigs for our effort to establish it. It is important to the whole Republican party of North Carolina, that this press should be sustained. There is no other Republican paper published in a circuit of 50 miles; and it is except the "Tarboro' Press," there is none within 75 miles. There is no Republican paper published in the Newbern District. We are thankful to our friends in that District for the aid we have already received in extending our circulation, and hope they will help us still further. The name of our paper indicates its character. It is a warm advocate of the old Jeffersonian doctrines as set forth in the Virginia and Kentucky Resolutions of 1798. It is the unwavering foe of monopoly. It wages no half-way opposition, but "war to the knife and the hilt." We will not compromise on this point: interests may be compromised, but principles never. In the contest now going on between the money power and popular liberty, it will be found as heretofore a zealous, and we hope, an efficient advocate of the rights of the people. It will advocate free trade and the rights of labor, and oppose the union of Bank and State. It supports the present Administration, and will continue to do so as long as the Government is administered on sound Republican and States Rights doctrines. All sectarian and religious matter will be carefully excluded from the columns of "The Republican." Our paper is published in the midst of constant personal danger: in fact we are almost weekly the subject of personal assault. We hope those to whom this is sent will make some effort to procure subscribers. Our terms are Three Dollars per annum. We do not expect a profit of one dollar beyond the support of the press. GEORGE HOUSTON, Sen. Editor and Proprietor. September 20, 1839.

### NEVER AND AGUE—TO MY FRIENDS IN THE WEST, AND PARTICULARLY THOSE WHO HAVE USED THE LIFE MEDICINES IN TREATMENT OF FEVER AND AGUE.

It is but a very short time since these Medicines have been introduced into the Fever and Ague Districts, and the proprietor flatters himself that during that period, wherever they have been used according to the directions, they have done more towards exterminating the disease, than all other remedies and prescriptions combined. It is a common excuse among "regular physicians," when specifics are intrinsically, that they cannot cure diseases which people are in the habit of considering incurable. Medical experience is continually doing away a part of the list of the incurable diseases, and Mr. Moffat has the happiness of confidently announcing that Fever and Ague is now to be assuaged in the number of complaints which modern skill has conquered. In Fever and Ague the Life Medicines not only give quicker relief than any other remedy, out, if persevered in, effect a permanent cure; so that if the patient is only ordinary careful, and resorts directly to his medicines upon the first symptom of tendency to a new attack, it may always be avoided off. To escape one chill would be of infinitely more consequence to the sufferer than the value of the remedy; to remove the disease permanently would confer a benefit upon him which cannot be estimated by any earthly standard. That these Medicines will effect what is here claimed for them, the Proprietor has the testimony of all acquaintances with them and their application and use in the Fever and Ague; and his object in now addressing his friends at the West is to request those that they spare no pains in communicating their experience, and disseminating this highly interesting information, now that the season for Fever and Ague has arrived. It is not for the mere purpose of disposing of a few hundred packages of the Life Medicines, that the proprietor makes his appeal. The demand for his Medicines is already greater than he can conveniently supply; and even were it insufficient to afford him business, he would conceive himself supremely selfish, if his pressure was not greater at the benefit conferred upon the suffering part of the community by an increase in his sale, than at his own pecuniary profit. The Life Medicines, if properly used and persevered in, reconquer inveterate, and it is necessary that the patient should know that such medicines exist, and hence the propriety of advertising them. It is hoped, therefore, that the proprietor will not be accused of egotism when he says that there is no medicine or mode of treatment, for fever and ague, so appropriate, thorough and positive in its happy effects as Moffat's Life Pills and Phenix Bitters.

For further particulars of the above medicines see Moffat's "Good Samaritan," a copy of which accompanies the medicines; a copy may also be obtained of the different Agents who have the medicines for sale. French, German, and Spanish directions can be obtained on application at the office, 375 Broadway. All post paid letters will receive immediate attention. Sold wholesale and retail by WILLIAM B. MOFFAT, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again. Agents—The Life Medicines may also be had of the principal druggists in every town throughout the United States and the Canada. Ask for Moffat's Life Pills and Phenix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of Bitters, or box of Pills.

### NEVER AND AGUE POSITIVELY CURED.

Fever and Ague is a most obstinate disease, and in warm and humid climates, frequently visits every ordinary mode of cure, so as to become very distressing to the person, and by the extreme debility which the disease induces, it often gives rise to other chronic complaints. Marsh miasmata, or the effluvia arising from stagnant water, is the most frequent exciting cause of this disease; and one of its great peculiarities is its susceptibility of a renewal from very slight causes, such as from the prevalence of an easterly wind—again with out the repetition of the original exciting fevers; in this, Fever and Ague differs from most other fevers; as it is well known, that after an ordinary fever has once occurred, and been removed, the person affected is not so liable to a fresh attack as one who was not so affected. These circumstances render it extremely difficult to effect a permanent cure of Fever and Ague, though to relieve the patient for the time being is a very easy task. MOFFAT'S LIFE PILLS AND PHENIX BITTERS have been thoroughly tested, and proved to be positive and radical cure of Fever and Ague. Hundreds of his fellow-citizens in the West, have voluntarily come forward to assure Mr. Moffat that the Life Medicines are the only medicines that will thoroughly effect a removal of this most tedious and disagreeable disease.

### Moffat's Pills and Bitters.

THE LIFE GIVING PILLS AND PHENIX BITTERS, so celebrated, and so much used by the afflicted in every part of the country, is now received and for sale by the Subscribers. CRESS & BOGER, Agents. Messrs. SPRINGS & SHANKLE, in Concord, N. C., are also Agents for the same. P. S. See advertisement—April 4, '39.

### Others who have emigrated to that rich and promising portion of our country—men who want out full of hope, and confident of winning a competence from the insurance of the soil, or who are carried to the support of our settlements the miserable and mechanical dependence upon the crowded cities and towns of the North or States, have either resigned or are about to resign some disease to which they are preyed by the terror of the West, the Fever and Ague. Their hopes are blasted—their business energies destroyed—their El Dorado becomes a desert, and the seed, made in the East, is broken to the hope.

To these individuals, Mr. Moffat would say—Try the Life Medicines, and you will yet anticipate your most sanguine expectations; for they will certainly restore you to health. Fever and Ague is a complaint which requires to be met at its first approach, and combated at every stage. Seldom fatal of itself, it reduces the strength, and impairs the functions of the organs, so that upon the manifestation of disease, Nature is unable, unaided, to resist its progress. The Life Medicines, when taken strictly according to directions will cure it, and give to the weak and trembling victim of disease, new health, life, and strength.

For full particulars of the mode of treatment, the reader is referred to the "Good Samaritan," a copy of which accompanies the medicines. A copy may be obtained of the different Agents who have the medicines for sale. French, German, and Spanish directions can be obtained on application at the office, 375 Broadway. All post paid letters will receive immediate attention. Sold wholesale and retail by WILLIAM B. MOFFAT, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again. Agents—The Life Medicines may also be had of the principal druggists in every town throughout the United States and the Canada. Ask for Moffat's Life Pills and Phenix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of Bitters, or box of Pills.

### New Foundry.

I HAVE lately completed and put in operation a large Iron foundry at my mill on the South-Yadin tract (formerly Pearson's) in Davie county; where we are prepared to make all kinds of castings, such as running ways of cotton or woolen factories, cast-iron girds and saw mills, thrashing machines, cast-iron mills, plow blocks, gudgeons, iron shafts, pulleys, drums, driving wheels, and, in short, every thing that is usually made at iron foundries. We are also prepared for Farming, shovels, &c.; and for finishing and fitting up all kinds of machinery in this line of business. I have employed Jacob Waynesboro, formerly of Baltimore, a very skillful Mechanic, to superintend and manage my establishment. Mr. Waynesboro has worked all his life in establishments of his kind, and is distinguished for his skill as a Mechanic, and his ability. He will also make calculations for cast-iron wheels, mill-gearing, &c.; and when the machinery is obtained from us, he will attend to putting it up. Our prices are those of similar establishments at the South. Orders addressed either to Jacob Waynesboro or myself, at Salisbury, will be promptly attended to. CHARLES FISHER.
