

Salisbury Female Academy.

The Trustees of the Salisbury Female Academy

INFORM the public, that this Institution will be re-opened on Monday, the 14th of October next. It is their intention to place this Seminary on a permanent and respectable basis; and no care will be wanting on their part, to render it, in every respect, worthy of the confidence of the friends of education, morality and religion, who seek for their daughters a place where intellectual and moral culture combined, will prepare them to occupy with usefulness and dignity, the sphere to which they may be called.

They are now making all suitable efforts to secure fit Teachers, a Gentleman and Lady of high qualifications. Meanwhile, they have engaged Miss **EMMA J. BAKER**, a young lady, in whose literary qualifications and capacity for such a situation, they have perfect confidence; and who has hitherto taught music in this, and other Seminaries, with entire satisfaction. As soon as the other Teachers are obtained, Miss Baker will again devote herself exclusively to the musical department.

Moffat's Vegetable Life Pills and Phenix Bitters.

The universal estimation in which the celebrated *Life Pill* and *Phenix Bitter* are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union, and by the voluntary testimonial to their remarkable efficacy which are every where offered. It is one more strongly gratifying evidence that they are the means of extensive and inestimable good among the afflicted fellow-creatures, than from interested considerations, that the Proprietor of these predominantly successful medicines deserves of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health; for in no case of suffering from disease can they be taken in vain.

The Proprietor has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma, nervous debility, serpentine swellings and ulcers, scurvy, salt rheum and all other chronic afflictions of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and conges, which, if neglected, superinduce the most fatal diseases of the lungs, and indeed the severest in general, these medicines, if taken but for three or four days, never fail. Taken right, they so promote the insensible perspiration, and so relieve the system of febrile action and febrile obstructions, as to produce a most delightful sense of convalescence in the morning; and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bedtime will almost invariably effect permanent relief, without further aid. Their effect upon fevers is more acute and violent kind is not less sure and speedy if taken in proportionate quantity; and persons retiring to bed with inflammatory symptoms of the most alarming kind, will yield—the former to small and the latter to large doses of the *Life Pill*; and so also hysterical affections, hypochondriacal, restlessness, and very many other varieties of the Neurotic class of diseases, yield to the efficacy of the *Phenix Bitters*. Full directions for the use of these medicines, and showing their distinctive applicability to different complaints, accompany them; and they can be obtained, wholesale and retail, at 375 Broadway, where numerous certificates of their unparalleled success are always open to inspection.

For additional particulars of the above medicines, see Moffat's "Good Samaritan," a copy of which accompanies the medicines; a copy may also be obtained of the different Agents who have the medicines for sale.

French, German, and Spanish directions can be obtained on application at the office, 375 Broadway. All post paid letters will receive immediate attention. Sold wholesale and retail by William B. Moffat, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents—The Life Medicines may also be had of the principal Druggists in every town throughout the United States and the Canadas. Ask for Moffat's *Life Pill* and *Phenix Bitters*; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of bitters, or box of pills.

The above Medicines may be had of Messrs. Cress & Boger, in this Town, who are Agents for the same.

Others who have emigrated to that rich and promising portion of our country—men who went out full of hope, and confident of winning a competence from the insurance of the soil; or who carried to the emigrants of our settlements the mercantile or mechanical experience won in the crowded cities and towns of the older States, have either returned with shattered constitutions and depressed spirits, or they remain in their new homes, dragging out a weary life; at last, to sink under some disease to which they are predisposed by that terror of the West, the Fever and Ague. Their hopes are blasted—their business energies destroyed—their El Dorado become a desert, and the word, made to the ear, is broken to the hope.

To those individuals, Mr. Moffat would say—"Try the *Life Medicines*, and you will yet anticipate your most sanguine expectations, for they will certainly restore you to health."

Fever and Ague is a complaint which requires to be met at its first approach, and combated at every stage. Seldom fatal of itself, it reduces the strength, and impairs the functions of the organs, so that upon the manifestation of disease, Nature is unable, unassisted, to resist the inroad. The Life Medicines, when taken strictly according to directions will cure it, and give to the weak and trembling victim of disease, new health, life, and strength.

To meet the particular of the mode of treatment, the reader is referred to the *Good Samaritan*, a copy of which accompanies the medicine. A copy may be obtained of the different agents who have the medicine for sale.

French, German, and Spanish directions can be obtained on application at the office, 375 Broadway. All post paid letters will receive immediate attention.

Sold wholesale and retail by William B. Moffat, 375 Broadway, N. Y. A liberal deduction made to those who purchase to sell again.

Agents—The Life Medicines may also be had of the principal Druggists in every town throughout the United States and the Canadas. Ask for Moffat's *Life Pill* and *Phenix Bitters*; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of bitters, or box of pills.

The above Medicines may be had of Messrs. Cress & Boger, in this Town, who are Agents for the same.

NEW PROSPECTUS

OF THE REPUBLICAN.

"The *REPUBLICAN*" has been published in Washington, North Carolina, for six months, and will be continued so long as sufficient patronage is received to defray the expenses of its publication. It has now upwards of four hundred subscribers, and it is believed that if those friends to whom this Prospectus is sent will make a little exertion, the number may be doubled. For the support of our paper, we are compelled to rely almost entirely upon our subscription list, as the advertising patronage is almost exclusively in the hands of the Whigs; and they cherish towards our press the better hostility.

It is important that a Republican press should be sustained at this place. It is peculiarly important to the Republican party of this Congressional District. This town is about the centre of the District. The importance of the press may safely be inferred from the malignant and bitter persecution we have received from the Whigs for our effort to establish it. It is important to the whole Republican party of North Carolina; that this press should be sustained. There is no other Republican paper published in a circuit of 50 miles; and if we except the Tarboro' Press, there is none within 75 miles. There is no Republican paper published in the Newbern District. We are thankful to our friends in that District for the aid we have already received in extending our circulation; and hope they will help us still farther.

The name of our paper indicates its character. It is a warm advocate of the old fashioned doctrines as set forth in the Virginia and Kentucky Resolutions of 1799. It is the *upholding foe of monopoly*. It wages no half-way opposition, but "war to the knife and the knife to the hilt." We will not compromise on this point: interests may be compromised, but principles never. In the contest now going on between the money power and popular liberty, it will be found as heretofore a zealous and we hope, an efficient advocate of the rights of the people. It will advocate free-trade and the rights of labor, and oppose the union of Bank and State, and not less corrupting that the union of Church and State. It supports the present Administration, and will continue to do so as long as the Government is administered on sound Republican and State Rights doctrines.

All sectarian and religious writing will be carefully excluded from the columns of "The Republican."

Our paper is published in the midst of constant personal danger: in fact we are almost weekly the subject of personal assault.

We hope to whom this is sent will make some effort to procure subscribers. Our terms are Three Dollars per annum.

O. T. We do not expect a profit of one dollar beyond the support of the press.

GEORGE HOUSTON, Sen.

Editor and Proprietor.
