MOFFAT'S VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.—*The universal estimation* in which the celebrated *Life Pills and Phœnix Bitters* are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union, and by the voluntary testimonials to their remarkable efficacy which are every where offered. It is not less from a deeply gratifying confidence that they are the means of extensive and inestimable good among his afflicted fellow-creatures, than from interested consideration, that the Proprietor of these pre-eminently successful medicines is desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health; for in no case of suffering from disease can they be taken in vain.—The Proprietor has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma, nervous and bilious head-ache, restlessness, piles, general debility, scrofulous swellings and ulcers, scurvy, salt rheum and all other cutaneous affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superinduce the most fatal diseases of the lungs, and indeed the viscera in general, these medicines, if taken but for three or four days, never fail. Taken at night, they so promote the insensible perspiration, and so relieve the system of febrile action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning; and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed-time will almost invariably effect permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionable quantity; and persons retiring to bed with inflammatory symptoms of the most alarming kind, will awake with the gratifying consciousness that the fierce enemy has been overthrown, and can easily be subdued. In the same way, visceral turgescence, though long established, and visceral inflammations, however critical, will yield—the former to small and the latter to large doses of the *Life Pills*; and so also hysterical affections, hypochondriasm, restlessness, and very many other varieties of the Neurotical class of diseases yield to the efficacy of the *Phœnix Bitters*. Full directions for the use of these medicines, and showing their distinctive applicability to different complaints, accompany them; and they can be obtained, wholesale and retail, at 375 Broadway, where numerous certificates of their unparalleled success are always open to inspection.

For additional particulars of the above medicines, see Moffat's "Good Samaritan," a copy of which accompanies the medicines; a copy can also be obtained of the different Agents who have the medicines for sale.

French, German, and Spanish directions can be obtained on application at the office, 375 Broadway.

All post paid letters will receive immediate attention.

Prepared and sold by William B. Moffat, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents—The Life Medicines may also be had of the principal druggists in *every town throughout the United States and the Canadas*. Ask for Moffat's Life Pills and Phœnix Bitters; and be sure that a fac-simile of John Moffat's signature is upon the label of each bottle of bitters, or box of pills.

FEVER AND AGUE.—TO MY FRIENDS IN THE WEST, and particularly those who have used the *LIFE MEDICINES* in treatment of *FEVER AND AGUE*.

It is but a very short time since these Medicines have been introduced into the Fever and Ague Districts, and, the principle, during almost that entire period, wherever they have been used according to the directions, they have done more towards exterminating the disease, than all other remedies and prescriptions combined. It is a common custom among "regular practitioners," when specifics are introduced, that they cannot cure diseases which people are in the habit of considering incurable. Medical experience is continually doing away a part of the list of the incurable diseases, and Mr. Moffat has the happiness of confidently announcing that *Fever and Ague is now to be added to* the number of complaints which modern skill has conquered.

In Fever and Ague the *Life Medicines* not only give quicker relief than any other remedy, but, if persevered in, effect a *permanent cure*; so that if the patient is only ordinarily careful, and resorts directly to his medicine upon the first symptom or tendency to a new attack, it may always be warded off. To escape one chill would be of infinitely more consequence to the sufferer than the values of the remedy—to remove the disease permanently would confer a benefit upon him which cannot be estimated by any earthly standard. That these Medicines will effect what is here claimed for them, the Proprietor has the testimony of all acquainted with them and their application and use in the Fever and Ague; and his object in now addressing his friends at the West is to request them that they spare no pains in communicating their experience, and disseminating this highly interesting information, now that the season for Fever and Ague has arrived.

It is not for the mere purpose of disposing of a few hundred packages of the Life Medicines, that the proprietor makes this appeal. The demand for his Medicines is already greater than he can conveniently supply; and even were it insufficient to afford him business, he would conceive himself supremely selfish, if his pleasure was not greater at the benefit conferred upon the suffering part of the community by an increase in his sales, than at his own pecuniary profit.

The Life Medicines, if properly used and persevered in, recommend themselves; still it is necessary that the public should know that such medicines exist, and hence the propriety of advertising them. It is hoped, therefore, that the Proprietor will not be accused of egotism when he says that there is no medicine or mode of treatment extant, for fever and ague, so appropriate, thorough and positive in its happy effects as *Moffat's Life Pills and Phœnix Bitters*.

For further particulars of the above medicine see Moffat's Good Samaritan, a copy of which accompanies the medicine. A copy may also be obtained of the different Agents who have the medicines for sale.

☞ French, German, and Spanish directions can be obtained on application at the office, 375 Broadway.

☞ All *post paid* letters will receive immediate attention.

Sold wholesale and retail by WILLIAM B. MOFFAT, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents.—The Life Medicines may also be had of the principal druggists in every town throughout the United States and the Canadas. Ask for Moffat's Life Pills and Phœnix Bitters; and be sure that a fac-simile of John Moffat's signature is upon the label of each bottle of bitters, or box of pills.

FEVER AND AGUE POSITIVELY CURED.—Fever and Ague is a most obstinate disease, and in warm and bilious climates, frequently resists every ordinary mode of cure, so as to become very distressing to the person, and by the extreme debility which the disease induces, it often gives rise to other chronic complaints. Marsh miasmata, or the effluvia arising from stagnant water, is the most frequent exciting cause of this disease; and one of its great peculiarities is the susceptibility of a renewal from very slight causes, such as from the prevalence of an easterly wind—even without the repetition of the original exciting cause. In this, Fever and Ague differs from most other fevers; as it is well known, that after an ordinary fever has once occurred, and been removed, the person affected is not so liable to a fresh attack as one who was not so affected. These circumstances render it extremely difficult to effect a *permanent cure of Fever and Ague*, though to *relieve* the patient for the time being is a very easy task.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS have been thoroughly tested, and proved to be *positive and radical* cure of Fever and Ague. Hundreds of intelligent citizens in the West, have voluntarily come forward to assure Mr. Moffat that the *Life Medicines* were the only medicines that will *thoroughly* effect a removal of that most tedious and disagreeable disease.

Others who have emigrated to that rich and growing portion of our country—men who went out full of hope, and confident of winning a competence from the luxuriance of the soil; or who carried to the outposts of our settlements the mercantile or mechanical experience won in the crowded cities and towns of the older States, have either returned with shattered constitutions and depressed spirits, or they remain in their new homes, dragging out a weary life; at last, to sink under some disease to which they are predisposed by that terror of the West, the *Fever and Ague*. Their hopes are blasted—their business energies destroyed—their El Dorado become a desert, and the word, music to the ear, is broken to the hope.

To these individuals, Mr. Moffat would say—"Try the *Life Medicines*, and you will yet accomplish your most sanguine expectations, for they will certainly restore you to health."

Fever and Ague is a complaint which requires to be met at its first approach, and combated at every stage. Seldom fatal of itself, it reduces the strength, and impairs the functions of the organs, so that upon the manifestation of disease, Nature is unable, unassisted, to resist the inroad. The Life Medicines, when taken strictly according to directions will cure it, and give to the weak and trembling victim of disease, new health, life, and strength.

For full particulars of the mode of treatment, the reader is referred to the Good Samaritan, a copy of which accompanies the medicine. A copy may be obtained of the different agents who have the medicine for sale.

French, German, and Spanish directions can be obtained on application at the office, 375 Broadway.

All post paid letters will receive immediate attention.

Sold wholesale and retail by William B. Moffat, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents—The Life Medicines may also be had of the principal Druggists in every town throughout the United States and the Canadas. Ask for Moffat's Life Pills and Phœnix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of Bitters, or box of Pills.

The above Medicines may be had of Messrs. Cress & Boger, in this Town, who are Agents for the same.

NEW PROSPECTUS

OF

THE REPUBLICAN.

"THE REPUBLICAN" has been published at Washington, North Carolina, for six months, and will be continued so long as sufficient patronage is received to defray the expenses of its publication. It has now upwards of four hundred subscribers, and if we believed that those friends to whom this Prospectus is sent will make a little exertion, the number may be doubled. For the support of our paper, we are compelled to rely almost entirely upon our subscription list, as the advertising patronage is almost exclusively in the hands of the Whigs; and they cherish towards our press the bitter hostility.

It is important that a Republican press should be sustained at this place. It is peculiarly important to the Republican party of this Congressional District.—This town is about the centre of the District. The importance of the press may safely be inferred from the malignant and bitter persecution we have received from the Whigs for our effort to establish it. It is important to the whole Republican party of North Carolina, that this press should be sustained. There is no other Republican paper published in a district of 30 miles; and 2 we except the Tarboro' Press, which is none within 75 miles. There is no Republican paper published in the Newbern District. We are thankful to our friends in that District for the aid we have already received in extending our circulation, and hope they will help us still further.

The name of our paper indicates its character. It is a warm advocate of the old Jeffersonian doctrines as set forth in the Virginia and Kentucky Resolutions of 1798. It is the *unsparing foe of monopoly*. It wages, in full war, opposition, but "not to the knife and the knife to the hilt." We will not compromise on this point: *interests* may be compromised, but *principles never*. In the contest now going on between the *money power* and *popular liberty*, it will be found as heretofore a zealous, and we hope, an efficient advocate of the rights of the people. It will advocate *free trade* and the *rights of labor*, and oppose the union of *Bank and State*, as not less corrupting than the union of *Church and State*. It supports the present Administration, and will continue to do so as long as the Government is administered on sound Republican and State-Rights doctrines.

All personal and irreligious matter will be carefully excluded from the columns of "The Republican."

Our paper is published in the midst of constant personal controversy: so fast we are writing weekly the subject of *personal assault*.

We hope those to whom this is sent will make some effort to procure subscribers. Our terms are Three Dollars per annum.

☞ We do not expect a profit of *one dollar* beyond the support of the press.

GEORGE HOUSTON, Sen.
Editor and Proprietor.
